Library of Congress

Select Discourses 1660 British Philosophers And Theologians Of The 17th 18th Centuries:

Select Discourses John Smith, 1978 Select Discourses ... John Smith,1673 Select Discourses, 1660 John **Monographic Series** Library of Congress, The Oxford History of Poetry in English, 2024-10-25 The Smith, 1978 Oxford History of Poetry in English OHOPE is designed to offer a fresh multi voiced and comprehensive analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales OHOPE both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes By taking as its purview the full seventeenth century 1603 1700 this volume re draws the existing literary historical map and expands upon recent rethinking of the canon Placing the revolutionary years at the centre of a century of poetic transformation and putting the Restoration back into the seventeenth century the volume registers the transformative effects on poetic forms of a century of social political and religious upheaval It considers the achievements of a number of women poets not yet fully integrated into traditional literary histories It assimilates the vibrant literature of the English Revolution to what came before and after registering its long term impact It traces the development of print culture and of the literary marketplace alongside the continued circulation of poetry in manuscript It places John Milton Andrew Marvell Margaret Cavendish and Katherine Philips and other mid century poets into the full century of specifically literary development It traces continuity and change imitation and innovation in the full century trajectory of such poetic genres as sonnet elegy satire georgic epigram ode devotional lyric and epic The volume s attention to poetic form builds on the current upswing in historicist formalism allowing a close focus on poetry as an intensely aesthetic and social literary mode Designed for maximum classroom utility the organization is both thematic and in the authors section chronological After a comprehensive Introduction organizational sections focus on Transitions Materiality Production and Circulation Poetics and Form Genres and Poets Library of Congress Catalogs Library of Congress, Eighteenth-Century Dissent and Cambridge Platonism Louise Hickman, 2017-05-12 Eighteenth Century Dissent and Cambridge Platonism identifies an ethically and politically engaged philosophy of religion in eighteenth century Rational Dissent particularly in the work of Richard Price 1723 1791 and in the radical thought of Mary Wollstonecraft It traces their ethico political account of reason natural theology and human freedom back to seventeenth century Cambridge Platonism and thereby shows how popular histories of the philosophy of religion in modernity have been over determined both by analytic philosophy of religion and by its critics. The eighteenth century has typically been portrayed as an age of reason defined as a project of rationalism liberalism and increasing secularisation leading inevitably to nihilism and the collapse of modernity Within this narrative the Rational Dissenters have been accused of being the culmination of eighteenth century rationalism in Britain epitomising the philosophy of modernity This book

challenges this reading of history by highlighting the importance of teleology deiformity the immutability of goodness and the divinity of reason within the tradition of Rational Dissent and it demonstrates that the philosophy and ethics of both Price and Wollstonecraft are profoundly theological Price s philosophy of political liberty and Wollstonecraft s feminism both grounded in a Platonic conception of freedom are perfectionist and radical rather than liberal This has important implications for understanding the political nature of eighteenth century philosophical theology these thinkers represent not so much a shaking off of religion by secular rationality but a challenge to religious and political hegemony By distinguishing Price and Wollstonecraft from other forms of rationalism including deism and Socinianism this book takes issue with the popular division of eighteenth century philosophy into rationalistic and empirical strands and through considering the legacy of Cambridge Platonism draws attention to an alternative philosophy of religion that lies between both empiricism and discursive inference **Select Discourse**, **1660** John Smith,1978 *Subject Catalog*, 1978 Library of Congress,1978

Jonathan Edwards Oliver D. Crisp, 2017-11-30 This title was first published in 2003 It has often been claimed that Jonathan Edwards 1703 1758 was America's greatest philosopher and theologian From literary criticism of his sermons to philosophical assessments of his metaphysics there has been a burgeoning industry in Edwardsian studies but there has been no one place where an exploration of the theology and philosophy of Edwards has been brought together 2003 marks the tercentenary date of the birth of Jonathan Edwards This book draws together specially commissioned contributions from philosophers and theologians from the USA and UK to present new analytic philosophical and theological thinking on Edwards in a way that reflects Edwards own concerns as well as those current in the academy The Best Books: A. Theology. B, Mythology and folklore. C, Philosophy William Swan Sonnenschein, 1910 Subject Catalog Library of American Book Publishing Record, 1979 Religious Books and Serials in Print ,1982 Congress, The New Cambridge Bibliography of English Literature: Volume 1, 600-1660 George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries The Theology of Jonathan Edwards Michael J. McClymond, Gerald R. McDermott, 2012-01-05 Scholars and laypersons alike regard Jonathan Edwards 1703 58 as North America's greatest theologian The Theology of Jonathan Edwards is the most comprehensive survey of his theology yet produced and the first study to make full use of the recently completed seventy three volume online edition of the Works of Jonathan Edwards The book s forty five chapters examine all major aspects of Edwards s thought and include in depth

