Takim, 2012-02-01 2007 CHOICE Outstanding Academic Title After the death of the Prophet Muhammad different religious factions within the Muslim community laid claim to the Prophet's legacy Drawing on research from Sunni and Shi'ite literature Liyakat N Takim explores how these various groups including the caliphs scholars Sufi holy men and the Shi'ite imams and their disciples competed to be the Prophetic heirs The book also illustrates how the tradition of the heirs of the Prophet was often a polemical tool used by its bearers to demand obedience and loyalty from the Muslim community by imposing an authoritative rendition of texts beliefs and religious practices Those who did not obey were marginalized and demonized While examining the competition for Muhammad's charismatic authority Takim investigates the Shi'ite self understanding of authority and argues that this was an important factor in the formation of a distinct Shi'ite leadership The Heirs of the Prophet also provides a new understanding of textual authority in Islam by examining authority construction and the struggle for legitimacy evidenced in Islamic biographical dictionaries

**Intimacy** Christopher Lauer, 2016-02-25 An important contribution to the burgeoning field of the ethics of recognition this book examines the contradictions inherent in the very concept of intimacy Working with a wide variety of philosophical and literary sources it warns against measuring our relationships against ideal standards since there

is no consummate form of intimacy After analyzing ten major ways that we aim to establish intimacy with one another including gift giving touching and fetishes the book concludes that each fails on its own terms since intimacy wants something that is impossible The very concept of intimacy is a superlative one it aims not just for closeness but for a closeness beyond closeness Nevertheless far from a pessimistic diagnosis of the human condition this is a meditation on how to live intimately in a world in which intimacy is impossible Rather than contenting itself with a deconstructive approach it proposes to treat intimacy dialectically For all its contradictions it shows intimacy is central to how we understand ourselves and our relations to others
