Place Of Shelter New American Fiction Series:

The Railroad in American Fiction Grant Burns, 2015-01-28 Nothing better represented the early spirit of American expansion than the railroad. Dominant in daily life as well as in the popular imagination, the railroad appealed strongly to creative writers. For many years, fiction of railroad life and travel was plentiful and varied. As the nineteenth century receded, the railroad's allure faded as did railroad fiction. Today it is hard to sense what the railroad once meant to Americans. The fiction of the railroad, often by railroaders themselves, recaptures that sense and provides valuable insights on American cultural history. This extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in which the railroad is important. Each entry includes plot and character description to help the reader make an informed decision on the source's merit. A detailed introduction discusses the history of railroad fiction and highlights common themes such as strikes, hoboes, and the roles of women and African Americans. Such writers of pure railroad fiction as Harry Bedwell, Frank Packard, and Cy Warman are well represented along with such literary artists as Mark Twain, Thomas Wolfe, Flannery O'Connor, and Ellen Glasgow. Work by minority writers including Jean Toomer, Richard Wright, Frank Chin, and Toni Morrison also receives close attention. An appendix organizes entries by decade of publication, and the work is indexed by subject and title.

American Fiction Novels of the Nineties. Brian Stewart, These are some wonderful juvenile-oriented fiction books reminding us just how great books in the 90s. You will enjoy these stories.

The Columbia Guide to Contemporary African American Fiction Darryl Dickson-Carr, 2005-12-06 In both the literal and metaphorical senses, it seemed as if 1970s America was running out of gas. The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned. High unemployment, runaway inflation, and the energy crisis caused in part by U.S. dependence on Arab oil characterized an increasingly bleak economic situation. As Edward D. Berkowitz demonstrates, the end of the postwar economic boom, Watergate, and defeat in Vietnam led to an unraveling of the national consensus. During the decade, ideas about the United States, how it should be governed, and how its economy should be managed changed dramatically. Berkowitz argues that the postwar faith in sweeping social programs and a global U.S. mission was replaced by a more skeptical attitude about government's ability to positively affect society. From Woody Allen to Watergate, from the decline of the steel industry to the rise of Bill Gates and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers, Berkowitz captures the history, tone, and spirit of the seventies. He explores the decade's major political events and movements, including the rise and fall of détente, congressional reform, changes in healthcare policies, and the hostage crisis in Iran. The seventies also gave birth to several social movements and the rights revolution in which women, gays, and lesbians and people with disabilities all successfully fought for greater legal and social recognition. At the same time, reaction to these social movements, as well as the issue of abortion, introduced a new facet into American political life. The rise of powerful politically conservative religious organizations and activists, Berkowitz also

considers important shifts in American popular culture recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster He discusses how television programs such as *All in the Family* and *Charlie's Angels* offered Americans both a reflection of and an escape from the problems gripping the country

Major Characters in American Fiction Jack Salzman, Pamela Wilkinson, 2014-09-23 Major Characters in American Fiction is the perfect

Death of a Nation David W. Noble, 2002 In the 1940s American thought experienced a cataclysmic paradigm shift Before then national ideology was shaped by American exceptionalism and bourgeois nationalism elites saw themselves as the children of a homogeneous nation standing outside the history and culture of the Old World This view repressed the cultures of those who did not fit the elite vision people of color Catholics Jews and immigrants David W Noble a preeminent figure in American studies inherited this ideology However like many who entered the field in the 1940s he rejected the ideals of his intellectual predecessors and sought a new multicultural postnational scholarship Throughout his career Noble has examined this rupture in American intellectual life In *Death of a Nation* he presents the culmination of decades of thought in a sweeping treatise on the shaping of contemporary American studies and an eloquent summation of his distinguished career Exploring the roots of American exceptionalism Noble demonstrates that it was a doomed ideology Capitalists who believed in a bounded nationalism also depended on a boundless international marketplace This contradiction was inherently unstable and the belief in a unified national landscape exploded in World War II The rupture provided an opening for alternative narratives as class ethnicity race and region were reclaimed as part of the nation's history Noble traces the effects of this shift among scholars and artists and shows how even today they struggle to imagine an alternative post national narrative and seek the meaning of local and national cultures in an increasingly transnational world While Noble illustrates the challenges that the paradigm shift created he also suggests solutions that will help scholars avoid romanticized and reductive approaches toward the study of American culture in the future

Twentieth-Century American Fiction on Screen R. Barton Palmer, 2007-02-22 The essays in this collection analyse major film adaptations of twentieth century American fiction from F Scott Fitzgerald's *The Last Tycoon* to Toni Morrison's *Beloved* During the century films based on American literature came to play a central role in the history of the American cinema Combining cinematic and literary approaches this volume explores the adaptation process from conception through production and reception The contributors explore the ways political and historical contexts have shaped

the transfer from book to screen and the new perspectives that films bring to literary works In particular they examine how the twentieth century literary modes of realism modernism and postmodernism have influenced the forms of modern cinema Written in a lively and accessible style the book includes production stills and full filmographies Together with its companion volume on nineteenth century fiction the volume offers a comprehensive account of the rich tradition of American literature on screen

