The Secret Key to Heaven Thomas Brooks, Secret duties are the most soul enriching duties writes Brooks in this treatise on private prayer Look as secret meals make fat bodies so secret duties make fat souls And as secret trades brings in great earthly riches so secret prayers makes many rich in spiritual blessings and in heavenly riches Private prayer is that secret key of heaven which unlocks all the treasures of glory to the soul The best riches and the sweetest mercies God usually gives to His people when they are in their closets upon their knees All the graces of the saints are enlivened and nourished and strengthened by the sweet secret influences which their souls fall under when they are in their closet communion with God Certainly there are none so rich in gracious experiences as those who are most exercised in closet duties As the tender dew which falls in the silent night makes the grass and herbs and flowers to flourish and grow more abundantly than great showers of rain which fall in the day so secret prayer will more abundantly cause the sweet herbs of grace and holiness to grow and flourish in the soul than all those more open public and visible duties of religion which too too often are mingled and mixed with the sun and wind of pride and hypocrisy
