Word To America Dr. Desmond Mattocks, 2015-01-05 If only we the people of America could understand that the American Revolution was only a mere political upheaval compared to the moral war we now face We are divided in morals and ethics more than in culture wherein truth is more an option than a necessity Ever since time began the most celebrated nations have been those that have abridged the exorbitant chasm between morality and secularism between feelings and principles righteousness and unrighteousness America appears to have joined the infamous tradition of derelict and ungodly nations that have surrendered their integrity for power and wealth like ancient Babylon In this *The Last Word to America* the intent is to paint a living portrait of the ways in which America has abandoned divine counsel how Washington significant events and personalities have shaped personal experience It explores music and the perverse arts through which philosophers are damaging our young people and the families of America are sullied **Outlines of a Critical Theory of Ethics** John