The Cambridge Companion to Twenty-First Century American Fiction Joshua Miller, 2021-09-23 Reading lists course syllabi and prizes include the phrase 21st century American literature but no critical consensus exists regarding when the period began which works typify it how to conceptualize its aesthetic priorities and where its geographical boundaries lie Considerable criticism has been published on this extraordinary era but little programmatic analysis has assessed comprehensively the literary and critical theoretical output to help readers navigate the labyrinth of critical pathways In addition to ensuring broad coverage of many essential texts The Cambridge Companion to 21st Century American Fiction offers state of the field analyses of contemporary narrative studies that set the terms of current and future research and teaching Individual chapters illuminate critical engagements with emergent genres and concepts including flash fiction speculative fiction digital fiction alternative temporalities Afro futurism ecocriticism transgender queer studies anti carceral fiction precarity and post 9 11 fiction

Contemporary American Fiction in the European Classroom Laurence W. Mazzeno, Sue Norton, 2022-04-06 This book offers insight into the ways students enrolled in European classrooms in higher education come to understand American experience through its literary fiction which for decades has been a key component of English department offerings and American Studies curricula across the continent and in Great Britain and Ireland The essays provide an understanding of how post World War II American writers some already elevated to canonical status and some not are represented in European university classrooms and why they have been chosen for inclusion in coursework The book will be of interest to scholars and teachers of American literature and American studies and to students in American literature and American studies courses

Hyperobject Reading, Scale Variance, and American Fiction in the Anthropocene Chingshun J. Sheu, 2023-03-25 This book proposes a model of reading called hyperobject reading that bridges the Anthropocene scale variance between humans and humanity by focusing on the large scale problems and phenomena themselves Hyperobject reading draws on narratology and reader response theory as well as newer developments such as the postcritical turn and object oriented ontology The theoretical introduction sets out the building blocks of hyperobject reading Chapter 2 intervenes in critical disability studies and debates about the ecosomatic paradigm Chapter 3 intervenes in debates about technological evolution analogue vs digital subjectivity and affect theory and Chapter 4 intervenes in debates about autofiction contemporary metafiction and the position and role of the narrator in first person narratives where the narrator and protagonist can be distinguished The analytical conclusion sketches the conceptual anatomy of the hyperobject and three possible responses No part of the Earth today is free from human influence but literary

success suggests effective real world strategies

American Literature in Transition, 1950-1960 Steven Belletto, 2017-12-28 American Literature in Transition 1950-1960 explores the under recognized complexity and variety of 1950s American literature by focalizing discussions through a series of keywords and formats that encourage readers to draw fresh connections among literary form and concepts institutions cultures and social phenomena important to the decade The first section draws attention to the relationship between literature and cultural phenomena that were new to the 1950s The second section demonstrates the range of subject positions important in the 1950s but still not

visible in many accounts of the era The third section explores key literary schools or movements associated with the decade and explains how and why they developed at this particular cultural moment The final section focuses on specific forms or genres that grew to special prominence during the 1950s Taken together the chapters in the four sections not only encourage us to rethink familiar texts and figures in new lights but they also propose new archives for future study of the decade

Female Performers in British and American Fiction Barbara Straumann, 2018-05-22 The female performer with a public voice constitutes a remarkably vibrant theme in British and American narratives of the long nineteenth century The tension between fictional female performers and other textual voices can be seen to refigure the cultural debate over the voice of women in aesthetically complex ways By focusing on singers actresses preachers and speakers this book traces and explores an important tradition of feminine articulation Drawing on critical approaches in literary studies gender studies and philosophy the book conceptualizes voice for the discussion of narrative texts Examining voice both as a thematic concern and as an aesthetic

effect the individual chapters analyse how the actual articulation by female performers correlates with their cultural visibility and agency What this study foregrounds is how women characters succeed in making themselves heard even if their voices are silenced in the end A Sense of Place Daniel A. Kriesberg,1999-03-15 Celebrating nearby nature and the marvels of our own backyards this book helps you introduce children to the world around them With quality children s literature and simple activities you can cultivate a child s sense of wonder and joy and teach him or her the importance of living in harmony with nature These projects span the curriculum and are presented in reproducible format so they re easy to use Highlighting the five senses sight sound smell taste touch they build connections between students and the land and create in young learners a sense of place a true necessity for living in the world today Grades K 6 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1979 *From Wall Street to Main Street* Judith Schulz,2016-11-16 Since the financial crisis cannot be explained by looking at the numbers alone Judith Schulz investigates the diverse facets of the economic system including the emotional response and motivations of the actors It is precisely in this context that fiction can fill in the gaps in the understanding of the financial crisis and its cultural context Schulz analyses works of Don DeLillo Jess Walter and Martha McPhee to explore the complex and multifaceted interaction between culture and the economy These authors shed light on the impact of neoliberal economic policies and create a dialogue on the highly controversial questions related to the financial crisis They point to the contradictions and paradoxes within American culture and show that there is a need to renegotiate issues of national identity and the American Dream
