Dr. Trevor Blattner

Opening To Your Higher Self Manifestations Of The Third Kind:

Opening to Your Higher Self Todd Varnum, Fred Fengler, 1996-08 John Meyer, 2008-09-01 Writing about the events that transpire in a persons life is a hard thing to accomplish It is even harder writing about the spiritual and supernatural events that occur while dealing with life itself Contained within these pages are my confessions Glimpses into my conscious mind coming to terms with the unknown Expanding my awareness that there is life after death Catching fragments of realities that exist just beyond this physical realm Overcoming hurdles placed in front of me by society family and friends wrapping each experience up and molding them all together into a reality that I except as truth This journey of self discovery has taken me a lifetime to achieve Finding new avenues to follow Heading over mountain ranges and into valleys which has eventually led me in finding the Divine Light within This is not a traditional book about Heaven and hell but instead its a book of self discovery The story of my quest in finding who and what I am in this universe and how I play a role in it Its about expanding my awareness of a multi dimensional existence Diving deep into the etheric waters only to discover what lies beneath its surface These pages contained within are my experiences My memories of events that are as real to me as you holding this book Pouring my soul out in hopes that by doing so I gain an even greater understanding into what is truth

Under the Plum Tree Marjorie Giles,2010-09 Earth is a place of education on physical experience These teachings of Chung Fu offer guidelines for finding one s own higher self Under the Plum Tree originated from trance teachings by a Fourth Century BPE colleague of Chuang Tze at private homes

internationally between 1974 1977 The sessions described the bases for present day tao disciplines such as tai chi feng shui and martial arts Students at the readings tended to be spiritually evolved and were experiencing their final earthly reincarnations The spiritual self is the strongest essence within your world Your higher self has had experience of everything upon your plane In one way or another each of you experienced everything that you hear touch taste or smell before you could become your physical body You have been sound you have been brass and you have been tree or cat or dog You have been buffalo or bird Not in the immediate past one or two lifetimes but maybe 50 000 lifetimes ago You have within your higher self the electro magnetic communicating system of all living things and all energy in your plane When you project a visual element with your higher self it includes empathy with the birds with the elements with all things because it has been all things This is important You are the grass You are the tree You are the air the fire the water and the earth You your body is water It is earth it has minerals and chemicals within it It is air for it cannot live without breathing It is fire for it is warmth and without the sun it could not live You are all things but in the ignorance of your subconscious mind you let the water the air the fire and the earth rule your life You let every situation with people with plant and flower organize and project your actions You let the automobile tell you what to do but it is an element mineral metal not your higher self Spiritual projections are not utopian ideas They are practical tools for individual control of your life He who projects forward and allows the spiritual self from the higher force to go into the world daily weekly or monthly or even to a meeting or business situation controls his life Only beauty will come forward for the subconscious does not rule when a spiritual being is projected Ah to smell the color to hear the plant to feel sound to taste music to see sound Each of the senses interrelates upon a scale The ancient masters those whom you know as myths Odin or Isis Vishnu or Zeus were great masters who taught the inner way not the outer Your higher self holds all your answers can solve all your problems and can do for you whatever you wish

The Human Needs Valentin Matcas, 2013-03-20 Everything that you do in life you do to fulfill your needs including your social demands eating development addictions sleeping reproduction social competition and learning While you can do so at all cognitive existential and social levels depending on means demands and abilities Furthermore you always follow laws in the world as you fulfill your needs but can you follow these simultaneously You may smile slightly here since experience is personalized and therefore unique throughout the world but what exactly is going on Why should you ever encounter problems as a living human being in a human world What are your needs and feelings exactly and what do they make you do Who sends you your own personal natural human needs And is everything that you know about the human needs pertinent enough to assure a meaningful

successful fulfilling life Because everybody ends up in dreadful circumstances at times struggling with countless of problems it happens to you and to those around so why should you have to fail in life at least partially as a human being while following rules and the human needs simultaneously And since this happens to everybody can humans actually be at fault Because if humans themselves are considered wrong incapable or compromised in an actual human world through their own natural needs and feelings then what exactly do laws and authorities seek here if they do not serve humans society needs and fulfillment the most Because now it seems that authorities hold you responsible for everything that life sends your way ending up contradicting and judging life through you and punishing you dreadfully While many times it is done so on purpose to reach you or to take you out of the way Since everybody becomes involved when you fail and you have to be highly capable today to manage both life and society simultaneously And to make matters more complex you cannot find to learn anything on this topic but only laws codes stereotypes and irrelevant or trivial beliefs And now when you study everything closely you see how the human experience in this world is marked by the human needs and feelings on one side and by people s ignorance about the human needs and feelings on the other Throughout this book we study the comprehensive human existence very closely as it starts with the human needs We identify and analyze all needs feelings fulfillment behavior reasoning and meaning while understanding life and the wider world altogether If you seek to learn more about yourself and your own needs and feelings this book is for you *Redefining the Top 1%* Dr. Trevor Blattner,2021-04-06 Gallup CEO Jim Clifton has pointed out that an increasing number of people in the world are miserable hopeless suffering and becoming dangerously unhappy Something is profoundly wrong and it must be addressed Dr Trevor Blattner s thesis detailed in *Redefining The Top 1%* is simple Leaders must break away from the current trend of despair and self destruction by becoming a leader of themselves and those around them And not just any sort of leader but a very particular type of leader They must become a Shepherd Leader Reaching the Top 1% in one s field wealth and influence is not an accident It is as simple as learning the systematic process of how to behave think and perform like those in The Top 1% It is achievable by anyone willing to follow the step by step behaviors and actions laid out in *Redefining The Top 1%* The Top 1% System and Shepherd Leadership are not about being hard core and arrogant but rather about performing at absolute maximum capacity
