Personalisation Helen Sanderson,Jaimee Lewis,2012 This is the comprehensive guide to delivering personalisation in health and social care using person centred approaches It covers what personalisation and person centred approaches are the different elements involved and how to carry it out with all those receiving care and support from people with disabilities to people at the end of life **A Practical Guide to Happiness in Adults on the Autism Spectrum** Victoria

Honeybourne,2019-02-21 Breaking away from neurotypical ideals of happiness this book offers simple techniques and

exercises to help adults on the spectrum combat negative thoughts and improve their mental health Practical and engaging it tackles communication skills self awareness workplace coping strategies and more with a refreshing positive psychology approach The British National Bibliography Arthur James Wells,1994 Building an Independent Speech and Language Therapy Practice Diana McQueen,Jo Williams,2024-04-04 Set against the context of a changing professional landscape this book examines the journey of the authors Jo and Diana as they transitioned from working in the National Health Service NHS to setting up an independent practice following redundancy Highlighting both the benefits and challenges the authors outline the steps they took to move from survival mode and crisis management to a position of stability and success This book provides readers with a wealth of practical advice helping them to avoid pitfalls and seize opportunities with confidence when establishing their own independent practice It also touches on the fall out from redundancy pertinent to any job anywhere Chapters explore a variety of topics including but not limited to The national context implications for setting up an independent practice and business models Practical considerations financial management contracts governance technology creating a team and models of clinical service delivery Assessing success and identifying areas for improvement measuring impact troubleshooting and looking to the future Written in an entertaining yet informative manner with the voices of other experienced professionals drawn on throughout in the form of personal stories and specialist contributions this book is essential reading for speech and language therapists and others considering going down the independent route **An Insider's Guide to Building a Successful Consulting Practice** Bruce L. KATCHER Ph.D.,2010-03-15 Whether you re a beginner just starting up a consulting practice or a veteran looking for ways to invigorate your existing business An Insider s Guide to Building a Successful Consulting Practice is an invaluable resource Featuring real stories from consultants in diverse industries the book offers simple yet powerful ways to Identify a market and narrow your focus Make a smooth transition from employee to independent consultant Sell effectively even if you ve never sold before Establish visibility through speaking writing and networking Build credibility by leveraging the credibility of others Set prices based on value Develop a marketing strategy and divide your time between marketing and delivering your services Keep plenty of work in your pipeline Adapt and thrive in any market condition And much more Complete with the results of an original survey of 200 successful independent consultants this handy guide provides the kind of real life advice you need to build a thriving business **Bargain for Profit. A Practical Guide to Bid for Power** ,1998 **A Practical Guide to Paying off Your Mortgage Early** Lien Luu,Sukanlaya Sawang,2024-10-22 Owning a property is a dream for many people and borrowing from banks is often essential to achieve this However having a mortgage can cause real anxiety because of the latent fear of losing our home if we cannot keep up with mortgage payments Traditionally homeowners repay their debt over 25 years but high house prices have made it necessary to increase the term up to 40 years to make monthly payments affordable Spreading the debt over a longer period of time not only means that borrowers have to pay more interest but they are also exposed to other risks

such as potential interest rate rises and changes in personal circumstances affecting their mortgage eligibility These can lead to financial worries financial stress and reduced well being There are few practical guides available to show borrowers how to manage their mortgage debt more effectively and how to repay their mortgage quickly so that they are debt free This book seeks to empower consumers young and old by providing a roadmap to help borrowers achieve financial security through planning for the future insuring their income and setting up an emergency fund It also outlines simple strategies for an early repayment of debt including paying off the capital making extra payments and monitoring their mortgage debt In doing so it aims to help readers improve their general well being enhance their financial security reduce their financial worries and eliminate their mortgage insomnia

The Independent William Livingston, 1920

Becoming an Independent Security Consultant Michael A. Silva, CPP, CSC, 101-01-01 The demand for security consulting services is at an all time high Organizations of all types face unprecedented challenges in dealing with workplace violence internal and external theft robbery and crimes of all varieties These organizations need help in dealing with these

challenges and are reaching out to independent security consultants to assist them Operating an independent security consulting practice can be a profitable and rewarding business for those with the right skills Many people retiring from law enforcement military or security careers would like to enter the security consulting profession but don't know how These people have extensive skills in security and loss prevention but don't know how to translate these skills into a successful security consulting practice While they have some idea about the type of services that they would like to provide they have no idea of how to go about selling these services what to charge for them or how to run a profitable security consulting business It is for these people that this book was written Within this book Michael A Silva an independent security consultant with over thirty years of experience provides practical how to advice on how to start and run a successful security consulting practice Pulling no punches Michael tells what it takes to be a successful security consultant and explains why so many new security consultants fail within the first eighteen months Chapters in this book include Chapter 1 What is an Independent Security Consultant Chapter 2 A Week in the Life of a Security Consultant Chapter 3 The Skills needed to be Successful Chapter 4 Planning Your Consulting Practice Chapter 5 Determining What and How to Charge Chapter 6 Selling Security Consulting Services Chapter 7 Proposal Writing for the Security Consultant Chapter 8 Selling to Government Agencies Chapter 9 Selling to Architects and Engineers Chapter 10 Security Consulting Services That Sell Chapter 11 Creating a Business Plan Chapter 12 Taking the Plunge Chapter 13 Taking Your Practice to the Next Level Chapter 14 Continuing Education Chapter 15 Avoiding Pitfalls and Common Mistakes This book is crammed with practical tips based on the actual day to day experiences of a working security consultant Within this book Michael tells you what works and more importantly what doesn't work This book is specifically written for the person starting a one person security consulting practice and answers questions such as What types of skills do I need to be successful What types of licenses and certifications do I need What should I name my business Do I need a website What types of insurance do I need Should I rent an office or work out of my home How much should I charge How do I sell my services and get consulting jobs How do I write a proposal What consulting services should I offer How much money do I need to get started What steps should I take before I quit my present job Can I start my consulting practice part time while I'm still working How do I grow my practice and take it to the next level What are some common mistakes made by new consultants and how can I avoid them About The Author Michael A Silva is an independent security consultant that has over forty years of security industry experience Michael founded Silva Consultants his independent security consulting and design firm in 1985 In late 2001 Michael suspended the operations of Silva Consultants to accept a position with Kroll the world's largest security and risk consulting company From 2001 to 2006 he managed Kroll's security consulting and engineering practice in Seattle and was responsible for projects throughout Washington Oregon California and Nevada In 2007 Michael resigned his position with Kroll and resumed the operations of Silva Consultants

