Opening Repertoire For White:

Play the English Craig Pritchett, 2008 *A Simple Chess Opening Repertoire for White* Sam Collins, 2016-06-03 By carefully choosing variations that lead to similar structures IM Sam Collins has put together a powerful repertoire book ideal for players with limited study time White opens with 1 e4 and develops his pieces to natural squares seeking open lines and the initiative The dominant theme of this sound and active repertoire is that where reasonable White seeks out Isolated Queen Pawn IQP positions i e with the c3 Sicilian Panov Caro Kann Tarrasch French and the Italian Game with early c3 and d4 There are no speculative gambits here just plenty of healthy aggression and new ideas Because so many of Collins s recommendations lead to familiar structures ideas can easily be transplanted from one opening to another He gives illustrative games that emphasize the key themes including White s many opportunities to forcibly weaken and attack the black king The specific analysis is up to the minute and features ideas that have proven their worth in grandmaster practice Throughout there is attention to move order subtleties with clever nuances in sidelines that your opponents are unlikely to have examined in detail Irish international master Sam Collins won the championship of his home country in 2002 and 2014 He has represented Ireland in numerous Olympiads winning an individual gold medal at Bled in 2002 He is also an experienced chess teacher who has lectured at the Berkeley Chess School in California His previous books for Gambit were *Chess Explained* The c3 Sicilian and the highly successful general opening work *Understanding the Chess Openings* *My First Chess Opening Repertoire for White* Vincent Moret, 2016-05-11 Every chess player needs to decide which openings he is going to play But where do you start The risk of drowning in the turbulent sea of opening theory is only too real for beginning amateurs Often your goals and ambitions will be misguided Trying to win in 20 moves copying what s in fashion among top GM s or memorizing variations are a waste of time Most likely you will never play your preparation or end up by jumping from one opening to the other Experienced French chess trainer Vincent Moret provides a complete ready to go chess opening repertoire for White with a sound set of lines that do not outdate rapidly do not require memorization and are easy to digest for beginning players and other amateurs In this complete and user friendly guide Moret has selected relatively aggressive variations that will enhance your tactical vision To show the typical plans and demonstrate underlying ideas and key motifs Moret not only selected games of Grandmasters For instructional purposes he also uses games of young players to highlight the errors they tend to make **Hypermodern Opening Repertoire for White** Eric Schiller, 1999 **A Strategic Chess Opening Repertoire for White** John L. Watson, 2012 Such has been the acclaim for John Watson s ground breaking works on modern chess strategy and his insightful opening books that it is only natural that he now presents a strategic opening repertoire It is the chess player s holy grail a flexible repertoire that gives opponents real problems but doesn t require masses of memorization or continual study of ever changing grandmaster theory While this book can t quite promise all of that Watson offers an intriguing selection of lines that give vast scope for over the board creativity and should

never lead to a dull draw The repertoire is based on 1 d4 and 2 c4 following up with methodical play in the centre Watson uses his vast opening knowledge to pick cunning move orders and poisonous sequences that will force opponents to think for themselves providing a true test of chess understanding Throughout he discusses strategies for both sides so readers will be fully ready to pounce on any inaccuracies and have all the tools to decide on the most appropriate plans for White **Keep It Simple**

1.d4 Christof Sielecki Christof Sielecki,2019-12-12 After the success of his award winning book Keep it Simple 1 e4 International Master Christof Sielecki is back His new repertoire based on 1 d4 has a similar profile variations that are straightforward and easy to remember and require little or no maintenance Sielecki has created a reliable set of opening lines for chess players of almost all levels The major objective is to dominate Black from the opening by simple means You don t need to sacrifice anything or memorize long tactical lines His main concept is for White to play 1 d4 2 Nf3 3 g3 4 Bg2 5 0 0 and in most cases 6 c4 Sielecki developed this repertoire while working with students who were looking for something that was easy to understand and easy to learn This new 1 d4 repertoire may be even easier to master than his 1 e4 recommendations because it is such a coherent system Sielecki always clearly explains the plans and counterplans and keeps you focussed on what the position requires Ambitious players rated 1500 or higher will get great value out of studying this extremely accessible book

