The One-Minute Presentation Keith Schreiter,Tom "Big Al" Schreiter,2019-12-05 Where do I start What do I say I don't want to sound like a salesman How can I relax my prospects When we are untrained giving presentations can be difficult We don't know the real questions in the

minds of our prospects We don't know what triggers a yes or no decision Many times we don't even know where to start Our fascination with information holds us back We can't see the big picture because we are drowning in facts And what actually is the big picture It is simply this Does the prospect want to join our business or not But what would happen if we changed our entire business presentation model First we learn to get presentation appointments with almost 100% of the people we talk to Next we learn to give our entire business presentation in less than one minute If we could do this how do we think our prospects will feel Thrilled When we can give our entire business presentation in less than one minute many good things happen We save time not only for ourselves but for our prospect That makes two people happy Plus this gives us the flexibility to give our presentation anywhere at any time in any circumstances And finally all the sales tension disappears from our prospects when they know our presentation will take only one minute Learn to make your business grow with this efficient focused business presentation technique Scroll up and order your copy now [One Minute Bible for Starters](#)