Fraud Risk Management Catherine Turner, 2007-12-19 This book provides a user friendly guide to

current and emerging issues in fraud both internal to the company and external. It explains the terminology used and sets out the chief risks which management accountants need to be aware of. It then sets out a practical framework for the management and mitigation of fraud risk. This is followed up by an explanation of what to do in the event of concerns that a fraud has been perpetrated, is underway or is being attempted. The book also guides the reader through the process of dealing with the law enforcement authorities in the event of an investigation. The book is for all those accountants who are not professionals in risk management or investigation procedures but who need to be aware of the issues many of which will impact on their area of responsibility; it therefore aims to give them a user friendly manual to the issue of fraud risk. In addition, the book will provide a valuable update on emerging trends in the fraud environment. The author is a financial services and regulatory consultant with extensive experience in fraud risk management. She is also Manager Corporate Governance for an international life company and an examiner and moderator who lectures and writes extensively on a wide range of compliance and financial services matters. The book is in three sections: Section 1: What is fraud? What are the emerging trends in fraud at present? Section 2: What risks may you encounter in your business and what fraud management systems should you have in place? Section 3: Post event fraud management: what to do when your concerns are aroused that a fraud has taken place or is being attempted. The book makes accountants aware of different types of fraud risk, explains practical issues including post fraud event management. The author, a financial and regulatory consultant, offers her extensive experience in fraud risk management.

Adult-Gerontology Practice Guidelines Jill C. Cash, 2023-02-13 Praise for the First Edition

Because of the way it is organized, this book meets the needs of both novice and experienced advance practice nurses. Each chapter defines the problem, how often it occurs, and what leads to the problem. To aid in assessment, the book includes the physical examination landmarks as well as diagnostic tests that might be needed. A plan of care is offered with several different alternatives for treatment, and then notes what type of follow up is needed. This would be a great resource for anyone working in the field of geriatrics. Score 92 4 Stars Doody's Reviews. This hands-on text and clinical reference, used by thousands of NP students and practitioners alike, delivers national practice guidelines and professional standards of care to help clinicians deliver optimal primary care to adult and older adult patients. The new third edition, featuring the expert input of two renowned Adult Gerontology practitioners, updates all chapters, teaching guides, and illustrative charts, and provides new charts to enhance readability. Fresh content includes information on Sjogren's syndrome, reactive arthritis, elder abuse, LGBTQ health, concussion assessment, joint pain, bursitis, and fractures, peripheral neuropathy, and perimenopause/menopause. The third edition also includes the updated Beers Criteria and covers COVID-19 treatment and vaccines. Ideal for quick reference and as a study guide, the text presents the most up-to-date guidelines in a consistent, easy-to-read bulleted format. Conveniently organized by body system, it features detailed content on the physical examination and diagnostic testing, information on health promotion, guidelines of care, dietary information, common procedures, national patient resources, and

popular Client Teaching Guides available in print and digital format that serve as both patient handouts and concise study tools Clinical points throughout the text highlight critical practice considerations The book with its great breadth and depth of information will be a welcome companion for NP students as they transition to professional practice and beyond New to the Third Edition Completely updated content including patient teaching guides and charts New charts added to enhance comprehension Coverage of Sjogren s syndrome reactive arthritis elder abuse LGBTQ health concussion assessment joint pain bursitis and fractures peripheral neuropathy and perimenopause menopause Latest guidelines on COVID 19 treatment and vaccines Updated Beers Criteria Current CDC recommendations on vaccines and cancer screening Key Features Offers consistent guidelines for over 275 disorders Presents practice guidelines organized by body system Lists disorders alphabetically for easy access Highlights key considerations for practice Delivers individual care considerations for adult geriatric and pregnant patients Provides Client Teaching Guides serving as both take home teaching supplements for patients and a concise study tool for students

Managing Business Risk Jonathan Reuvid, 2012-12-03 Effective risk management the identification assessment and prioritization of risks is a vital consideration when looking to safeguard your company s commercial future and deal with the latest regulatory requirements Managing Business Risk will enable your company to maintain controls on risks that may threaten your business while at the same time delivering transparent reporting to your stakeholders The book examines the key areas of risk in today s competitive and complex business market Drawing on expert advice from leading risk consultants lawyers and regulatory authorities it shows you how to protect your business against a rising tide of business risks If you don t build risk controls into the structure of your company from the boardroom down then your business could be vulnerable to a number of threats both internal and external Identify and neutralise them now and give your company a competitive advantage
