Rommels Desert Army:

Desert Fox Samuel W. Mitcham, 2019-03-12 Just who was Erwin Rommel War hero or war criminal Hitler flunky or man of integrity Military genius or just lucky Now bestselling military historian Samuel W Mitcham Jr gets to the heart of the mysterious figure respected and even admired by the people of the Allied nations he fought against Mitcham recounts Rommel's improbable and meteoric military career his epic battles in North Africa and his fraught relationship with Hitler and the Nazi Party Desert Fox The Storied Military Career of Erwin Rommel reveals How Rommel's victories in North Africa were sabotaged by Hitler's incompetent interference How Rommel burned orders telling him to commit war crimes Why it wouldn't have helped Patton if he really had read Rommel's book How Rommel was responsible for the Germans defense against the D Day landing Why the plot to overthrow Hitler was fatally compromised when Rommel was gravely injured in an Allied attack The reason Rommel agreed to commit suicide after his part in the plot was discovered by Hitler Mitcham's gripping account of Rommel's life takes you through the amazing adventure of the World War II battles in North Africa Again and again Rommel outfoxed the Allies until the war of attrition and Hitler's blunders doomed the Axis cause Illustrated with dozens of historical photos this illuminating biography paints a fascinating and tragic picture of the man known as the Desert Fox

Rommel's Desert Army Martin Windrow, 1976-06-15 The desert war produced commanders of dash and originality on both sides and the memory of the German commanding general Erwin Rommel has endured as the epitome of skill daring and soldierly integrity His victories in World War II were brilliant until he was bested by poor health lack of reinforcements and an opposing commander who was his equal The contribution of his various troops is detailed in a full order of battle which includes his veteran Afrika Korps and Italian allies and their uniforms are shown in full color artwork *Rommel's Desert War* Martin Kitchen, 2009-09-03 At the height of his power in January 1941 Hitler made the fateful decision to send troops to North Africa to save the beleaguered Italian army from defeat Martin Kitchen's masterful history of the Axis campaign provides a fundamental reassessment of the key battles of 1941 3 Rommel's generalship and the campaign's place within the broader strategic context of the war He shows that the British were initially helpless against the operational brilliance of Rommel's Panzer divisions However Rommel's initial successes and refusal to follow orders committed the Axis to a campaign well beyond their means Without the reinforcements or supplies he needed to deliver a knockout blow Rommel was forced onto the defensive and Hitler's Mediterranean strategy began to unravel The result was the loss of an entire army which together with defeat at Stalingrad signalled a decisive shift in the course of the war **Rommel: Desert Fox**

Desmond Young, 1987-02-18 Early in 1941 the famed British Eighth Army was on the route to victory in North Africa Just a few months later this same army was on the verge of total defeat as the Germans had won victory after victory and were threatening to overrun Egypt and the Middle East Here is the classic biography of the man who masterminded this great turnabout Field Marshal Erwin Rommel commander of the German Afrika Korps The man who burned Hitler's order to

execute British raiders and who gave Allied prisoners the same food and medical treatment as his German troops The tough general who personally conducted reconnaissance under fire in an open car while his tank commanders hid in armored turrets The author of this book Brigadier General Desmond Young fought against Rommel in North Africa was captured by him and after his release at the end of the war visited Rommel's family and talked with many of his fellow officers Thus he is able to tell us about intrigues that went on in the German High Command during the war he is able to give a blow by blow description of such decisive battles as Tobruk and El Alamein and he is able to give personal anecdotes about Rommel and to sort out the facts from the legends that have sprung up around this extraordinary general **Rommel's Lieutenants**

Samuel W. Mitcham Jr.,2006-11-30 Perhaps the most famous soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox He is also one of the most admired Rommel's first field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book will surely remedy that oversight During the Desert Fox campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks and destroyed dozens of others in each category It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more on the ground and captured 12 more It destroyed the French 1st Armored Division and the 4th North African Division punched through the Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born Rommel's Army in the Desert Alistair

