See And Do Childrens Vincent Van Gogh:

Vincent Van Gogh Ceciel de Bie, Martijn Leenen, 2001 Beautifully designed and illustrated with drawings photographs and reproductions of works of art the See and Do books offer children an ideal and engaging way to explore the lives of these great artists and the works that made them famous A biographical sketch of Van Gogh with fascinating anecdotes and descriptions of how life was lived in his time brings this painter to life while glimpses into his studio combined with simple and clear explanations of how his paintings were created offer young readers a thorough understanding of the working life of this artists Moreover the See and Do books directly engage children in the act of learning by asking questions about the paintings content and style and suggesting activities that will help them truly understand how a painter makes a painting For ages nine to twelve Van Gogh and the Post-Impressionists for Kids Carol Sabbeth, 2011 A collection of artwork for children by Vincent van Gogh and other French artists **Early Childhood Themes Using Art Masterpieces** Sandra Fisher, 2001-10 **Children's Culture and the Avant-Garde** Marilyn Strasser Olson, 2013-03-05 This volume explores the mutual influences between children's literature and the avant garde Olson places particular focus on fin de siècle Paris where the Avant garde was not unified in thought and there was room for modernism to overlap with children's literature and culture in the Golden Age The ideas explored by artists such as Florence Upton Henri Rousseau Sir William Nicholson Paula Modersohn Becker and Marc Chagall had been disseminated widely in cultural productions for children their work in turn influenced children's culture These artists turned to children's culture as a new way of seeing allied to a contemporary interest in international artistic styles Children's culture also has strong ties to decadence and to the grotesque the latter of which became a distinctively Modernist vision This book visits the qualities of the era that were defined as uniquely childlike the relation of childhood to high and low art and the relation of children's literature to fin de siècle artistic trends Topics of interest include the use of non European figures the Golliwogg approaches to religion and pedagogy to oppression and motherhood to Nature in a post Darwinian world and to vision in art and life Olson's unique focus covers new ground by concentrating not simply on children's literature but on how childhood experiences and culture figure in art *Van Gogh in Popular Culture* Lynnette Porter, 2015-12-11 Vincent van Gogh continues to fascinate more than a century after his death in 1890 Yet how much of what is commonly known about this world renowned artist is accurate Though he left thousands of works and a trove of letters the definitive Van Gogh remains elusive Was he a madman who painted his greatest pieces in a passionate fury or a lifelong student of art literature and science who carefully planned each composition Was he a loner dedicated only to his craft or an active collaborator with his contemporaries Why is he best known for self mutilation and *The Starry Night* This book has biographers scriptwriters lyricists actors museum curators and tour guides among others presenting diverse interpretations of his life and work creating a mythic persona that may in fact help us in the search for the real Van Gogh *Supporting Children with EAL in the Early Years* Judith Harries, 2020-12-16 This book aims to equip early