discussions of the extensive secondary literature on Edwards as well as Edwards s own writings Its opening chapters set out Edwards s historical and personal theological contexts The next thirty chapters connect Edwards s theological loci in the temporally ordered way in which he conceptualized the theological enterprise beginning with the triune God in eternity with his angels to the history of redemption as an expression of God's inner reality ad extra and then back to God in eschatological glory The authors analyze such themes as aesthetics metaphysics typology history of redemption revival and true virtue They also take up such rarely explored topics as Edwards s missiology treatment of heaven and angels sacramental thought public theology and views of non Christian religions Running throughout the volume are what the authors identify as five basic theological constituents trinitarian communication creaturely participation necessitarian dispositionalism divine priority and harmonious constitutionalism Later chapters trace his influence on and connections with later theologies and philosophies in America and Europe The result is a multi layered analysis that treats Edwards as a theologian for the twenty first century global Christian community and a bridge between the Christian West and East Protestantism and Catholicism conservatism and liberalism and charismatic and non charismatic churches The Enthusiast William Cook Miller, 2023-07-15 The Enthusiast tells the story of a character type that was developed in early modern Britain to discredit radical prophets during an era that witnessed the dismantling of the Church of England's traditional means for punishing heresy As William Cook Miller shows the caricature of fanaticism here called the Enthusiast began as propaganda against religious dissenters especially working class upstarts but was adopted by a range of writers as a literary vehicle for exploring profound problems of spirit soul and body and as a persona for the ironic expression of their own prophetic illuminations Taking shape through the public and private writings of some of the most insightful authors of seventeenth century Britain Henry More John Locke the Third Earl of Shaftesbury Mary Astell and Jonathan Swift among others the Enthusiast appeared in various guises and literary modes By attending to this literary being and its animators The Enthusiast establishes the figure of the fanatic as a bridge between the Reformation and the Enlightenment showing how an incipient secular modernity was informed by not the rejection of religion but the transformation of the prophet into something sparkling witty ironic and new The Best Books: Class A, Theology. B, Mythology and folklore. C, Philosophy. 1910 William Swan Sonnenschein, 1910 The Spirituality of the English and American Deists Joseph Waligore, 2022-12-19 The deists have been misunderstood as Enlightenment thinkers who believed in an inactive deity Instead the deists were spiritually oriented people who believed God treated all his children fairly Unlike the biblical God the deist God did not punish entire nations with plagues curse innocent people or order the extermination of whole nations In deism for the first time in modern Western history God became good The Spirituality of the English and American Deists How God Became Good explores how the English deists were especially important because they formulated the arguments that most of the later deists accepted Half of the English deists claimed they were advocating the Christianity Jesus taught before his later followers perverted his teachings Joseph

Waligore call these deists Jesus centered deists Ben Franklin Thomas Jefferson and John Adams studied these Jesus centered deists and had similar beliefs While some of the most prominent American Founders were deists deism had little or no influence on the religious parts of the Constitution and the First Amendment Deism did not die out at the end of the Enlightenment Instead under different names and forms it has continued to be a significant religious force Informed observers even think a deistic spiritual outlook is the most popular religious or spiritual outlook in contemporary America "The" Cambridge Modern History Sir Adolphus William Ward, George Walter Prothero, Stanley Mordaunt Leathes, 1908

Decoding **Select Discourses 1660 British Philosophers And Theologians Of The 17th 18th Centuries**: Revealing the Captivating Potential of Verbal Expression