Smith,2013-02-19 When German General Rommel and the lead elements of what would become the Afrika Korps landed in Libya in February 1941 nobody could have foreseen the legendary status they would achieve Sent to support the faltering Italians they were eventually able to drive the Allies to the very gates of Egypt Fighting over hostile and rugged terrain often outnumbered and outgunned they were only finally undone by their defeat at El Alamein and Allied landings to their rear This collection of photographs is taken from the albums of three members of the vaunted Afrika Korps For the first time the daily reality of the North African campaign can be seen from the German point of view With numerous photographs of vehicles and

men at work this collection paints a portrait of the rugged and dangerous conditions as well as the harsh and brutal nature of desert warfare

With Rommel in the Desert David Mitchelhill-Green, 2017-04-30 This WWII pictorial history illustrates Nazi Germany's North African campaign showing life under Rommel through vivid wartime photographs Prior to the outbreak of World War II the German Army had focused exclusively on preparations needed to wage war in continental Europe The threat of an Italian collapse in North Africa in early 1941 however prompted Hitler to aid his ally by sending an armored blocking force to Libya Not content to merely thwart the British from capturing Tripoli Lieutenant General Erwin Rommel harried his inexperienced expeditionary force eastward towards the Nile Delta With *Rommel in the Desert* presents a pictorial narrative of the unfolding conflict from the arrival of the Deutsches Afrikakorps until Rommel's departure from the battlefield in March 1943 These rare wartime photographs show daily life in the desert war with its shifting fortunes and unique challenges Primarily viewed from the perspective of ordinary combatants this is their personal record of serving with Rommel in the desert

Rommel's Desert Commanders Samuel W. Mitcham Jr., 2007-02-28 Perhaps the most famous and admired soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox Rommel's first field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 During this campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more aircraft on the ground and captured 12 additional planes It destroyed the French 1st Armored Division and the 4th North African Division punched through the Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Colonel Erich von Unger who would no doubt have become a general had he not been killed in action while commanding a motorized rifle brigade on the Eastern Front in 1941 as well as Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book remedies that deficiency

Rommel's Greatest Victory Samuel Mitcham, 2017-07-17 From the moment he first came under fire Brigadier Desmond Young wrote later he stood out as the

perfect fighting animal cold cunning ruthless untiring quick of decision and incredibly brave A fellow officer commented later He was the body and soul of war Johannes Erwin Eugen Rommel the man who was to become known as the Desert Fox was born in Swabia a former Württemberg district on 15 November 1891 In 1910 he enlisted as a soldier in the German army joining the 124th 6th Württemberg Infantry Regiment at Stuttgart This news was received badly by his father head of a working class family with no military tradition who was acutely aware that ranks were mostly dominated by Prussian aristocrats Previous trends suggested that the most Rommel could hope for were a modest pension and a low rank Yet by 1911 Rommel was becoming an officer and was noticed for his conscientiousness and commitment to rank He had also met and fallen in love with Lucie Maria a woman who he would remain loyal to for the rest of his life His military life was however unremarkable at this point and whilst it was apparent he took his position seriously his private life appeared boring He was an old fashioned soldier Yet when fighting in Belgium and France a relentless and astonishing streak emerged in Rommel He was an exceptional leader who would go on to become as a notorious and highly decorated officer in World War I rising to the rank of senior German Army officer in World War II and receiving the Pour le Mérite award following fighting on the Italian front Still celebrated in Germany today Rommel's life ended abruptly when he was forced to commit suicide by Nazi emissaries in exchange for his family's immunity after being accused of formulating a plot to kill Hitler a man he had initially admired but later turned against Samuel Mitcham Jr tells the fascinating story of one of Germany's most popular Generals and his capture of Tobruk revealing a tactical and extraordinary military career marked by dedication hardship glory betrayal and vicious Nazi politics Praise for Rommel's Greatest Victory This is an extremely well written readable book Mitcham ably describes events leading to the Tobruk garrison's capitulation on the morning of 22 June 1942 Mitcham's balanced treatment of both combatants describes a closely run battle for each side Military Review This well researched and well written volume will delight World War II and Desert War enthusiasts but readers not well versed in the North African conflict will find it an excellent introduction to that campaign and to the man who has come to symbolize it Newport News Daily Press Rommel's Greatest Victory sheds new light on the Battle of Tobruk and combines this with new scholarship on the way Rommel conducted the campaign Mitcham has given readers an excellent and well balanced account of one of the most pivotal battles of World War II Stars and Stripes Dr Samuel W Mitcham Jr was born in 1949 in Louisiana He is a former U S Army helicopter pilot and noted historian of World War II who has written extensively on the Wehrmacht and Nazi Germany He gained a doctorate from the University of Tennessee and is the author of over 30 military volumes including Retreat to the Reich Why Hitler Rommel's Desert War Rommel's Last Battle Hitler's Field Marshals and Their Battles Eagles of the Third Reich and German Defeat in the East Rommel as Military Commander Ronald Lewin, 1968 **Rommel, the Desert Fox** Desmond Young, 1950 The fabulous true story written by a wartime enemy of the late Field Marshal reveals the life and adventures and strange death of a man who has become one of the most fascinating legends of this time **Rommel's Greatest Victory**

