One Hundred Years Of Dreams Glasgow Va:

Journey on the James Earl Swift, 2014-12-19 From its beginnings as a trickle of icy water in Virginia's northwest corner to its miles wide mouth at Hampton Roads the James River has witnessed more recorded history than any other feature of the American landscape as home to the continent's first successful English settlement highway for Native Americans and early colonists battleground in the Revolution and the Civil War and birthplace of America's twentieth century navy In 1998 restless in his job as a reporter for the Norfolk Virginian Pilot Earl Swift landed an assignment traveling the entire length of the James He hadn't been in a canoe since his days as a Boy Scout and he knew that the river boasts whitewater not to mention man made obstacles to challenge even experienced paddlers But reinforced by Pilot photographer Ian Martin and a lot of freeze dried food and beer Swift set out to immerse himself he hoped not literally in the river and its history What Swift survived to bring us is this engrossing chronicle of three weeks in a fourteen foot plastic canoe and four hundred years in the life of Virginia Fueled by humor and a dauntless curiosity about the land buildings and people on the banks and anchored by his sidekick Martin whose photographs accompany the text Swift points his bow through the ghosts of a frontier past past Confederate forts and POW camps antebellum mills ruined canals vanished towns and effluent spewing industry Along the banks lonely meadowlands alternate with suburbs and power plants marinas and the gleaming skyscrapers of Richmond's New South downtown Enduring dunkings wolf spiders near arrest channel fever and twenty knot winds Swift makes it to the Chesapeake Bay Readers who accompany him through his *Journey on the James* will come away with the accumulated pleasure if not the bruises and mud of four hundred miles of adventure and history in the life of one of America's great watersheds

A Family's Path in America David S. Glasgow, Virginia Lynda Mundy-Norris Miller, 1992

God Knows All Your Names Paul N. Herbert, 2009-08-18 People with only a slight interest in history will enjoy these fascinating short and easy to understand stories Serious history buffs will like these lesser known episodes not the stories we've heard a million times For example try to find anyone who knows about the attempted slave insurrection in Fairfax County Virginia With Mary Lincoln's spending habits who knew that Abraham Lincoln actually saved an enormous percentage of his presidential salary A slave honored in Virginia with a monument the history of Lee Highway which opened with great fanfare in 1923 as a 3 000 mile road from Washington DC to San Diego a story about the Little River Turnpike the second oldest turnpike in America built partly by slaves and captured Hessian soldiers You'll read about two Civil War ships that collided in the Potomac River Victims included wounded soldiers wives and one soldier's six year old son You'll read a great account of the massive Civil War corruption You'll learn about the disastrous condition of the treasury sound familiar during the Revolutionary War The government tried everything including a lottery to get the country afloat in a sea of red ink

But the most fascinating story may be about the Revolutionary War soldier who faked his own desertion to defect to the enemy with the highly secretive mission of going behind enemy lines to capture and return for trial the worst traitor in American history Benedict Arnold Bet you never heard of this story There are many other stories in this eclectic heavily researched manuscript Theres a story about the Christmas Truce in World War One about long forgotten holidays in Virginia about the retrocession which sent an area of Washington back to Virginia in 1846 and about the impeachment of a Supreme Court justice it happened only once And more

Learning the Valley John Leland, 2012-10-15 Meanderings through a storied Virginia region with a look at its significance from prehistory to the present In Learning the Valley award winning nature writer John Leland guides readers through the natural and human history of the Shenandoah Valley in twenty five short essays on topics ranging from poison ivy and maple syrup to Stonewall Jackson and spelunking Undergirding this dynamic narrative of place and time is a tale of self discovery and relationship building as Leland s excursions into the valley lead him to a new awareness of himself and strengthen his bond with his young son Edward Spanning some two hundred miles through the Blue Ridge and Allegheny mountains in western Virginia the Shenandoah Valley is the prehistoric home of mastodons and giants sloths the site of a storied Civil War campaign and now a popular destination for outdoor adventures to be had beneath the oaks chestnuts hickories maples and centuries old cedars Leland offers informed perspectives on the valley s rich heritage drawing from geology biology paleontology climatology and military and social history to present a compelling appreciation for the region s importance from prehistory to the present and to map the impact of humanity and nature on one another within this landscape Leland s essays are grounded in recognizable landmarks including House Mountain Massanutten Mountain Maury River Whistle Creek Harpers Ferry and Student Rock Whether he is chronicling the European origins of the valley s so called American boxwoods commenting on the nineteenth century fascination with sassafras or recalling his son s first reactions to the Natural Bridge of Virginia and its encompassing tourist developments Leland uses keen insights adroit research and thoughtful literary and historical allusions to bring the Big Valley vibrantly to life Like an amiable and accomplished tour guide Leland readily shares all he has learned in his years among the woods waters and wildlife of the Shenandoah But the heart of his narrative transcends the valley and invites readers to find their own sites of adventure and reflection to revisit the wonders and mysteries to be found in their own backyards as a chance to in the words of Henry David Thoreau live like a traveler at home

Headlines declare after each new hint of evidence that the Lost Colony the English colonists left on Roanoke Island in 1587 including Virginia Dare has been found None of these claims pass muster as the historical archaeological and literary evidence presented here demonstrate This book analayzes several hypotheses and demonstrates why none have been shown

to be more probable than any of the others To understand how the 1587 colonists became The Lost Colony the authors recount the history of the English expeditions in the 1580s and the original searches for the colonists from 1590 until the 1620s The archaeological evidence gathered from the 19th through the 21st centuries is presented The book then examines how the disappearance of the colonists has been portrayed in pseudoscience fiction and popular culture from the beginnings until the present day In the end readers will have all the data they need to judge new claims concerning the fate of The Lost Colony
