Journey to Albania Enrico Porfido, Giuseppe Resta, 2022-10-24 Over the last ten years Albania has undergone rapid development becoming a well recognised tourist destination within the Mediterranean region Tourism represents one of the most significant opportunities for the country and at the same time a challenge for a developing nation and emerging economy especially if we take into account an isolationist period of more than forty years during the social communist dictatorship This book aims to provide a base for discussion about the impact of tourism on the Albanian territory firstly from a historical point of view and secondly to observe a specific case study and analyse its impact This book is a journey to Albania looking at architecture explorations and landscapes from the traveller's perspective Inevitably this will include other academic fields such as geography history and spatial planning and will also recognise the contested Italian influence as an additional layer of complexity in Albania's 20th century

The Most Ancient of Minorities Stanislao Pugliese, 2002-03-30 A volume of essays that examine more than 2 000 years of Italian Jewish history from ancient Rome to contemporary developments concerning assimilation literature and the recent trial of a former SS captain implicated in crimes against humanity The essays make clear that the Italian Jews have a unique history in Europe A Jewish colony existed in Rome 200 years before the birth of Christ the Eternal City therefore represents the oldest Jewish community in the Western world Successive waves of immigrants created dozens of Jewish communities on the peninsula Depending on the time and the place Italian Jews could expect tolerance discrimination persecution or outright violence Still they fared better than their brethren in other parts of Europe Because of their long history on the peninsula the volume covers an astonishing variety of subjects