Mitcham, 1998 The Desert Fox Erwin Rommel was the foremost strategist and tactician of his generation and his defeat of the British forces at the important Libyan port of Tobruk in spring 1942 was the crown jewel of his military campaigns a victory so stunning it forced a vote of confidence in the Churchill government Mitcham Jr history Hendersonville State U chronicles Rommel's march to Tobruk noting the leader's ability to discern the best places and times to strike He includes several maps and bandw photos Annotation copyrighted by Book News Inc Portland OR

South Africans versus Rommel David Brock Katz, 2017-11-15 After bitter debate South Africa a dominion of the British Empire at the time declared war on Germany five days after the invasion of Poland in September 1939 Thrust by the British into the campaign against Erwin Rommel's German Afrika Korps in North Africa the South Africans fought a see saw war of defeats followed by successes culminating in the Battle of El Alamein where South African soldiers made a significant contribution to halting the Desert Fox's advance into Egypt This is the story of an army

committed somewhat reluctantly to a war it didn't fully support ill prepared for the battles it was tasked with fighting and sent into action on the orders of its senior alliance partner At its heart however this is the story of men at war

Rommel's Desert Campaigns, February 1941-September 1942: A Study In Operational Level Weakness [Illustrated Edition] Major Donald E. Kirkland, 2014-08-15 Includes the War in North Africa Illustration Pack 112 photos illustrations and 21 maps This study is a historical analysis to determine why Rommel's tactical success on the battlefield could not accomplish strategic objectives in North Africa Rommel's operations are reviewed from his arrival in North Africa in February 1941 through his last offensive to destroy the British Eighth Army at Alamein in August September 1942 The study compares his ability to conduct tactical operations with his apparent inability to plan and execute actions at the operational level of war Rommel's problems with operational planning are addressed within the scope of campaign planning principles set forth in FM 100-5 Operations Final Draft His planning is expressly judged on how he shaped his operational plans by using the concepts of aims resources constraints and restrictions to conform to strategic guidance Rommel's tactical execution is contrasted with his operational performance This comparison is based on the AirLand Battle tenets of agility initiative depth and synchronization The study concludes that Rommel's failure lies in planning operations that exceeded his resources and conducting needless operations that resulted in the loss of the initiative at the decisive point Rommel's plans exceeded the strategic objectives desired by the theater strategists His execution was ultimately defeated by his quest for tactical victories without regard to how they contributed to achieving campaign objectives Rommel's weakness at the operational level led to failure to sequence tactical victories to achieve campaign goals This failure illustrates the importance of understanding how operational art orchestrates tactical activities to achieve strategic objectives within a theater of operations

