limited resources thus encouraging them to unleash a particularly brutal offensive against the peoples of Asia and surrounding ocean islands Their 1931 to 1945 invasions and policies further added to Asia's pre war woes particularly in China by badly disrupting marginal economies leading to famines and epidemics Altogether the victims of Japan's World War Two aggression took many forms and were massive in number Gruhl offers a survey and synthesis of the historical literature and documentation statistical data as well as personal interviews and first hand accounts to provide a comprehensive overview analysis The sequence of diplomatic and military events leading to Pearl Harbor as well as those leading to the U S decision to drop the atom bomb are explored here as well as Japan's war crimes and postwar revisionist apologist views regarding them This book will be of intense interest to Asian specialists and those concerned with human rights issues in a historical context

Midnight in the Pacific Joseph Wheelan, 2024-09-24 A sweeping narrative history of America's first major offensive of WWII the brutal campaign to take Japanese occupied Guadalcanal From August to November of 1942 US Marines sailors and pilots struggled against an implacable enemy Japanese soldiers inculcated with the bushido tradition of death before dishonor The glittering prize was the strategically decisive Henderson Airfield The bitter slugfest dragged on with heavy losses on both sides More American sailors died in these battles than in all previous US wars Each side lost twenty four warships and the air war claimed more than 500 US planes Meanwhile starving Japanese soldiers called it the island of death In the end American Marines sailors and airmen had finally halted the Japanese juggernaut that had whirled through Asia and the Pacific for five years Guadalcanal was America's first major ground victory against Japan and most importantly the Pacific War's turning point Drawing on vivid accounts written by the combatants along with Marine Corps and Army archives and oral histories Midnight in the Pacific is both a sweeping narrative and a compelling drama of individual Marines soldiers and sailors caught in the crosshairs of history

The Summer Grasses James D. Abts, 2009-09-21 Grady Bauscher journeys back in time to find what happened to his brother who was missing in action in the battle of Bataan He plumbs the memories of old soldiers who spin conflicting stories of courage and cowardice but the truth eludes him until it is revealed in a record of treachery and deceit that lay hidden for half a century The Summer Grasses is rich in unvarnished historical detail but more than a war story it is also a tale of remembrance a recapitulation of Grady's life in which Sumi re Sumida guides him to a reconciliation with the past

The Struggle for Order Evelyn Goh, 2013-08-15 How has world order changed since the Cold War ended Do we live in an age of American empire or is global power shifting to the East with the rise of China Arguing that existing ideas about balance of power and power transition are inadequate this book gives an innovative reinterpretation of the changing nature of U S power focused on the order transition in East Asia Hegemonic power is based on both coercion and consent and hegemony is crucially underpinned by shared norms and values Thus hegemons must constantly legitimize their unequal power to other states In periods of strategic change the most important political dynamics centre on this bargaining process conceived here as the negotiation of a social compact This book studies

the re negotiation of this consensual compact between the U S China and other states in post Cold War East Asia It analyses institutional bargains to constrain and justify power attempts to re define the relationship between a regional community and the global economic order the evolution of great power authority in regional conflict management and the salience of competing justice claims in memory disputes It finds that U S hegemony has been established in East Asia after the Cold War mainly because of the complicity of key regional states But the new social compact also makes room for rising powers and satisfies smaller states insecurities The book controversially proposes that the East Asian order is multi tiered and hierarchical led by the U S but incorporating China Japan and other states in the layers below it **Daily Summary of**
