Politics Of Chaos Canada In The Thirties:

The Politics of Chaos H. Blair Neatby, 1972-01-01 The Politics of Chaos H. Blair Neatby, 2003-09-01 This book describes the variety of responses to the problems of the Great Depression and helps clarify some of the social issues prevalent in the 1930s

Federalism in Canada Thomas O. Hueglin, 2021-04-07 Federalism in Canada tells the turbulent story of shared sovereignty and divided governance from Confederation to the present time with three main objectives in mind The first objective is to convince readers that federalism is the primary animating force in Canadian politics and that it is therefore worth engaging with its complex nature and dynamic The second objective is to bring into closer focus the contested concepts about the meaning and operation of federalism that are at the root of the divide between English Canada and Quebec in particular The third objective is to give recognition to the trajectory of Canada's Indigenous peoples in the context of Canadian federalism from years of abusive neglect to belated efforts of inclusion The book focuses on the constitution with its ambiguous allocation of divided powers the pivotal role of the courts in balancing these powers and the political leaders whose interactions oscillate between intergovernmental conflict and cooperation This focus on executive leadership and judicial supervision is framed by considerations of Canada's regionalized political economy and cultural diversity giving students a compelling and nuanced view of federalism in Canada

A History of Migration from Germany to Canada, 1850-1939 Jonathan Wagner, 2011-11-01 Human migration figures prominently in modern world history and has played a pivotal role in shaping the Canadian national state Yet while much has been written about Canada's multicultural heritage little attention has been paid to German migrants although they compose Canada's third largest European ethnic minority A History of Migration from Germany to Canada 1850-1939 addresses that gap in the record Jonathan Wagner considers why Germans left their home country why they chose to settle in Canada who assisted their passage and how they crossed the ocean to their new home as well as how the Canadian government perceived and solicited them as immigrants He examines the German context as closely as developments in Canada offering a new more complete approach to German Canadian immigration This book will appeal to students of German Canadiana as well as to those interested in Canadian ethnic history and European and modern international migration

According to Baba Stacey Zembrzycki, 2014-03-05 As a child Stacey Zembrzycki listened to her baba's stories about Sudbury's small but polarized Ukrainian community and about what it was like growing up ethnic during the Depression According to Baba discloses with honesty and respect what happened when Stacey tried to capture the community's experiences through oral history research Baba looms large in the narrative wrestling authority in the interview process away from her granddaughter and then eventually coming to share it Together the two women lay the groundwork not only for an insightful and deeply personal social history of Sudbury's Ukrainian community but also for truly collaborative oral history research and writing

Revivalists Kevin Kee, 2006-06-26 In Canada the latter half of the nineteenth century marked a profound break with the

settler past and the beginning of an age of commercialization Kevin Kee shows how Protestant evangelists used theatre film and jazz to make religion personally relevant to their audiences **Revivalists** Kevin Bradley Kee,2006 How prominent Canadian revivalists used commerce and entertainment to advance their Christian causes *Transforming the Prairies* Shannon Stunden Bower,2024-11-01 Transforming the Prairies proposes a new understanding of Canada s Prairie Farm Rehabilitation Administration PFRA complicating common views of the agency as a model of effective government environmental management Between 1935 and 2009 the PFRA promoted agricultural rehabilitation in and beyond the Canadian Prairies with mixed and equivocal results The promotion of strip farming as a soil conservation technique for example left crops susceptible to sawfly infestations The PFRA s involvement in irrigation development in Ghana increased the local population s vulnerability to various illnesses And PFRA infrastructure construction intended to serve the public good failed to account for the interests of affected Indigenous peoples The PFRA is revealed as being a high modernist state agency that produced varied environmental outcomes and that contributed to consolidating colonialism and racism This investigation affirms the importance of engaging historical perspectives to help ensure that contemporary environmental management efforts support more just and sustainable futures **Canada 2015-2016** Wayne C. Thompson,2015-05-14 This is an annually updated presentation of Canada past and present The contents in this volume are organized into sections dealing with Canada s culture Geography people history from New France to the constitutional debates in the late 20th century political system including the constitution monarchy parliament legal and court system federalism and the provinces provincial governments parties and elections defense economy the future and a comprehensive bibliography The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 30th edition the content is thorough yet perfect for a one semester introductory course or general library reference Available in both print and e book formats and priced low to fit student and library budgets **Rise to Greatness, Volume 1: Colony (1000-1867)** Conrad Black,2017-03-07 Masterful ambitious and groundbreaking this is a major new history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a revealing groundbreaking account of the people and events that shaped a nation The first of three volumes spanning from the year 1000 to 1867 and beginning with Canada s first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada s role in the world taking on sweeping themes and vividly recounting the story of Canada s development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country s history is

a riveting tour de force by one of the best writers writing today
