Open House Unabridged:

Women and Dictionary-Making Lindsay Rose Russell, 2018-04-30 Dictionaries are a powerful genre perceived as authoritative and objective records of the language impervious to personal bias But who makes dictionaries shapes both how they are constructed and how they are used Tracing the craft of dictionary making from the fifteenth century to the present day this book explores the vital but little known significance of women and gender in the creation of English language dictionaries Women worked as dictionary patrons collaborators readers compilers and critics while gender ideologies served at turns to prevent secure and veil women s involvements and innovations in dictionary making Combining historical rhetorical and feminist methods this is a monumental recovery of six centuries of women s participation in dictionary making and a robust investigation of how the social life of the genre is influenced by the social expectations of gender The Writings of Robert Motherwell Robert Motherwell, 2007-05-10 Robert Motherwell was not just a great painter he was a brilliant thinker As the founding editor of *The Documents of Twentieth Century of Art* he decisively shaped our understanding of modernism This new and expanded selection of Motherwell s criticism provides an essential guide to the art of the high modern period both American and European Pepe Karmel author of *Picasso and the Invention of Cubism* In the past two decades Abstract Expressionism has become one of the most dynamic subjects in art history sometimes the reading is so dense it is like swimming through peanut butter But cutting through to the essential questions that generated the movement the writings of Robert Motherwell are a treasure Written at the same time he was painting Motherwell s texts make me feel like a witness to the philosophical curiosity that generated one of the most powerful art movements of the twentieth century Michael Auping author of *Abstract Expressionism The Critical Developments* This book is essential reading for anyone thinking about the uneasy clash of modernism and postmodernism in postwar America Motherwell s writing played a decisive role and this volume is an admirably full account of it Jonathan Fineberg author of *When We Were Young New Perspectives on the Art of the Child* *Decolonising the University* Gurinder K. Bhambra, Dalia Gebrial, Kerem Nişancioğlu, 2018-08-20 In 2015 students at the University of Cape Town demanded the removal of a statue of Cecil Rhodes the imperialist racist business magnate from their campus The battle cry RhodesMustFall sparked an international movement calling for the decolonisation of the world s universities Today as this movement grows how will it radically transform the terms upon which universities exist In this book students activists and scholars discuss the possibilities and the pitfalls of doing decolonial work in the home of the coloniser in the heart of the establishment Subverting curricula enforcing diversity and destroying old boundaries this is a radical call for a new era of education Offering resources for students and academics to challenge and resist coloniality inside and outside the classroom *Decolonising the University* provides the tools for radical pedagogical disciplinary and institutional change The United Editors Perpetual Encyclopedia, 1909 The Publishers Weekly, 1887 *The Best of The Reformed Journal* James D.
