MERCE CUNNINGHAM: CREATIVE ELEMENTS

ISSUE EDITOR: DAVID VAUGHAN

Merce Cunningham Creative Elements

Eric Mullis

Merce Cunningham Creative Elements:

Merce Cunningham David Vaughan, 2013-10-11 Merce Cunningham reached the age of 75 in 1994 an age at which many creative artists are content to rest on their laurels or at least to leave behind whatever controversies they may have caused during their careers No so Cunningham In the first place his 70s have been a time of intense creativity in which he has choreographed as many as four new works a year Cunningham is a strongly committed as ever to the discovery of new ways of moving and of making movement refusing to be hampered by the physical limitations that have come with age Since 1991 every new work has been made at least in part with the use of the computer program Life Forms which enables him to devise choreographic phrases that he himself would be unable to perform and which challenge and develop the virtuosity of the young dancers in his company The essays collected in this special issue of *Choreography and Dance* were written over the last few years and discuss various aspects of the work of Cunningham as seen both from the outside and the inside *Merce Cunningham* Carrie Noland, 2020-01-23 One of the most influential choreographers of the twentieth century Merce Cunningham is known for introducing chance to dance Far too often however accounts of Cunningham's work have neglected its full scope focusing on his collaborations with the visionary composer John Cage or insisting that randomness was the singular goal of his choreography In this book the first dedicated to the complete arc of Cunningham's career Carrie Noland brings new insight to this transformative artist's philosophy and work providing a fresh perspective on his artistic process while exploring aspects of his choreographic practice never studied before Examining a rich and previously unseen archive that includes photographs film footage and unpublished writing by Cunningham Noland counters prior understandings of Cunningham's influential embrace of the unintended demonstrating that Cunningham in fact set limits on the role chance played in his dances Drawing on Cunningham's written and performed work Noland reveals that Cunningham introduced variables before the chance procedure was applied and later shaped and modified the chance results Chapters explore his relation not only to Cage but also Marcel Duchamp Robert Rauschenberg James Joyce and Bill T Jones Ultimately Noland shows that Cunningham approached movement as more than movement in itself and that his work enacted archetypal human dramas This remarkable book will forever change our appreciation of the choreographer's work and legacy *Instruments of Embodiment* Eric Mullis, 2022-12-16 *Instruments of Embodiment* draws on fashion theory and the philosophy of embodiment to investigate costuming in contemporary dance It weaves together philosophical theory and artistic practice by closely analyzing acclaimed works by contemporary choreographers considering interviews with costume designers and engaging in practice as research Topics discussed include the historical evolution of contemporary dance costuming Merce Cunningham's innovative collaborations with Robert Rauschenberg and costumes used in Ohad Naharin's *Virus* 2001 and in a ground breaking Butoh solo by Tatsumi Hijikata The relationship between dance costuming and high fashion wearable computing and the role costume plays in dance reconstruction are also discussed and along the way an anarchist materialism

is articulated which takes an egalitarian view of artistic collaboration and holds that experimental costume designs facilitate new forms of embodied experience and ways of seeing the body This book will be of great interest to students and scholars working in performance philosophy philosophy of embodiment dance and performance studies and fashion theory The Gay & Lesbian Theatrical Legacy Billy J. Harbin, Kim Marra, Robert A. Schanke, 2005 Recovers the hidden history of theater professionals who transgressed the gendered expectations of their time **Choreography Invisible** Anna

Pakes, 2020-04-28 Dance is often considered an ephemeral art one that disappears nearly as soon as it materializes leaving no physical object behind Yet some dance practice involves people trying to embody something that exists before and survives beyond their particular acts of dancing What exactly is that thing And how do dances continue to exist when not performed Anna Pakes seeks to answer these and related questions in this book drawing on analytic philosophy of art to explore the metaphysics of dance making performance and disappearance Focusing on Western theater dance Pakes also traces the different ways dances have been conceptualized across time and what those historical shifts imply for the ontology of dance works Choreographic Practice in Online Pedagogy Peter J. Cook, 2024-07-19 This book examines a creative approach to

exploring choreographic practice artistically theoretically and pedagogically It explores the interweaving of dance dance teaching dance onto epistemologies and choreography with a particular focus on creating dance with digital technologies The idea of centring choreography in dance education fundamentally challenges typical conceptions of best practice in the preparation and delivery appropriateness and effectiveness of dance performance teaching and learning experiences It purposefully privileges creativity as a critical learning paradigm extending the ways in which creativity studies are enriching performance scholarship as well as performance teaching The book acknowledges the importance of the artist teacher nexus and presents choreographic practice as the centre of learning in dance with a focus on digital platforms **Reminded by**

