Left Out Kimberley Reynolds, 2016-07-21 Left Out presents an alternative and corrective history of writing for children in the first half of the twentieth century Between 1910 and 1949 a number of British publishers writers and illustrators included children's literature in their efforts to make Britain a progressive egalitarian and modern society Some came from privileged backgrounds others from the poorest parts of the poorest cities in the land some belonged to the metropolitan intelligentsia or bohemia others were working class autodidacts but all sought to use writing for children and young people to create activists visionaries and leaders among the rising generation Together they produced a significant number of both politically and aesthetically radical publications for children and young people This radical children's literature was designed to ignite and underpin the work of making a new Britain for a new kind of Briton While there are many dedicated studies of children's literature and children's writers working in other periods the years 1910-1949 have previously received little critical attention In this study Kimberley Reynolds shows that the accepted characterisation of

Grenby,2014-04-14 Provides a

thorough history of British and North American children's literature from the 17th century to the present day. Now fully revised and updated, this new edition includes a new chapter on illustrated and picture books and includes 8 illustrations, an expanded glossary, and an updated further reading section. *Children's Literature* traces the development of the main genres of children's books one by one, including fables, fantasy, adventure stories, moral tales, family stories, school stories, children's poetry, and illustrated and picture books. Grenby shows how these forms have evolved over 300 years and asks why most children's books even today continue to fall into one or other of these generic categories. Combining detailed analysis of particular key texts and a broad survey of hundreds of books written and illustrated for children, this volume considers both long forgotten and still famous titles as well as the new classics of the genre, all of them loved by children and adults alike but also fascinating and challenging for the critic and cultural historian. **Key Features** Broad historical range Coverage of neglected as well as well known texts Focus on the main genres of children's literature Thoroughly up to date in terms of primary texts and critical material

World in My Eyes Richard Blade, 2017-10-31 Richard Blade's autobiography is much more than a spotlight on any one decade. Instead, he gives you a jaw-dropping, uncensored insider's look into the world of music, movies, and television and its biggest stars, starting in the sixties and continuing through to the new century. Richard takes you on a journey that few have experienced, from his early days as a student at Oxford to the wild, lascivious nights of being a disco DJ, touring the clubs of Europe to coming to America and working with Michael Jackson, Barbra Streisand, and Sarah Jessica Parker, and finally breaking through into the L.A. radio scene and becoming the number one morning drive personality in California. From his TV and radio shows to his feature films and live gigs, Richard shares stories that have until now remained secret. His unique perspective will take you on the road with Depeche Mode to Australia, with Spandau Ballet into the recording studio with Morrissey, and onto the main stage at Live Aid with Duran Duran. He opens up about his friendships with Michael Hutchence and George Michael, as well as his passionate love affair with Terri Nunn of Berlin. This is a no-holds-barred look at life, sex, and death, set to a pulsing backbeat of music. For the first time, Richard Blade shares his extraordinary story, allowing us to see the world

through his eyes Conversations with Maurice Sendak Peter C. Kunze, 2016-08-10 Maurice Sendak 1928-2012 stands out as one of the most respected influential authors of the twentieth century Though primarily known as a children's book writer and illustrator he did not limit himself to these areas He saw himself first and foremost as an artist In this collection of interviews Sendak presents himself as a writer, illustrator, set designer, and librettist From his early work with Randall Jarrell and Ruth Krauss through his later work with Tony Kushner and Spike Jonze Sendak worked as a collaborator with a passion for the arts The interviews here, many of which are hard to find or previously unpublished, span from 1966 through 2011 They show not only Sendak's shifting artistic interests but also changes in how he understood himself and his craft What emerges is a portrait of an author and an artist who was alternately solemn and playful, congenial and irascible, sophisticated and populist The man who showed millions of children and adults alike what's cooking in the night kitchen and where the wild things are Sendak remains an American original who redefined the picture book and changed children's literature and its readers forever
