Seeking Spirituality:

Seeking Spirituality Gene Williams D.Min, 2019-01-16 For anyone seeking deeper spiritual formation and or a closer walk with God this book will be a guide using Scripture and the Twelve Steps adopted by many addiction treatment programs Finding a quiet comfortable space where one can spend an hour or even thirty minutes working these steps will bring one the joy of a more mature spiritual relationship with God and deepen faith in one's self This work is designed that you may take as much of the ritual as you wish and leave the rest It is advised by the author that you meditate on the scripture reading and compare that with the step you are working on before you read his commentary Be as honest with yourself as you can in working this program remembering that our denial can cover a lot of hidden things The author suggests that you begin with Step One January 1st no matter the calendar date

Desperately Seeking Spirituality Meredith Gould, 2016-05-09 In *Desperately Seeking Spirituality* sacred spelunker and sociologist Meredith Gould combines practical wisdom with lived experience to explain why and when traditional practices don't work for today's seeker and then how to choose ones that will In short easy to read chapters and with characteristic wit Gould provides counsel for reframing perception to discover the sacred in everyday life This guide is for self identified seekers who have tried some many or even all the classic spiritual practices and then given up on them when they stop working In *Desperately Seeking Spirituality* Gould invites readers to embrace a broader definition of practice that shifts focus from doing to being

Spiritual Companionship Angela H. Reed, Richard R. Osmer, Marcus G. Smucker, 2015-10-06 Among the smiling faces in church on Sunday mornings are those who long for deeper more genuine relationships within their local congregations active intentional relationships that nurture the soul and encourage personal encounters with God Drawing on decades of experience in spiritual direction congregational ministry and seminary teaching this book offers a clear and rich introduction to the theology and practice of spiritual companionship in the Protestant tradition The authors explore the topic in a biblically based and historically informed manner and give practical help for cultivating spiritual relationships in congregations and beyond using stories throughout to illustrate key ideas Discussion questions are included

Spiritual Resources in Family Therapy Froma Walsh, 2008-12-04 Exploring the role of spirituality in couple and family relationships this successful text and practitioner guide illustrates ways to tap spiritual resources for coping healing and resilience Leading experts in family therapy and pastoral care discuss how faith beliefs and practices can foster personal and relational well being how religious conflicts or a spiritual void can contribute to distress and what therapists can gain from reflecting on their own spiritual journeys The volume is rich with insights for working with multi faith and culturally diverse clients

Handbook of Workplace Spirituality and Organizational Performance Robert A. Giacalone, Carole L. Jurkiewicz, 2003 A comprehensive research based interdisciplinary and action oriented approach to spirituality in organizational life It defines workplace spirituality as all aspects of the workplace that promote individual feelings of satisfaction through a sense of connection to a larger force

