Roman Historians:

The Roman Historians Ronald Mellor, 1999 Ronald Mellor demonstrates that Roman historical writing was regarded by its authors as a literary not a scholarly exercise and how it must be evaluated in that context **The Historians of Ancient Rome** Ronald Mellor, 2012 The Historians of Ancient Rome is the most comprehensive collection of ancient sources for Roman history available in a single English volume After a general introduction on Roman historical writing extensive passages from more than a dozen Greek and Roman historians and biographers trace the history of Rome over more than a thousand years from the city's foundation by Romulus in 753 B C E Livy to Constantine's edict of toleration for Christianity 313 C E Selections include many of the high points of Rome's climb to world domination the defeat of Hannibal the conquest of Greece and the eastern Mediterranean the defeat of the Catilinarian conspirators Caesar's conquest of Gaul Antony and Cleopatra the establishment of the Empire by Caesar Augustus and the Roman Peace under Hadrian and long excerpts from Tacitus record the horrors of the reigns of Tiberius and Nero The book is intended both for undergraduate courses in Roman history and for the general reader interested in approaching the Romans through the original historical sources Hence excerpts of Polybius Livy and Tacitus are extensive enough to be read with pleasure as an exciting narrative Now in its third edition changes to this thoroughly revised volume include a new timeline translations of several key inscriptions such as the Twelve Tables and additional readings This is a book which no student of Roman history should be without Latin

Historians Christina Shuttleworth Kraus, A. J. Woodman, 1997-07-03 The histories of Rome by Sallust Livy Tacitus and others shared the desire to demonstrate their practical applications and attempted to define the significance of the empire Politics and military activity were the central subjects of these histories Roman historians claims to telling the truth probably meant they were denying bias rather than conforming to the modern tendency to be objective **The Historians of Ancient Rome** Ronald Mellor, 2012-11-12 The Historians of Ancient Rome is the most comprehensive collection of ancient sources for Roman history available in a single English volume with extensive passages from more than a dozen Greek and Roman historians and biographers tracing the history of Rome over more than a thousand years from the city's foundation by Romulus in 753 B C E Livy to Constantine's edict of toleration for Christianity 313 C E **The Greek and Roman Historians** Tim Duff, 2003-06-27 This volume traces the development of conceptions of history and its practice from Homer to the writers of the Roman Empire It serves as an introduction to the great historians of the ancient world and contains sections on Herodotos Thucydides Xenophon Polybios Sallust Livy Velleius Tacitus Suetonius Plutarch Arrian and Dio as well as on some other historians whose work now survives only in fragments Brief analyses of the events which form the background to each historian's work set the writers in their historical context Each section is self contained and may be read on its own but specific attention is paid to links between the different historians and the ways in which they were influenced by or competed with one another **BOOK JACKET** The Roman Historians Ronald Mellor, 2002-01-31 The Romans devotion

to their past pervades almost every aspect of their culture But the clearest image of how the Romans wished to interpret their past is found in their historical writings This book examines in detail the major Roman historians Sallust Livy Tacitus Ammianus as well as the biographies written by Nepos Tacitus Suetonius the Augustan History the autobiographies of Julius Caesar and the Emperor Augustus Ronald Mellor demonstrates that Roman historical writing was regarded by its authors as a literary not a scholarly exercise and how it must be evaluated in that context He shows that history writing reflected the political structures of ancient Rome under the different regimes

Some Minor Roman Historians W. den

Boer,2023-08-21 Reading History in the Roman Empire Mario Baumann,Vasileios Liotsakis,2022-01-19 Although the relationship of Greco Roman historians with their readerships has attracted much scholarly attention classicists principally focus on individual historians while there has been no collective work on the matter The editors of this volume aspire to fill this gap and gather papers which offer an overall view of the Greco Roman readership and of its interaction with ancient historians The authors of this book endeavor to define the physiognomy of the audience of history in the Roman Era both by exploring the narrative arrangement of ancient historical prose and by using sources in which Greco Roman intellectuals address the issue of the readership of history Ancient historians shaped their accounts taking into consideration their readers tastes and this is evident on many different levels such as the way a historian fashions his authorial image addresses his readers or uses certain compositional strategies to elicit the readers affective and cognitive responses to his messages The papers of this volume analyze these narrative aspects and contextualize them within their socio political environment in order to reveal the ways ancient readerships interacted with and affected Greco Roman historical prose

The Roman Historians Louis Eleazer Lord,1927 *The Fragments of the Roman Historians* Tim Cornell,2013

This title is a definitive and comprehensive edition of the fragmentary texts of all the Roman historians whose works are lost Historical writing was an important part of the literary culture of ancient Rome and its best known exponents including Sallust Livy Tacitus and Suetonius provide much of our knowledge of Roman history However these authors constitute only a small minority of the Romans who wrote historical works from around 200 BC to AD 250 In this period we know of more than 100 writers of history biography and memoirs whose works no longer survive for us to read They include well known figures such as Cato the Elder Sulla Cicero and the emperors Augustus Tiberius Claudius Hadrian and Septimius Severus Page 4 of cover
