CHARACTERS: HUMAN AND NON-HUMAN Beth Daniels,2018-03-27 The best stories grow from who characters are from what they have experienced in the past and what they will need to deal with in the future In fiction these characters might be human but they might be something other than human No matter what they are they need to act according to the needs of the story and that means they need to be convincingly real to the reader After all even if there is a mystery to be solved folks to be rescued or protected treasure to be searched out a villain to be overcome or love to be found it is your character or characters who need to do the work They need to be prepared for the job You need to build them to fit the requirements And those requirements aren t just for insuring that they save the day they are about the things that haunt them color the choices they make or stand off from making based on past experiences This is about portraying characters as though they are real people with real problems foibles hopes and dreams Even if they are demons

West and the "Yellow Rose of Texas" Myth**

Phillip Thomas Tucker, 2014-02-13

For the first time, the true story of The Yellow Rose of Texas is told in full, revealing a host of new insights and perspectives on one of America's most popular stories. For generations, the Yellow Rose of Texas has been one of America's most popular western myths, growing larger over time and little resembling the truth of what happened on April 21, 1836, at the battle of San Jacinto, where a new Texas Republic won its independence. The woman who has been popularly connected to the story was an ordinary but also quite remarkable free black woman from the North, Emily D. West. This work reconstructs her experience, places it in full context, and explores the evolution of a most fanciful myth.
