Subject Guide to Books in Print

, 1997 *The Atheist's Creed* Michael Palmer, 2010-10-29 In *The Atheist's Creed* a prominent and widely read contemporary philosopher Dr Michael Palmer presents the most comprehensive anthology of the major philosophical arguments for atheism now before the public While the so called new atheism of Richard Dawkins and others has attracted considerable publicity it is these philosophical arguments that have down the ages provided the principal landmarks in the unfolding and increasingly widespread belief that no God exists Using a combination of extracts detailed introductions biographies and extensive bibliographies the author guides the reader through the history of atheism from the time of the early Greeks down to the present day In this analysis particular attention is given to the writings of Hume Nietzsche Marx and Freud *The Atheist's Creed* requires no specialist knowledge of philosophy Each chapter is structured around a single theme and the various authors coordinated to allow the full force of the particular atheistic argument to emerge The result is a compelling and powerful assessment of the case for atheism which will be essential and fascinating reading for student and non student alike and for all those concerned with the fundamental question whether or not there is a God *Library of Congress Catalog*

Library of Congress, 1970

A Bibliography of Bertrand Russell: Separate publications, 1896-1990 Kenneth

Blackwell, Harry Ruja, 1994 Provides for the first time a full descriptive bibliography of Russell's writings Textually orientated it will guide the scholar collector and the general reader to the authoritative editions of Russell's works *Recasting Hume and Early Modern Philosophy* Paul Russell, 2021-07-13 In this collection of essays philosopher Paul Russell addresses major figures and central topics of the history of early modern philosophy Most of these essays are studies on the philosophy of David Hume one of the great figures in the history of philosophy One central theme connecting many of the essays concerns Hume's fundamental irreligious intentions Russell argues that a proper appreciation of the significance of Hume's irreligious concerns which runs through his whole philosophy serves to discredit the deeply entrenched framework for understanding Hume and much of early modern philosophy in terms of the idea of British Empiricism In a substantive introduction Russell outlines how his various insights overlap and connect to each other The volume is organized thematically into five sections metaphysics free will ethics religion and general interpretations of Hume's philosophy The collection also features a previously unpublished essay on Hume's atheism and an essay on Adam Smith's views on religion and ethics that has not been previously published in English *Recasting Hume and Early Modern Philosophy* presents the reader with Russell's substantial and significant set of interconnected observations and insights on the matters and figures of the greatest importance in early modern philosophy These essays not only provide different and original perspectives on the subject they also show that the various issues addressed are very relevant to each other as well as to a number of major topics in

contemporary philosophy *An Atheist's Testament* Bernard Sarachek,2009 Bernard Sarachek's *An Atheist's Testament* is a critique of the religious right and mainstream religions and a study of the social dilemmas faced by Atheists **Atheism** Bertrand Russell,1972 Am I an atheist or an agnostic First published 1949 An outline of intellectual rubbish first published 1943 Can men be rational First published 1947 The faith of a rationalist first published 1947 Ideas that have harmed mankind first published 1946 Ideas that have helped mankind first published 1946 On the value of scepticism first published 1947 The value of free thought first published 1944 What can a free man worship First published 1944 **Atheism For Dummies** Dale McGowan,2013-02-25 The easy way to understand atheism and secular philosophy For people seeking a non religious philosophy of life as well as believers with atheist friends *Atheism For Dummies* offers an intelligent exploration of the historical and moral case for atheism Often wildly misunderstood atheism is a secular approach to life based on the understanding that reality is an arrangement of physical matter with no consideration of unverifiable spiritual forces *Atheism For Dummies* offers a brief history of atheist philosophy and its evolution explores it as a historical and cultural movement covers important historical writings on the subject and discusses the nature of ethics and morality in the absence of religion A simple yet intelligent exploration of an often misunderstood philosophy Explores the differences between explicit and implicit atheism A comprehensive readable and thoroughly unbiased resource As the number of atheists worldwide continues to grow this book offers a broad understanding of the subject for those exploring atheism as an approach to living

Atheism and Agnosticism Peter A. Huff,2021-09-01 An overview essay and approximately 50 alphabetically arranged reference entries explore the background and significance of atheism and agnosticism in modern society This is the age of atheism and agnosticism The number of people living without religious belief and practice is quickly and dramatically rising Some experts call nonreligion after Christianity and Islam the third largest religion in the world today Understanding the origins history variations and impact of atheism and agnosticism is crucial to getting a grasp of the meaning of the present and gaining a glimpse of the future Exploring some of the most extraordinary people events and ideas of all time this book provides a fair comprehensive and engaging survey of all aspects of contemporary atheism and agnosticism An overview essay discusses the background and social and political contexts of unbelief while a timeline highlights key events Some 50 alphabetically arranged reference entries follow with each providing fundamental objective information about particular topics along with cross references and suggestions for further reading The volume closes with an annotated bibliography of the most important resources on atheism and agnosticism *The Varieties of Nonreligious Experience* Jerome P Baggett,2018-08-21 A fascinating exploration of the breadth of social emotional and spiritual experiences of atheists in America Self identified atheists make up roughly 5 percent of the American religious landscape comprising a larger population than Jehovah's Witnesses Orthodox Christians Muslims Buddhists and Hindus combined In spite of their relatively significant presence in society atheists are one of the most stigmatized groups in the United States frequently portrayed as

