Olsen, 1996 *Russia as an Aspiring Great Power in East Asia* P. reading and a comprehensive analytical index **Charting a New Diplomatic Course** Cecil V. Crabb, Jr., Leila S. Sarriddine, Glenn J. Antizzo, 2001-08-01 America's victory in the Cold War is a milestone in the nation's diplomatic experience. The disintegration of the Soviet Union and the defeat of communism have made containment policy the foundation of U.S. foreign relations for almost a half century obsolete and policymakers and political scientists alike struggle to decide what new strategy should guide the country's involvement on the international stage. In this pathbreaking work Cecil V. Crabb Jr., Leila S. Sarriddine, and Glenn J. Antizzo identify and analyze six distinct approaches to America's diplomatic course after the Cold War, addressing perhaps the most important question of our time: what should U.S. foreign policy be in the twenty-first century? First, the authors examine the familiar doctrine of American isolationism and consider an alternative approach: conservative neo-isolationism, which encourages policymakers to use careful discrimination but decisive action in assuming commitments abroad. Liberal neo-isolationism, a third possible course, resists active interventionist strategies because of the dangers they pose to congressional power and America's democratic system. At the opposite end of the spectrum are conservative interventionism, the belief that America must maintain a strong military arsenal and engage in preventative diplomacy; liberal interventionism, the conviction that America has a responsibility to actively promote the cause of democracy and defend human rights beyond its own borders; and pragmatic interventionism, an approach taken by the Clinton Administration that relies on a cost-benefit analysis of policy as problems arise. Elegantly written and authoritatively researched, *Charting a New Diplomatic Course* provides a much-needed frame of reference for anyone interested in America's future in international affairs.

The United States and the Korean Peninsula in the 21st Century Tae-Hwan Kwak, Seung-Ho Joo, 2017-11-30 In the post-Cold War era, U.S. relations with the two Korean states, the Republic of Korea (ROK) and the Democratic People's Republic of Korea (DPRK), have been undergoing profound changes with critical and immediate repercussions for peace and security in the Korean Peninsula and Northeast Asia. This volume examines the key political, security, and economic aspects of U.S.-ROK and U.S.-DPRK relations, focusing on the current status, salient issues, and future prospects. Drs. Kwak and Joo are distinguished professionals in the field, and their volume constitutes a very interesting addition to the available literature.

The U.S. and the Two Koreas Tong Whan Park, 1998 Presents revised and updated papers from a March 1997 conference held at Northwestern University in Evanston, Illinois. Papers investigate the new relationships emerging among Washington, Seoul, and Pyongyang in which political, military, and economic variables interact in a new way. Subjects include South Korea's nuclear option, U.S.-North Korea economic relations, U.S. public opinion of the two Koreas, and Japan and China's responses to changing developments in Korea. US National Defense for the Twenty-first Century Edward A. Olsen, 2014-07-10 This provocative critique of Washington's current security policies draws on the arguments made by an array of non-interventionist and conservative nationalist scholars. It provides a blueprint for a more restrained and unilateral U.S. role in global affairs. *The Future of*

China and Northeast Asia Tae-Hwan Kwak, Melvin Gurtov, 1997 **Peace Regime Building on the Korean Peninsula and Northeast Asian Security Cooperation** Seung-Ho Joo, 2016-05-13 A permanent peace regime on the Korean peninsula has yet to be achieved even though the Korean War came to a halt more than half a century ago Without a peace treaty formally ending the Korean War the two Korean states are technically still at war The current situation on the Korean peninsula is extremely tense and precarious and tensions and distrust between the two Koreas and between the U S and North Korea escalated in the wake of North Korea's second underground nuclear weapons testing in 2009 The editors of this volume conceptually present a two track inter Korean and international approach to Korean peninsula peace regime building They argue that an inter Korean and international approach should be pursued simultaneously for the construction of a permanent peace regime on the Korean peninsula The contributing authors are established specialists and experts on Korean foreign relations and Northeast Asian international relations As natives of the U S Korea China and Japan they provide objective scholarly and diverse perspectives on the Korean peace regime building **The Six-Party Talks on North Korea** Mi-yeon Hur, 2018-01-03 The book traces the past decade of dynamic interactions among the concerned states involved in the Six Party Talks on North Korean nuclear programs Unlike existing studies which usually dissect incidents of the talks the book provides a comprehensive systemic analysis of the Six Party Talks process from A to Z These new insights into the nuclear drama in the Northeast Asian region will be of value to scholars policy makers and analysts Mongolia and Northeast Asian Security Alicia J. Campi, Jagannath Panda, 2021-08-26 This book assesses Mongolia's position in the security calculus of Northeast Asia and presents the policy outlooks of major powers vis a vis the region including the United States Japan China Russia and India Ground breaking and modernistic in its approach the book treats the often marginalised and landlocked small power state of Mongolia as a critical regional actor particularly with regards to managing ties with encircling major powers Russia and China and assist in engaging the nuclear state of North Korea through dialogue mechanisms This compilation of chapters by distinguished scholars explores Mongolia in the Northeast Asian geographical space within the context of three major themes nuclear proliferation environmental security and socio economic and civilisational conflicts The book provides a multidisciplinary and multinational approach to Mongolia's role in the region's strategic landscape It moves the regional security discussion beyond major power politics North Korea's denuclearisation and the impasse on the Korean Peninsula to discuss and analyse other underappreciated challenges facing the region Considering Mongolia's role in achieving peace and stability in the neighbourhood the book will be a valuable resource for researchers and readers in International Relations Political Science and Asian Studies
