Gilbert, 2003-04-30 Although Calvin Coolidge is widely judged to have been a weak and even an incompetent president this study concludes that he was a leader disabled by a crippling emotional breakdown After an impressive early career Coolidge assumed the presidency upon the death of Warren Harding His promising political career suffered a major blow however with the death of his favorite child 16 year old Calvin Jr in July 1924 Overwhelmed with grief Coolidge showed distinct signs of clinical depression Losing interest in politics he served out his term as a broken man This is the first account of Coolidge's life to compare his behavior before and after this tragedy and the first to consider the importance of Coolidge's mental health in his presidential legacy Gilbert carefully documents the dramatic change in Coolidge's leadership style as well as the changes in his personal behavior In his early career Coolidge worked hard was progressive and politically astute When he became Vice President in 1921 he impressed the Washington establishment by being strong and activist After Harding's death Coolidge took control of his party dazzled the press distanced himself from the Harding scandals and showed ability in domestic and foreign policy His son's death would destroy all of this Gilbert documents Coolidge's subsequent dysfunctional behavior including sadistic tendencies rudeness and cruelty to family and aides and odd interactions with the White House staff *The Book That Changed My Life* Roxanne J. **Why Does Literature Matter?** Frank B. Farrell, 2018-07-05 Literature matters because it allows for experiences important to the living out of a sophisticated and satisfying human life because other arenas of culture cannot provide them to the same degree and because a relatively small number of texts carry out these functions in so exceptional a manner that we owe it to past and future members of the species to keep such texts alive in our cultural traditions from Chapter One Frank B Farrell defends a rich conception of the space of literature that retains its links to issues of self formation and metaphysics and does not let that space collapse into just another reflection of social space He maintains that recent literary theory has badly misread findings in the philosophy of language and the theory of subjectivity That misreading Farrell says has tended to endorse ways of understanding literature that make one question why it matters at all Farrell here opposes some recent theoretical trends and through a mix of philosophical and literary studies tells us why in his view literature does truly matter Among the writers Farrell discusses are John Ashbery Samuel Beckett Amit Chaudhuri Cormac McCarthy James Merrill Marcel Proust Thomas Pynchon Salman Rushdie W G Sebald and John Updike The philosophers important to his arguments include Donald Davidson Daniel Dennett and Bernard Williams G W F Hegel Martin Heidegger Friedrich Nietzsche and Ludwig Wittgenstein play roles as well Among the literary theorists addressed are Stephen Greenblatt Paul de Man and Marjorie Perloff In addition to his close readings of literary philosophical and critical texts Farrell considers cultural studies and postcolonial studies more generally and speculates on the possible contributions of object relations theory in psychology to the study of literature
