It's also highly personal, full of humour and silliness and even the occasionally thoughtful moment. The final result is an essential read not just for Transformers fans but also for those interested in the history of Marvel UK and the impact this simple little comic had on an entire generation.

**Focus On: 100 Most Popular 2010s Adventure Films** Wikipedia contributors, **Marveling Religion** Jennifer Baldwin, Daniel White Hodge, 2022-09-09 *Marveling Religion: Critical Discourses Religion and the Marvel Cinematic Universe* is an edited volume that explores the intersection of religion and cinema through the lenses of critical discourse. The focus of the shared inquiry are various films comprising the first three phases of the Marvel Cinematic Universe (MCU) and corresponding Netflix series. The contributors explore various religious themes and how they intersect with culture through the canon of the MCU. The first part focuses on responses to the societal, governmental, and cultural context that solidified with clarity during the 2016 Presidential Election cycle in the United States and in the following administration. Additionally, it provides lenses and resources for engaging in productive public actions. Part two explores cultural resources of sustaining activism and resistance as well as some of the key issues at stake in public action. The third part centers on militarization and resistance to state violence. Taken in concert, these three sections work together to provide frames for understanding while also keeping us engaged in the concrete action to mobilize social change. The overarching aim of the volume is to promote critical discourse regarding the dynamics of activism and political resistance.
