Understanding Hubert Selby, Jr James Richard Giles, 1998 Since the publication in 1964 of his novel *Last Exit to Brooklyn* which arguably achieved the status of a cult classic Hubert Selby Jr has held a place as one of the foremost exponents of American underground literature His work has yet to receive extensive critical attention in part because of its deliberately shocking subject matter and its resistance to precise classification In *Understanding Hubert Selby Jr* James R Giles examines the writer's four novels and one collection of short stories to make the case that the full complexity of his fiction has not previously been understood Giles contends that Selby's writings which are usually labelled as either naturalistic or surrealistic represent an innovative merger of both narrative modes
