peace movement's age of maturity In 1854 it was obliged for the first time to contest a decision and moreover a highly popular one to enter war It survived the resulting adversity and gradually rebuilt its position as an accepted voice in public life though by the end of the nineteenth century its leading associations such as the Peace Society were losing vitality as they gained respectability Stimulated by the First World War into radicalizing and reconstructing itself through the formation of such associations as the Union of Democratic Control the No Conscription Fellowship and the Fellowship of Reconciliation the movement endured another period of unpopularity before enjoying unprecedented influence during the inter war years the era of the League of Nations Union the Oxford Union's King and country debate the Peace Ballot and the Peace Pledge Union Finally however Hitler discredited much of the agenda it had been promoting the previous century or more This book is the first comprehensive and authoritative study of this subject It covers all significant peace associations and campaigns and is based on an extensive use of archival as well as printed sources Its subject matter is of relevance both to historians of nineteenth and twentieth century British politics and to specialists in international relations interested in the anti realist tradition

Spies in Arabia Priya Satia, 2008-04-02 At the dawn of the twentieth century British intelligence agents began to venture in increasing numbers to the Arab lands of the Ottoman Empire a region of crucial geopolitical importance spanning present day Iraq Jordan Syria and Saudi Arabia They were drawn by the twin objectives of securing the land route to India and finding adventure and spiritualism in a mysterious and ancient land But these competing desires created a dilemma how were they to discreetly and patriotically gather facts in a region they were drawn to for its legendary inscrutability and by the promise of fame and escape from Britain In this groundbreaking book Priya Satia tracks the intelligence community's tactical grappling with this problem and the myriad cultural institutional and political consequences of their methodological choices during and after the Great War She tells the story of how an imperial state in thrall to the cultural notions of equivocal agents and beset by an equally captivated and increasingly assertive mass democracy invented a wholly new style of covert empire centered on the world's first brutal aerial surveillance regime in Iraq Drawing on a wealth of archival sources from the fictional to the recently declassified this book explains how Britons reconciled genuine ethical scruples with the actual violence of their Middle Eastern empire As it vividly demonstrates how imperialism was made fit for an increasingly democratic and anti imperial world what emerges is a new interpretation of the military cultural and political legacies of the Great War and of the British Empire in the twentieth century Unpacking the romantic fascination with Arabia as the land of espionage *Spies in Arabia* presents a stark tale of poetic ambition war terror and failed redemption and the prehistory of our present discontents

Selected Writings of Walter Pater Walter Pater, 1982 Harold Bloom's selection of Pater's writings brings together in one volume the most important sections and passages from *The Renaissance Imaginary* *Portraits* *Appreciations* *Plato and Platonism* *Greek Studies* and *Sketches and Reviews* as well as *The Child in the House* Pater the chief aesthete and literary critic of Victorian England brought his powerful imagination to bear on a wide range of

subjects from the drama of Euripides to the painters of the Renaissance from the Romantic poets to the pre Raphaelites from Plato to Oscar Wilde In the twentieth century Pater's theories of art and literature exerted a strong influence on the work of Yeats Pound Eliot Joyce and Stevens

Passion's Fortune Joseph McAleer, 1999-10-28 This is the first history of Mills Boon the British publishing phenomenon which has become a household name synonymous with romantic fiction On the firm's 90th anniversary Joseph McAleer has written the first history of Mills Boon drawing upon a long lost archive of over 50 000 letters which reveal the intricate relationship between editorial policy social attitudes and sales McAleer examines the dictates of the Mills Boon formula and demonstrates how novels were Managed by the firm to ensure maximum sales and to nurture a cadre of loyal readers in Britain and throughout the Commonwealth The result is a cultural phenomenon whose product reflected the attitudes and morals of the age while offering women an addictive escape from everyday life It's a fascinating read for anyone who's ever wondered about writing a Mills Boon or wants to understand the story behind one of the most successful British firms of the twentieth century