the Instruments You Nakai, Yu Nakai, 2021 David Tudor is remembered today as an extraordinary pianist of post war avant garde music who worked closely with composers like John Cage and Karlheinz Stockhausen and as a founding figure of live electronic music His bold reinterpretation of Cage's Variations II and his idiosyncratic performances using homemade modular instruments inspired a whole generation of musicians But his reticence his unorthodox approaches and the diversity of his creative output which began with the organ and ended with visual art have kept Tudor a puzzle Reminded by the Instruments sets out to solve the puzzle of David Tudor by applying Tudor's own methods for approaching the materials of others to the vast archive of materials that he himself left behind Author You Nakai deftly patches together instruments electronic circuits sketches diagrams recordings letters receipts customs declaration forms and testimonies like modular pieces of a giant puzzle to reveal a new perspective on Tudor's creative process Rejecting the established narrative of Tudor as a performer turned composer this book presents a lively portrait of an artist whose work always merged both of these roles In reading Tudor's electronic devices as musicological texts and examining his dissection of electronic circuits Nakai

transcends discourses on sound and illuminates our understanding of the instruments behind the sounds in post war experimental music

HCI International 2021 - Posters Constantine Stephanidis, Margherita Antona, Stavroula Ntoa, 2021-07-03 The three volume set CCIS 1419 CCIS 1420 and CCIS 1421 contains the extended abstracts of the posters presented during the 23rd International Conference on Human Computer Interaction HCII 2021 which was held virtually in July 2021 The total of 1276 papers and 241 posters included in the 39 HCII 2021 proceedings volumes was carefully reviewed and selected from 5222 submissions The posters presented in these three volumes are organized in topical sections as follows Part I HCI theory and methods perceptual cognitive and psychophysiological aspects of interaction designing for children designing for older people design case studies dimensions of user experience information language culture and media Part II interaction methods and techniques eye tracking and facial expressions recognition human robot interaction virtual augmented and mixed reality security and privacy issues in HCI AI and machine learning in HCI Part III interacting and learning interacting and playing interacting and driving digital wellbeing eHealth and mHealth interacting and shopping HCI safety and sustainability HCI in the time of pandemic

Rhythmic Subjects Dee Reynolds, 2007 Mary Wigman Martha Graham Merce Cunningham are key choreographers of the 20th 21st centuries whose rhythmic innovations challenge established norms of energy usage in their socio cultural contexts enabling their contemporaries to engage differently with dominant economies of energy

Attitudes & Arabesques, 1995-08

Merce Cunningham's Presence in the Present Elizabeth Shelare Gilbride, 2009 This work analyzes the activities of the Merce Cunningham Dance Foundation to address the confluence of many issues facing artists arts organizations and art policy makers in the United States the relationship of present creative practice to historical documentation the interaction between the organizing bodies of policy and administration and the human bodies that enact and participate in creative work and the institutionalization of memory and community

The Routledge Companion to Music and Visual Culture Tim Shephard, Anne Leonard, 2013-07-31 As a coherent field of research the field of music and visual culture has seen rapid growth in recent years The Routledge Companion to Music and Visual Culture serves as the first comprehensive reference on the intersection between these two areas of study an ideal introduction for those coming to the field for the first time as well as a useful source of information for seasoned researchers This collection of over forty entries from musicologists and art historians from the US and UK delineate the key concepts in the field in five parts Starting Points Methodologies Reciprocity the musical in visual culture and the visual in musical culture Convergence in metaphor in conception and in practice Hybrid Arts This reference work speaks to the important questions concerning this burgeoning field of research what are the established approaches to studying musical and visual cultures side by side What have been the major points of contact between these two areas and what kind of questions can this interdisciplinary research address moving forward The Routledge Companion to Music and Visual Culture is an indispensable guide for anyone interested in the field of music and visual culture

Dancefilm Erin

Brannigan, 2011 Dancefilm traces some of the most significant collaborations between dancers choreographers and filmmakers and presents new models of cinematic movement that are both historically informed and thoroughly interdisciplinary

