**Floating in the Deep End: How Caregivers Can See Beyond Alzheimer's** Patti Davis, 2021-09-28 With the heartfelt prose of a loving daughter Patti Davis provides a life raft for the caregivers of Alzheimer's patients For the decade of my father's illness I felt as if I was floating in the deep end tossed by waves carried by currents but not drowning writes Patti Davis in this searingly honest and deeply moving account of the challenges involved in taking care of someone stricken with Alzheimer's When her father the fortieth president of the United States announced his Alzheimer's diagnosis in an address to the American public in 1994 the world had not yet begun speaking about this cruel mysterious disease Yet overnight Ronald Reagan and his immediate family became the face of Alzheimer's and Davis once content to keep her family at arm's length quickly moved across the country to be present during the journey that would take him into the sunset of his life Empowered by all she learned from caring for her father about the nature of the illness but also about the loss of a parent Davis founded a support group for the family members and friends of Alzheimer's patients Along with a medically trained cofacilitator she met with hundreds of exhausted and devastated attendees to talk through their pain and confusion While Davis was aware that her own circumstances were uniquely fortunate she knew there were universal truths about dementia and even surprising gifts to be found in a long goodbye With *Floating in the Deep End* Davis draws on a welter of experiences to provide a singular account of battling Alzheimer's Eloquently woven with personal anecdotes and helpful advice tailored specifically for the overlooked caregiver this essential guide covers every potential stage of the disease from the initial diagnosis through the ultimate passing and beyond Including such tips as how to keep a loved one hygienic and careful responses for when they drift to a time gone by Davis always stresses the emotional milestones that come with slow burning grief Along the way Davis shares how her own fractured family came together With unflinching candor she recalls when her mother Nancy who for decades could not show her children compassion or vulnerability suddenly broke down in her arms Davis also offers tender

moments in which her father a fabled movie star whom she always longed to know better revealed his true self always kind even when he couldn't recognize his own daughter An inherently wise work that promises to become a classic Floating in the Deep End ultimately provides hope to struggling families while elegantly illuminating the fragile human condition

**Seeing Beyond the Illusion of a Separate Self** Nirmala, 2010-01-16 Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are **Looking Beyond** Ludwig A.