Modern Chess Opening Repertoire for White James Rizzitano,2021-11 James Rizzitano s goal in this book is to provide you with a one volume theoretically sound dynamic opening repertoire beginning with 1 e4 Studying the choices of the current top players he identifies these secrets of their success Play openings where you have a relatively safe king Take the bishop pair in a semi open position if it is offered to you Avoid creating unnecessary weaknesses in your own position Accept questionable gambits and material sacrifices Absorb any space advantage conceded by the opponent His choice of lines to recommend is based on these principles and supported by detailed work with the current top computer engines While serious work on chess openings confirms the basic truth that White can t simply force a large advantage from the start position we can greatly narrow Black s path to safety and tilt the practical struggle in our favour To have a chance of half a point our opponents will need to solve difficult tactical and strategic problems deep into the middlegame The main lines recommended are Giuoco Piano via Bishop s Opening move order Modern Advance Caro Kann Tarrasch French Rossolimo and Moscow Sicilians and 2 e6 3 c3 Traditional main lines vs Scandinavian and Alekhine Tricky piece play options against the Pirc and Modern International Master James Rizzitano dominated New England chess from

1976 to 1989 winning 157 of 336 events in which he competed His career highlights include victories over Albur Benjamin Benko Christiansen Dlugy I Gurevich and Wolff In more recent years Rizzitano made a return to competitive chess and has written five books for Gambit including How to Beat 1 d4 and Play the Najdorf Sicilian

Kaufman's New Repertoire for Black and White Larry Kaufmann,2019-10-29 Seven years after his acclaimed and bestselling *The Kaufman Repertoire for Black and White* Grandmaster Larry Kaufman is back with his new repertoire book covering the entire scope of chess openings in one volume Two important developments made this new book necessary Larry Kaufman who routinely himself plays the lines he advocates to others discovered that after 1 d4 the recommendation in his previous book it became nearly impossible to show a consistent advantage for White especially against the Gruenfeld and the Nimzo Ragozin defenses The other factor was that chess engines have become so much stronger in recent years Komodo the top chess engine that computer expert Kaufman helped develop is now able to apply the celebrated Monte Carlo Tree Search algorithm With Komodo MCTS it is now possible to abandon lines that may be theoretically best against other computers and instead choose lines that are likely to succeed in actual practice against

strong human opponents Larry Kaufman presents a completely new White repertoire with 1 e4 aiming for an objective advantage in the simplest practical manner You are presented with two options while you don t have to play the sharpest lines The Black repertoire has been thoroughly revised and updated with some crucial chapters replaced Kaufman s New Repertoire for Black and White is the first opening book that is primarily based on Monte Carlo search The highly original analysis has resulted in many improvements on existing theory This is a ready to go and easy to digest repertoire with sound practical lines that do not outdate rapidly and are suitable for masters while accessible for amateurs **Keep It Simple: 1.**

E4 Christof Sielecki,2018-12-31 AWARD ChessPub 2018 Book of the Year Why is this repertoire called simple Its variations are straightforward easy to remember and require little maintenance International Master Christof Sielecki has created a reliable set of lines for chess players of almost all levels The major objective is to dominate Black in the opening by simple means You don t need to sacrifice anything or memorize long tactical lines Most of the variations Sielecki selected are occasionally played by grandmasters but on the whole they lie outside the mainstream of opening theory That means that there is hardly any need to monitor theoretical developments Sielecki always clearly explains the plans and counterplans and keeps you focussed on what the position requires Ambitious players rated 1500 or higher will get great value out of studying this extremely accessible book **A Chess Opening Repertoire for Blitz & Rapid** Evgeny Sveshnikov,Vladimir

Sveshnikov,2016-03-23 Playing blitz is one of the great joys in every chess player s life In modern times faster time controls have become more important than ever Every day innumerable numbers of rated blitz and rapid games are being played in online and over the board competitions and championships In blitz even more than in classical chess it is important to make the right decisions quickly and almost instinctively That is why world famous opening expert Grandmaster Evgeny Sveshnikov and his son International Master Vladimir Sveshnikov have created a chess opening repertoire for club players that is forcing both narrow and deep and aggressive The aim is to be in control as much as possible You want to be the one who decides which opening is going to be played you want to dictate the technical and strategic choices And you want to keep the pressure increasing your opponent s chances to stumble In designing their repertoire father and son Sveshnikov have made a crucial choice they do not want you to end up in positions where finding the theoretically best move is all important but in positions where it is relatively easy to keep finding the moves with the greatest practical effect and use If you play the lines the Sveshnikovs have selected your results will improve You may even end up playing their variations in slow chess as well **My First Chess Opening Repertoire for Black and White** Christof Sielecki,2024-10 In My First

Chess Opening Repertoire you will learn how to play the opening This book gives you a compact and easy to learn repertoire for White starting with the move 1 e4 And it gives you a similar repertoire for Black with answers to all of White s approaches For beginners and improvers for anyone with a rating up to 1200 or even higher there is probably no better guide than Christof Sielecki The author strikes the perfect balance between fun easy to understand and theoretically sound