immoral unhappy or even outright angry Yet we know very little about what their lives are actually like as they live among their largely religious and sometimes hostile fellow citizens In this book Jerome P Baggett listens to what atheists have to say about their own lives and viewpoints Drawing on questionnaires and interviews with more than five hundred American atheists scattered across the country The Varieties of Nonreligious Experience uncovers what they think about morality what gives meaning to their lives how they feel about religious people and what they think and know about religion itself Though the wider public routinely understands atheists in negative terms as people who do not believe in God Baggett pushes readers to view them in a different light Rather than simply rejecting God and religion atheists actually embrace something much more substantive lives marked by greater integrity open mindedness and progress Beyond just talking about or to American atheists the time is overdue to let them speak for themselves This book is a must read for anyone interested in joining the conversation

Religion , Books in Print Supplement ,1985 **Dictionary of Ethics, Theology and Society** Paul A. B. Clarke,Andrew Linzey,2013-11-05 This Dictionary provides a unique and groundbreaking survey of both the historical and contemporary interrelations between ethics theology and society In over 250 separately authored entries a selection of the world s leading scholars from many disciplines and many denominations present their own views on a wide range of topics Arranged alphabetically entries cover all aspects of philosophy theology ethics economics politics and government Each entry includes a concise definition of the term a description of the principal ideas behind it analysis of its history development and contemporary relevance a detailed bibliography giving the major sources in the field The entire field is prefaced by an editorial introduction outlining its scope and diversity Selected entries include Animal Rights Capital Punishment Communism Domestic Violence Ethics Evil Government Homophobia Humanism Liberation Theology Politics Pornography Racism Sexism Society Vivisection Women s Ordination

Jesus in an Age of Enlightenment Jonathan C. P. Birch,2019-07-18 This book explores the religious concerns of Enlightenment thinkers from Thomas Hobbes to Thomas Jefferson Using an innovative method the study illuminates the intellectual history of the age through interpretations of Jesus between c 1650 and c 1826 The book demonstrates the persistence of theology in modern philosophy and the projects of social reform and amelioration associated with the Enlightenment At the core of many of these projects was a robust moral theological realism sometimes manifest in a natural law ethic but always associated with Jesus and a commitment to the sovereign goodness of God This ethical orientation in Enlightenment discourse is found in a range of different metaphysical and political identities dualist and monist progressive and radical which intersect with earlier heretical tendencies in Christian thought Arianism Pelagianism and Marcionism This intellectual matrix helped to produce the discourses of irenic toleration which are a legacy of the Enlightenment at its best

A Bibliography of Bertrand Russell Kenneth Blackwell,Harry Ruja,Sheila Turcon,2003-09-02 From 1895 the year he published his first signed article to four days before his death in 1970 when he wrote his last Bertrand Russell was a powerful force in the world of mathematics philosophy

human rights and the struggle for peace During those years he published 70 books almost as many pamphlets and over 2 000 articles he also contributed pieces to some 200 books The availability of the Bertrand Russell Archives at McMaster University since 1968 has made it possible for the first time to compile a full descriptive bibliography of his writings The Collected Papers are based on it Fully annotated the Bibliography is textually oriented and will guide the scholar collector and general reader to the authoritative editions of Russell s works It includes references to the locations of all known speeches and interviews and reproductions of the dust jackets of Russell s books Blackwell Ruja and Turcon have cooperated for nearly 20 years on the new Bibliography Lord Russell saw the extensive additions for it near the end of his life and declared I am impressed

Living without God: A Multicultural Spectrum of Atheism Sanjit Chakraborty, Anway Mukhopadhyay, 2022-11-16 This book deals with the intricate issue of approaching atheism methodologically as well as conceptually from the perspective of cultural pluralism What does atheism mean in different cultural contexts Can this term be applied appropriately to different religious discourses which conceptualize God gods Goddess goddesses and also godlessness in hugely divergent ways Is my God the same as yours If not then how can your atheism be the same as mine In other words this volume raises the question Is it not high time that we proposed a comparative study of atheism s alongside that of religions rather than believing that atheism is centered in the Western experience Apart from answering these questions the book highlights the much needed focus on the philosophical negotiations between atheism theism and agnosticism The fine chapters collected here present pluralist negotiations with the notion of atheism and its ethical theological literary and scientific corollaries Previously published in Sophia Volume 60 issue 3 September 2021 Chapters Religious Conversion and Loss of Faith Cases of Personal Paradigm Shift and On Being an Infidel are available open access under a Creative Commons Attribution 4 0 International License via link.springer.com

Eventually, you will unconditionally discover a new experience and exploit by spending more cash. nevertheless when? reach you undertake that you require to get those all needs gone having significantly cash?