Montgomery vs Rommel at El Alamein 1942 Zita Ballinger Fletcher, 2025-04-28 Explores the complex rivalry between Generals Montgomery and Rommel in North Africa highlighting their contrasting strategies and personal traits In 1942 following a decisive British victory at the Second Battle of El Alamein the sands of fortune were shifting against German forces in the Sahara Field Marshal Erwin Rommel's inexorable advance toward Cairo was thwarted Church bells pealed in embattled England for the first time since the start of World War II as Winston Churchill hailed the end of the beginning But the elusive Desert Fox was a master of mobility Even as the sun set on his desert glory he was far from finished British Gen Bernard Montgomery victor of El Alamein was at then the highest point of his career He had overcome many adversities to meet his moment of military destiny galvanized a flagging army and smashed the proud German troops with a blow he would be proud of for the rest of his life But Monty found his own fortunes changing as he pursued the Desert Fox Hamstrung by a distended supply line Monty was now vulnerable to attack by the vengeful Rommel The British troops flush with victory grew fearful as they approached an eerie dune wasteland in Libya known as El Alamein One setback would be enough to cast their laurels into the dust and shatter their faith in their rising commander Both generals faced each other with uncertainty as another

fight loomed on the horizon One false move could have far reaching political consequences The outcome of the battle would answer a critical question who would hold the gateway to Egypt This compelling book tells the story of Monty and Rommel battling in North Africa as never before describing them as two very different commanders and shedding light on the dissimilar characteristics that made them formidable fighters It argues that Monty was more aggressive than many historians give him credit for and that Rommel had more of a conscience than is often attributed to him examining the origins of his disloyalty to Hitler This riveting read draws attention to a little known battle with great implications on the course of World War II history also describing the powerful external forces of politics media coverage and the desert itself that swirled around two famous generals forced to duel on uneven footing *Patton, Montgomery, Rommel* Terry Brighton, 2009-11-03

In *Patton Montgomery Rommel* one of Britain's most accomplished military scholars presents an unprecedented study of the land war in the North African and European theaters as well as their chief commanders three men who also happened to be the most compelling dramatis personae of World War II Beyond spellbinding depictions of pivotal confrontations at El Alamein Monte Cassino and the Ardennes forest author scholar Terry Brighton illuminates the personal motivations and historical events that propelled the three men's careers how Patton's Montgomery's and Rommel's Great War experiences helped to mold their style of command and how exactly they managed to apply their arguably megalomaniacal personalities and hitherto unrecognized political acumen and tact to advance their careers and strategic vision Opening new avenues of inquiry into the lives and careers of three men widely profiled by scholars and popular historians alike Brighton definitively answers numerous lingering and controversial questions Was Patton really as vainglorious in real life as he was portrayed to be on the silver screen and how did his tireless advocacy of mechanized cavalry forever change the face of war Was Monty's dogged publicity seeking driven by his own need for recognition or by his desire to claim for Britain a leadership role in postwar global order and how did this prickly commoner manage to earn affection and esteem from enlisted men and nobility alike How might the war have ended if Rommel had had more tanks and what fundamental philosophical difference between him and Hitler made such an outcome virtually impossible Abetted by new primary source material and animated by Terry Brighton's incomparable storytelling gifts *Patton Montgomery Rommel* offers critical new interpretations of the Second World War as it was experienced by its three most flamboyant controversial and influential commanders and augments our understanding of each of their perceptions of war and leadership **Afrikakorps Soldier 1941-43** Pier Paolo

Battistelli, 2013-02-20 This book explores the experiences of the German Afrikakorps soldier during the North Africa campaign from the Korps arrival in theatre in February 1941 to its eventual surrender in Tunisia in May 1943 with a particular focus on the intense period of warfare in the Western Desert between 1941 and 1942 Under the leadership of one of the war's most famous commanders Erwin Rommel the Afrikakorps grew to include a broad range of armour infantry artillery anti tank engineer communications supply medical and service elements The soldiers of the Afrikakorps considered

themselves as part of an elite a highly select group that had no equal not only in the German Army but in the rest of the world