DanceLab Kerstin Evert, 2003 Den anderen Sparten des Theaters voran suchen seit einigen Jahren zahlreiche Tänzer und Choreographen in ihren künstlerischen Arbeiten die Auseinandersetzung mit neuen Medien Technologien Anhand ausgewählter Fallstudien zeitgenössischer Künstler wie Merce Cunningham William Forsythe und Stelarc die neuen Technologien im Aufführungskontext tragend einbeziehen sie inhaltlich reflektieren oder als choreographisches Arbeitsinstrument im Probenprozess nutzen wird im vorliegenden Buch ein Überblick über die wichtigsten Einsatzgebiete neuer Technologien im zeitgenössischen Tanz der 1990er Jahre gegeben In den entstehenden Produktionen und prozessorientierten Ansätzen treffen tanztechnisch ausgebildete Körper auf elektronische und digitale Technologien Ballettsaal und Bühne erscheinen so als Tanzlabor in einem zweifachen Sinn Als Forum intermedialer Austausch und Adaptationsprozesse sowie als Ort der Inszenierung technologisch beeinflusster Körperbilder

4e de couverture Exploring, Experiencing, and Envisioning Integration in US Arts Education Nancy H. Hensel, 2018-01-16 This book explores the dedication of the New American Colleges Universities to the purposeful integration of liberal education professional studies and civic engagement through the performing literary and visual arts Examples of course level and programmatic integration of the arts are discussed from both an applied practice based approach and a philosophical framework that posits student benefit from exploring experiencing and envisioning creativity in their future professions The authors believe that the development of professional skills in combination with the theoretical aspects of liberal arts curriculum which traditionally includes music theatre art and literature provides a high quality undergraduate educational experience that uniquely prepares students for adaptability in their careers and engaged citizenship grounded in the ability to think creatively critically and ethically

Art Performs Life Merce Cunningham, Walker Art Center, 1998 Artwork by Merce Cunningham Contributions by Thelma Golden Meredith Jones Laura Kuhn

Merce Cunningham David Vaughan, 2013-10-11 Merce Cunningham reached the age of 75 in 1994 an age at which many creative artists are content to rest on their laurels or at least to leave behind whatever controversies they may have caused during their careers No so Cunningham In the first place his 70s have been a time of intense creativity in which he has choreographed as many as four new works a year Cunningham is as strongly committed as ever to the discovery of new ways of moving and of making movement refusing to be hampered by the physical limitations that have come with age Since 1991 every new work has been made at least in part with the use of the computer program Life Forms which enables him to devise choreographic phrases that he himself would be unable to perform and which challenge and develop the virtuosity of the young dancers in his company The essays collected in this special issue of *Choreography and Dance* were written over the last few years and discuss various aspects of the work of Cunningham as seen both from the outside and the inside

Dance Production Jeromy Hopgood, 2015-09-07 Dance

Production Design and Technology introduces you to the skills you need to plan design and execute the technical aspects of a dance production While it may not seem that staging a dance production is that different from a play or musical in reality a dance performance offers up unique intricacies and challenges all its own from scenery that accommodates choreography to lighting design that sculpts the body and costumes that complement movement This unique book approaches the process of staging a dance production from a balanced perspective making it an essential resource for dancers and designers alike Covering a broad range of topics author Jeromy Hopgood takes the reader through the process of producing dance from start to finish including pre production planning collaboration production process personnel performance spaces design disciplines lighting sound scenery costumes projections stage management and more Bridging the gap between theatrical and dance design the book includes a quick reference guide for theatrical and dance terminology useful in giving dancers and designers a common working vocabulary that will ensure productive communication across the different fields

Choreographies of the Living Carrie Rohman, 2018-04-09 Choreographies of the Living explores the shift from viewing art as an exclusively human undertaking to recognizing it as an activity that all living creatures enact Carrie Rohman's bioaesthetic framework describes how art making binds us to other animals in literature visual art dance and performance

Being Contemporary Lia Nicole Brozgal, Sara Kippur, 2016 A collection of 23 riveting essays on aspects of contemporary French culture by the superstars of the field

Eventually, you will no question discover a supplementary experience and exploit by spending more cash. nevertheless when? pull off you resign yourself to that you require to acquire those every needs as soon as having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to comprehend even more on the order of the globe, experience, some places, subsequent to history, amusement, and a lot more?

It is your utterly own era to put on an act reviewing habit. in the middle of guides you could enjoy now is **Merce Cunningham Creative Elements** below.
