**Retail Depositor and Retail Investor Protection under EU Law** Constantinos Tokatlides, 2017-02-10 Retail Depositor and Retail Investor Protection under EU Law offers an original perspective on EU financial law in the area of retail investor protection examining the status of protection awarded by EU law to retail depositors and retail investors in the event of financial institution failure The analysis of relevant EU law is on the basis of effectiveness and has been elaborated in two levels of comparison The first comparative approach examines relevant EU law both externally and internally externally vis vis relevant international initiatives and developments in the area of financial law as the latter affect the features and evolution of EU law and internally by examining relevant instruments of EU law with regard to each other as to their normative structure and content The second comparative approach also examines the status of retail depositors in relation to that of retail investors under EU law in the event of financial institution failure and the relevant legal consequences thereof

*Switching Primary Federal Regulators: Is it Beneficial for U. S. Banks?* Richard J. Rosen, 2008-08 Examines the impact of switching primary federal regulators on banks return and risk using data from 1977 to 2001 Return increases and risk changes minimally for banks that switch regulators from 1992 to 2003 while there is no

significant change in either return or risk for banks switching earlier The improved performance at banks switching between 1992 and 2003 is evidence for beneficial competition among regulators and the absence of an increase in risk throughout the sample period is inconsistent with a race for the bottom among regulators Tables and graphs
