Bad Fathers, Wicked Stepmothers, Cannibalistic Witches, and Amorous Princes Robert White, 2025-03-10 Psychoanalysis has been interested in fairy tales and myths from the very beginning In the interpretation of dreams Freud felt he had found the royal road to the unconscious and that he could find in myths and fairy tales the same eternal truths about the unconscious The myth of Oedipus could be considered the founding myth of psychoanalysis Freud soon turned to the study of fairy tales which he thought in conjunction with German romanticism could be equated with primary process and the unconscious The fairy tale was equated with the dream This was a golden age of interest in fairy tales among the earlier

Freudians In addition Freud formed an alliance with Jung who had an independent interest in myth Jung maintained the centrality of inherited psychic structures which he called archetypes Consequently the Jungians have remained much more interested in myth and fairy tale than the Freudians While fairy tales have remained popular in current culture in fictional retellings movies cartoons and opera there has been no modern extended psychoanalytic interpretation of fairy tales Psychoanalytic theory has broadened considerably in the last decades to include ideas about gender sexuality race social conflict and disorganized personality than the traditional Freudian focus on Oedipal development This new book aims to add meaning that captures the deeper traumatic nature of human life The author examines the multiple variations of myths and tales both within a nationality and across nationalities The literary version that has become canon was the one version of the tale that was written down By looking at the variations we can get a better sense of the multiple meanings possible The other road to meaning is modern rewriting of the tales which when well done adds to new layers to the tales The book also looks at examples of fantasy a more modern novelistic treatment of fairy tale themes

Modernism, Romance and the Fin de Siècle Nicholas Daly, 2000-02-10 In *Modernism Romance and the Fin de Siècle* Nicholas Daly explores the popular fiction of the romance revival of the late Victorian and Edwardian years focusing on the work of such authors as Bram Stoker H Rider Haggard and Arthur Conan Doyle Rather than treating these stories as Victorian Gothic Daly locates them as part of a popular modernism Drawing on work in cultural studies this book argues that the vampires mummies and treasure hunts of these adventure narratives provided a form of narrative theory of cultural change at a time when Britain was trying to accommodate the new imperialism the rise of professionalism and the expansion of consumerist culture Daly's wide ranging study argues that the presence of a genre such as romance within modernism should force a questioning of the usual distinction between high and popular culture

analysing radical accounts of desire gender and sexuality *What Does It Mean to 'Make' Love?* Gérard Pommier, 2024-10-25 *What Does It Mean to Make Love* shows how the choice of gender does not conform to anatomy and is based on an often unrecognised psychic bisexuality Everyone chooses a gender by repressing another gender which becomes the site of both an attraction and a conflict a war of the sexes the contingencies of which animate desire G rard Pommier explores phantasy desire and perversion and their role in sexual machinery before considering the question of orgasm Pommier s work demonstrates that the analysis of orgasm brings out a political dimension and that aspects of both social and personal life are illuminated by the study of how we think consciously and unconsciously about orgasm and the role we ascribe to it This book makes valuable contributions to the study of sexuality and will be of interest to all psychoanalysts and students of psychoanalysis as well as those in the fields of gender studies anthropology and psychology *Cinema and the Second Sex* Carrie Tarr, Brigitte Rollet, 2016-10-06 Women s filmmaking in France has been a source of both delight and despair On the one hand the numbers are impressive over 250 feature length films were made by over 100 women directors in France in the 1980s and 1990s On the other hand despite the heritage of French feminism French women directors characteristically disclaim their gender as a significant factor in their filmmaking This incisive study provides an informative critical guide to this major body of work exploring the boundaries between personal films intimate psychological dramas relating to key stages in life and genre films which demonstrate women s ability to appropriate and rework popular genres It analyzes the effects of postfeminism women s desire to enter the mainstream and the impact of a new generation of filmmakers enabling readers to take stock of the wealth and diversity of women s contribution to French cinema during the 1980s and 1990s **No Kids or Dogs Allowed** Jane Gentry, 2012-07-16 What s a Daughter To Do Cara Fairchild thought her mother needed a man And since Elizabeth was so young and beautiful Cara knew that any man in his right mind would be happy to have her So how in the world had her mother settled on Steve Riker father of Melody Cara s archenemy Melody Riker felt her father had been alone too long What he needed was the love of a good woman And since her father was young attractive and successful any woman in her right mind would be thrilled to have him Unfortunately the one woman able to capture his fancy was Elizabeth Fairchild mother of her nemesis Cara Fairchild **Rethinking Race in Modern Argentina** Paulina Alberto, Eduardo Elena, 2016-03-21 This book reconsiders the relationship between race and nation in Argentina during the twentieth and twenty first centuries and places Argentina firmly in dialog with the literature on race and nation in Latin America from where it has long been excluded or marginalized for being a white European exception in a mixed race region The contributors based both in North America and Argentina hail from the fields of history anthropology and literary and cultural studies Their essays collectively destabilize widespread certainties about Argentina showing that whiteness in that country has more in common with practices and ideologies of Mestizaje and racial democracy elsewhere in the region than has typically been acknowledged The essays also situate Argentina within the well established literature on race nation

and whiteness in world regions beyond Latin America particularly other European settler societies The collection thus contributes to rethinking race for other global contexts as well *Gender and Action Films 1980-2000* Steven Gerrard, Renée Middlemost, 2022-11-24 *Gender and Action Films 1980 2000* offers insights into the intertwined concepts of gender and action and how their portrayal developed in the Action Movie genre during the final two decades of the twentieth century A necessity for academics students and lovers of film and media and those interested in gender studies **Classics: A Very Short Introduction** Mary Beard, John Henderson, 2000-02-24 Explores the relationship between the contemporary world and the ancient one **Classics** Mary Beard, John Henderson, 2000-02-24 This Very Short Introduction to Classics links a haunting temple on a lonely mountainside to the glory of ancient Greece and the grandeur of Rome and to Classics within modern culture from Jefferson and Byron to Asterix and Ben Hur We are all Classicists we come into touch with the Classics daily in our culture politics medicine architecture language and literature What are the true roots of these influences however and how do our interpretations of these aspects of the Classics differ from their original reception This introduction to the Classics begins with a visit to the British Museum to view the frieze which once decorated the Apollo Temple at Bassae Through these sculptures John Henderson and Mary Beard prompt us to consider the significance of Classics as a means of discovery and enquiry its value in terms of literature philosophy and culture and its importance as a source of imagery ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable
