A Journey to Enlightenment Linda Abrams, 2012-07-10 A JOURNEY TO ENLIGHTENMENT is a journey to the light within each of us Most people instinctively know there is a greater power at the core of creation We have named that power God and have created many religions to celebrate God Religions at their basis teach love and the Golden Rule but unfortunately because mankind has interjected their opinions into the mix there has been great separation between religions and people on this planet Most of the wars have been fought because of the differences in interpretation that religions have Each religion believes they are the one true path to God But with all of the many religions which one is the one true way We have learned to give our power to people outside of ourselves thus making ourselves powerless It is time we turned within to the power inside of each of us our heart Soul and God within For it is there and only there that our true power lies God is not outside of us as many religions have inferred When we wake up and remember our authentic self as an aspect of the Creator is when the Journey to Enlightenment happens We are much more than these bodies we inhabit We are an Eternal Spirit focused in these human forms having a human experience with powers and abilities far beyond our imagining One of these powers is the ability to co create with all of creation Have you heard the expression Thoughts become things What we think goes forth from us and it takes form in this world we live in At this time we are moving from the third dimensional frequency to the fifth which is assisting us to remembering our Divine self Allow me to assist you on your Journey To Enlightenment

Hawkins, M.D., Ph.D.Jeffery Scott,2011-02-01 Praised by Mother Teresa and Dr Wayne Dyer for his breakthrough research and innovative teachings on the human mind Dr David Hawkins brings us 365 daily reflections for the mind and soul The spiritual teachings of David R Hawkins on the nature of consciousness spirit and ego are known worldwide by students seeking to realize spiritual Truth As a mystic Dr Hawkins has infused the truths found in the precepts of Western religion with the core of Eastern philosophy bridging the familiar physical world to the nonlinear spiritual domain What blocks spiritual progress And how do we transcend these blocks This collection of passages carefully selected from Dr Hawkins s extensive writings offers readers a new contemplation for each day Any one of these passages fully understood can elevate one s level of consciousness **The Contemplative Skeptic** Barrett A. Evans,2020-05-20 Skeptical but drawn to spirituality Explore the best of both worlds A former evangelical seminarian and ex Roman Catholic Barrett A Evans is an agnostic who has retained a fascination with contemplative spirituality Building on what he learned in his divinity counseling and historical studies the author draws on hundreds of religious and secular sources in an effort to combine honest doubt with the best of contemplative experience Presented in a devotional format The Contemplative Skeptic is meant to be an exploration into the value of skepticism a source of solace from harmful forms of religious indoctrination and a stimulus for more peaceful authentic and compassionate living While openly discussing the inherent problems with dogmatic faith efforts are also made to retain the best parts of spirituality especially a sense of focus and purpose an encouragement to live for others and the consolation of certain contemplative and psychological disciplines

The author's rather iconoclastic approach is meant to appeal to agnostics, deists, pantheists, atheists interested in spirituality and other non-traditional thinkers. In this book you'll find a frank exploration of the dubious and harmful aspects of traditional religious belief. An invitation to acknowledge the unverifiable, the improbable and the unknown. Meditations and exercises for those seeking to enlarge their sense of purpose, wonder, compassion and contentment. Select wisdom from a variety of religious traditions to help soften those who have an overly negative view of religion or religious people. Suggestions for utilizing a conservative religious past in a positive way. *The Contemplative Skeptic* is a journey into the nexus of doubt, wisdom and healthy contemplative practice. If you find value in spirituality but are weary of the fear-mongering and appeals to credulity that so often accompany traditional dogmatic approaches, then you'll love this book. *Roadmap to Enlightenment* Minh Vo, 2008-05 Your path to spiritual awakening is specific, unique and individual to you. *Roadmap to Enlightenment* clearly explains the progression of your physical to spiritual consciousness along the way to awakening and connecting to your spirit. By providing you a literal map of consciousness as you travel along the path of obtaining enlightenment, this enables you to easily recognize where you currently are and understand what is ahead of you. You are then able to understand the purpose of your life experiences. Ego, how you attract, lessons, people, karma and most importantly why you must master these things in order to learn and grow. *Skeptics and True Believers* Chet Raymo, 1999-04-01 A noted science writer argues passionately and persuasively that science and religion are mutually reinforcing ways of experiencing the world and that words such as God, grace, sacred and spirituality can retain currency in an age of science once they have been stripped of their archaic meanings. ***True Enlightenment*** Endall Beall, 2020-11-23 For thousands of years, even before recorded history, shamans and others have sought understanding of the so-called spiritual world. Once writing was invented, then the narratives started about what people thought Enlightenment was and what it represented. In all cases, it has been perceived to be something spiritual. What *True Enlightenment* presents is an alternative explanation to all these spiritual quests by informing the reader that the road to Enlightenment is not about spirituality and mysticism but instead relates to a psychological process to prepare one for a direct interface with higher consciousness. Over the ages, spirit and consciousness have been mistakenly conflated to mean the same thing, yet they are not the same thing. Although the author of this book has presented a large number of books over the past 5 years, this short book serves as a foundational primer to show how those seeking Enlightenment have misunderstood the process and have been going about it the wrong way. If you are one of those who has only recently stepped onto this path or if you are a seasoned veteran in the quest for Enlightenment who has chased the spiritual rainbow without any success, for your efforts, this book should benefit your understanding and help direct you down more productive channels of understanding. ***Paths to Enlightenment*** Fable Underwood, AI, 2025-02-14 *Paths to Enlightenment* explores diverse spiritual paths toward enlightenment, offering a comprehensive overview of practices and traditions. It delves into meditation, asceticism, philosophical teachings and religious

devotion highlighting how socio cultural conditions shaped their development The book emphasizes shared underlying principles across traditions promoting interfaith dialogue and appreciating diverse spiritual perspectives The book examines historical roots key figures and defining practices Ancient texts and case studies support the analysis integrating insights from psychology sociology and history It uniquely blends Eastern and Western spiritual traditions revealing commonalities and differences The book progresses from core concepts to specific paths and concludes with practical applications for modern life including ethics and mindfulness *Enlightenment Ain't What It's Cracked Up To Be* Robert K. c.

Forman, 2011-10-28 What if you spent years of your life seeking spiritual enlightenment but were looking in the wrong place over a long time It s happening right now to millions of seekers around the world That s why Dr Robert Forman has written his revolutionary book Told in often poetic prose it offers new direction for people looking for a sane and healthy spiritual pathway in our increasingly confusing world Traditional spiritual models are giving seekers a wrong and frustrating impression about spiritual enlightenment By exploring his own 39 year experience of spiritual enlightenment Dr Forman offers a remedy to folks who are Convinced they don t have the right stuff to achieve enlightenment in this lifetime Disillusioned by spiritual teachers who don t live up to their lofty self portraits Worried that choosing a spiritual life means leaving their everyday life behind Hungry for a different way to be but unable to express it Through metaphor humor vulnerability and achingly beautiful prose Dr Forman s book offers newfound hope to spiritual seekers everywhere
