Legal Secrets Kim Lane Scheppele, 1988 Does the seller of a house have to tell the buyer that the water is turned off twelve hours a day Does the buyer of a great quantity of tobacco have to inform the seller that the military blockade of the local port which had depressed tobacco sales and lowered prices is about to end Courts say yes in the first case no in the second How can we understand the difference in judgments And what does it say about whether the psychiatrist should disclose to his patient's girlfriend that the patient wants to kill her Kim Lane Scheppele answers the question Which secrets are legal secrets and what makes them so She challenges the economic theory of law which argues that judges decide cases in ways that maximize efficiency and she shows that judges use equality as an important principle in their decisions In the course of thinking about secrets Scheppele also explores broader questions about judicial reasoning how judges find meaning in legal texts and how they infuse every fact summary with the values of their legal culture Finally the specific insights about secrecy are shown to be consistent with a general moral theory of law that indicates what the content of law should be if the law is to be legitimate a theory that sees legal justification as the opportunity to attract consent This is more than a book about secrets It is also a book about the limits of an economic view of law Ultimately it is a work in constructive legal theory one that draws on moral philosophy sociology economics and political theory to develop a new view of legal interpretation and legal morality

E. Slights, 1994-12-15 Secrets accomplish their cultural work by distinguishing the knowable from the at least temporarily unknowable those who know from those who don't Within these distinctions resides an enormous power that Ben Jonson 1572-1637 both deplored and exploited in his art of making plays Conspiracies and intrigues are the driving force of Jonson's dramatic universe Focusing on *Sejanus His Fall* *Volpone* or the Fox *Epicoene* or the Silent Woman *The Alchemist* *Catiline His Conspiracy* and *Bartholomew Fair* William Slights places Jonson within the context of the secrecy ridden culture of the court of King James I and provides illuminating readings of his best known plays Slights draws on the sociology of secrecy the history of censorship and the theory of hermeneutics to investigate secrecy intrigue and conspiracy as aspects of Jonsonian dramatic form contemporary court city church politics and textual interpretation He argues that the tension between concealment and revelation in the plays affords a model for the poise that sustained Jonson in the intricately linked worlds of royal court and commercial theatre and that made him a pivotal figure in the cultural history of early modern England Equally rejecting the position that Jonson was a renegade subverter of the *arcana imperii* and that he was a thorough going court apologist Slights finds that the playwright redraws the lines between private and public discourse for his own and subsequent ages *Jane Austen and Philosophy* Mimi Marinucci, 2016-11-15 Generations of readers have fallen in love with Jane Austen's timeless tales of eighteenth century English life Even casual readers comprehend that these classic novels are not just love stories They offer keen insights into various aspects of the human condition such as interpersonal relationships social conventions and morality *Jane Austen and Philosophy* offers all fans of Austen's work an introduction to the incredible depth of this English novelist's stories by probing for example the struggles of Elizabeth and Jane Bennett Emma Woodhouse and Elinor and Marianne Dashwood as they face societal pressures and their own desires As the second book in the new Great Authors and Philosophy series *Jane Austen and Philosophy* explores questions about morality and duty propriety and dignity and obligation and happiness that sheds new light on the works of this classic author and reveals deep issues still relevant to the men and women of society today Contributions by Charles Bane Vittorio Bufacchi Nancy Marck Cantwell Eva Dadlez Kathleen Dougherty Keith Dromm Suzie Gibson Richard Gilmore A G Holdier Christopher Ketcham David LaRocca William Lindenmuth Rita Oliveira Elizabeth Olson Janelle P tzsch Amanda Riter Charles Taliaferro Sally Winkle and Andrea Zanin *Chinese Concepts of Privacy* Bonnie S.