SEEKING Celestine Nweze, 2018-08-26 Intricacies of the human psyche baffle greatly many times It is difficult at such times to understand the motivating factors for certain behaviours when considered by rational minds Seek and ye shall find says the scripture of Matt 7 7 and this implies that people get what they seek Derailments often happen to the not very circumspect seekers and the not very knowledgeable seekers Over focusing on one s grand desire without any cautionary review along the way often portends a possible aberrant outcome with possible unwholesome consequences The thrust of this special discourse is on one endeavor that is necessarily undertaken by every human being Seeking Seeking the Deity of Acts 17 26 28 is what this is all about Can a person seeking God find something else Seeking can be dicey so too can be lack of knowledge This guide therefore comes handy to make a hearty offer vitally equipped *Handbook of Workplace Spirituality and Organizational Performance* Giacalone, 2015-05-18 An explanation of how and why the economic downturn of 2007 became the Great Recession of 2008 and 2009 It explores the root causes of the cycle of boom and bust of the economy It describes social equity in terms of its arguments and claims in political economic and social circumstances **The Seeking Heart** Ian Mobsby, 2025-01-28 In the contemporary church the word mission has become synonymous with pace expansion and results Yet such an approach can often leave those with responsibilities in mission or ministry feeling exhausted and overwhelmed Not only that but mission which focuses on the rapid and the growing fails to recognise the rich resources the more contemplative Christian traditions can offer our post secular society and especially those who would call themselves spiritual but not religious *Jung and Spirituality* David Tacey, 2025-03-25 An exploration of spirituality in the modern world using Carl Jung s insights Jung believed that a spiritual life lies buried in everyone s unconscious and could be brought before consciousness with therapeutic results and that rationality and hubris prevented many in the modern world from acknowledging the spiritual aspects of our lives and repressing the spiritual was as harmful as repressing the sexual This book contains a series of chapters which explore the applications and ramifications of Jung s psychospiritual theory Starting with how to bring back spirituality into religion it then looks at the activation of earth energies and the primordial mind by bringing the spirit back into nature It proceeds to examine the spiritual journey dreams the individuation of god and the healing power of spirituality How To Seek God Swami Yatiswarananda, 2021-03-25 This book has been authored by Swami Yatiswarananda an illumined soul who endeared himself to thousands of seekers leading them on the path to God He spent 17 years in the West spreading the message of Vedanta He was one of the Vice Presidents of the Ramakrishna Order This book is a compilation of the notes made by different persons from his talks given to the devotees at the Ramakrishna Math Bengaluru in 1954 55 and 1958 59 and also at Germany The book is divided into two parts and 20 chapters including one with questions answers The book deals with religion and its goal mind and its control meditation and yogas In addition there are teachings based on Narada Bhakti Sutras Drig Drishya Viveka and Yoga Sutras The message of the author goes straight into the hearts of the readers as the passages are short and in a conversational tone As the text appeals to both the

mind and the heart seekers at different stages of their spiritual growth and with different requirements can benefit from this book Anecdotal references would be refreshing and motivating to the readers

Research Anthology on Feminist Studies and Gender Perceptions Management Association, Information Resources,2022-01-21 Global society has always been impacted by the perception of gender While gender roles may differ in certain cultures many cultures around the world have allowed for the disempowerment and objectification of women Women today still struggle for gender equality whether it be professionally socially or even legally To examine feminism thoroughly however thorough analysis must be conducted on all genders and perceptions The Research Anthology on Feminist Studies and Gender Perceptions explores the application of feminist theory and women empowerment in the 21st century and the role that gender plays in society This book analyzes media representation gender performativity and theory to present a comprehensive view of gender and society Covering topics such as masculinity women empowerment and gender equality this two volume comprehensive major reference work is an essential resource for sociologists community leaders human resource managers activists students and professors of higher education researchers and academicians

Psychology, Religion, and Spirituality James M. Nelson,2009-02-17 Over a century ago psychologists who were fascinated with religion began to study and write about it Theologians and religious practitioners have responded to this literature producing a fascinating dialogue that deals with our fundamental und standings about the human person and our place in the world This book provides an introduction to the important conversations that have developed out of these interchanges The dialogue between psychology and religion is difficult to study for a number of reasons First it requires knowledge of both psychology and religion People with a background in psychology often lack a solid understanding of the religious traditions they wish to study and theologians may not be up to date on the latest developments in psychology Second it requires conceptual tools to organize the material and understand the basic problems involved in any attempt to connect the science of psychology with religion These concepts can be found in many places for instance in the writings of philosophers of science but they are complex and often hard to follow for those without a proper theological and philosophical ba ground Finally authors who write on the topic come to the study of psychology and religion from a variety of academic and personal backgrounds This makes for wonderful diversity in conversations but it makes understanding and mastery of the material quite difficult

Spirituality, Sustainability, and Success Christopher G. Beehner,2018-08-07 This book offers a pragmatic approach to the benefits of spirituality and sustainability for both individual and organizational success It introduces sustainability and workplace spirituality as contemporary solutions to the challenging organizational environment The first few chapters introduce the fundamentals of spirituality workplace spirituality and sustainability The author then demonstrates how the three qualities are beneficial in achieving personal and business success Through the combination of synthesized research summaries and case studies of individuals and organizations this book offers readers a fresh perspective on the importance of spirituality and sustainability

to organizational performance

Soul Searching : The Religious and Spiritual Lives of American Teenagers

Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame,Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA,2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole
