

A person is shown from the chest up, wearing a maroon sweater, reading an open Bible. Their hands are visible, with light-colored nail polish. A red highlighter lies on the table to the right of the Bible. In the background, a dark cup of coffee sits on a saucer. The scene is set on a dark wooden surface.

Mens Or Studies In Homiletics:

God's Revelations of Himself to Men as Successively Made in the Patriarchal Samuel James Andrews, 1886 **Sacred Rhetorical Education in 19th Century America** Michael-John DePalma, 2020-01-29 This book offers new insight into the ways rhetorical educators religious motives influenced the shape of nineteenth century rhetorical education and invites scholars of writing and rhetoric to consider what the study of religiously animated pedagogies might reveal about rhetorical education itself The author studies the rhetorical pedagogy of Austin Phelps the prominent preacher and professor of sacred rhetoric at Andover Theological Seminary and his theologically motivated adaptation of rhetorical education to fit the exigencies of preachers at the first graduate seminary in the United States In disclosing how Phelps was guided by his Christian motives the book offers a thorough examination of how professional rhetoric was taught learned and practiced in nineteenth century America It also provides an enriched understanding of rhetorical theories and pedagogies in American seminaries and contributes deepened awareness of the ways religious motives can function as resources that enable the reshaping of rhetorical theory and pedagogy in generative ways Exploring the implications of Phelps s rhetorical theory and pedagogy for future studies of religious rhetoric histories of rhetorical education and twenty first century writing pedagogy this book will be essential reading for scholars and students of rhetoric education American history religious education and writing studies **The Gendered Pulpit** Roxanne Mountford, 2003 In this feminist investigation into the art of preaching one of the oldest and least studied rhetorical traditions Roxanne Mountford explores the relationship between bodies space race and gender in rhetorical performance and American Protestant culture Refiguring delivery and physicality as significant components of the rhetorical situation The Gendered Pulpit Preaching in American Protestant Spaces examines the strategies of three contemporary women preachers who have transgressed traditions rearranged rhetorical space and conquered gender bias to establish greater intimacy with their congregations Mountford s examinations of the rhetoric inherent in preaching manuals from 1850 to the present provide insight into how manliness has remained a central concept in American preaching since the mid nineteenth century The manuals illustrate that the character style method of delivery and theological purpose of preachers focused on white men and their cultural standing leaving contemporary women preachers searching for ways to accommodate themselves to the physicality of preaching Three case studies of women preachers who have succeeded or failed in rearranging rhetorical space provide the foundation for the volume These contemporary examples have important implications for feminist theology and also reveal the importance of gender space and bodies to studies of rhetoric in general Mountford explores the geographies of St John s Lutheran Church and the preaching of Rev Patricia O Connor who reformed rhetorical space through the delivery of her sermons At Eastside United Church of Christ Mountford shows Rev Barbara Hill employed narrative style and prophetic utterance in the tradition of black preaching to address gender bias and institute change in her congregation The final case study details the experiences of Pastor Janet Moore and

her struggles at Victory Hills United Methodist Church where the fractured congregation could not be united even with Pastor Moore's focus on theological purpose and invention strategies Publisher description *The Crozer Quarterly*, 1928

Preaching Promise withing the Paradoxes of Life Len Hansen, 2019-01-01 Paradoxes have become characteristic of the world we live in poverty and privilege empire and oppression migration and enclaves seeking war and peace justice and injustice reconciliation and revenge During the 2016 Societas Homiletica annual conference held in South Africa these paradoxes served as a rediscovery of the calling of preachers to deliver the promise that lies within life's contradictions A divine promise brought forth by the grace of God and the gospel of Christ embodied in and through us by the Spirit of Christ This promise may take many forms and calls for discernment and often interrupts the status quos in surprising shocking ways It is a promise that interrupts in order to comfort Loving God and Disturbing Men Donald A. Leggett, 2003 *Loving God and Disturbing Men* is an excellent resource for preachers and teachers that provides a balance between technical scholarly commentaries and popular devotional works Its unique strength lies in the author's ability to show the relevance of the prophets for the contemporary church and its ministry Readers will appreciate the detailed scholarly treatment of the prophetic literature the author provides But equally important the author demonstrates that what the prophets said about God evil repentance history social justice and eschatology has the ring of immediacy for us Moreover the study is helpful in treating the lives of the prophets as models of spirituality in prayer suffering and preaching While the book is primarily for those who preach from the prophets it is suitable for a much wider audience A book on preaching from the prophets is desperately needed today by the Christian audience if we are to be faithful in declaring the whole counsel of God to our contemporary generation Professor Donald Leggett is to be commended on his desire to aid the Christian community and its proclaimers in advancing this cause It is a pleasure to commend this work Walter C Kaiser Jr Here is a pump primer and launch pad for preachers Dr Leggett's aim is to show us the wisdom of the prophets in a way that will excite us and enable us to share what we have seen I appreciate this book for I think it will do its job And the job is an important one J I Packer Donald A Leggett Th D Free University Amsterdam is Professor Emeritus of Old Testament at Tyndale University College and Seminary in Toronto Ontario For 25 years he also served as a pastor and elder at Village Green Baptist Church in London Ontario *Men and Books, Or, Studies in Homiletics* Austin Phelps, 1892 Candler School of Theology Candler School of Theology, 1929 *The Decennial Publications of the University of Chicago* University of Chicago, 1908 **Jane Addams and the Men of the Chicago School, 1892-1918** Mary Jo Deegan, 2017-07-12 Jane Addams is well known for her leadership in urban reform social settlements pacifism social work and women's suffrage The men of the Chicago School are well known for their leadership in founding sociology and the study of urban life What has remained hidden however is that Jane Addams played a pivotal role in the development of sociology and worked closely with the male faculty at the Department of Sociology at the University of Chicago By using extensive archival material Mary Jo Deegan is the first to

document Addams's sociological significance and the existence of a sexual division of labor during the founding years of the discipline. As the leader of the women's network, Addams was able to bridge these two spheres of work and knowledge. Through an analysis of the changing relations between the male and female networks, Deegan shows that the Chicago men varied widely in their understanding and acceptance of her sociological thought and action. Despite this variation, it was through her work with the men of the Chicago School that Addams left a legacy for sociology as a way of thinking, an area of study, and a methodological approach to data collecting. This previously unexamined heritage of American sociology will be of value to anyone interested in the history of the social sciences, especially sociology and social work, the development of American social thought, the role of professional women, the Progressive Era, and the intellectual contributions of Jane Addams.

Tilford, 2019-10-11. Celebrate 125 years of women's history in the Society of Biblical Literature. Fourteen years after eight male biblical scholars met in Philip Schaff's study to create the Society of Biblical Literature and Exegesis, the Society admitted its first woman, Anna Ely Rhoads, in 1894. Since Rhoads joined, the careers and lives of women in SBL have changed radically from those of the earliest members, whose careers were largely tied to the careers of their fathers or spouses and to institutions concerned with the education of young women. Current members now serve on editorial boards and committees; women present papers and publish books; they teach and mentor students. Leading women biblical scholars from around the world reflect on their experiences studying the Bible academically in the twentieth and twenty-first centuries. This volume is a valuable tool for scholars and students interested in the lives and experiences of women in academic fields, the history of the SBL, and developments in the academic study of the Bible. Features: An essay on the history of women in the SBL tracing some of the struggles and accomplishments of the Society's earliest members. More than twenty-five autobiographical reflections from former SBL presidents, Council members, editors, and active members. Reflections from members who specialize in a variety of subdisciplines representing a range of academic and alternative academic careers. Calvinist Rhetoric in Nineteenth-century America, Brian Fehler, 2007. An examination of early nineteenth-century journals, sermons, and course syllabi written by prominent members of the Calvinist clergy, especially the Bartlett Chairs of Sacred Rhetoric at Andover Seminary, shows how an emerging oratorical culture in the United States impacted the choices made by Calvinist clergy. This study considers how the theory and practice of rhetoric changed in the face of democratizing forces that contributed to a distinctly oratorical culture in the early republic. This study should appeal to scholars interested in the history of rhetoric and American religion. **The Year Book of the Congregational Christian Churches of the United States of America**.
