Operation Millennium Bomber Harrib Raid On Cologne May 194:

Under a Bomber's Moon Stephen Harris, 2011-01-11 They were the best of enemies dedicated skilled and deadly In the night skies above wartime Germany an RAF navigator air bomber from New Zealand and a Luftwaffe pilot seek out their targets testing the gap between success and their own destruction as they cross each other s paths The odds are heavily against either of them making it through the war but as this sobering realisation displaces their initial exuberant sense of adventure both come to see in their youthful sacrifice the survival of all they hold dear UNDER A BOMBER S MOON reaches across the divide of years of geography of nationality to tell their story largely in their own words describing both the breathtaking clashes in the air and the camaraderie humour patriotism and personal tragedies that became their war Stephen Harris began his journey of discovery because he wanted to know the truth of his great uncle Colwyn Jones s fate With Col s vividly written letters and diary as a starting point he set out to discover what really happened on the night Col s extraordinary luck ran out Little did he know that his quest would lead him to a meeting with a former Luftwaffe pilot who was pitted against his great uncle in the skies over Germany Otto Heinrich Fries proved to be both engaging and articulate eventually allowing Harris to tell his story in this book The result is a unique and personal account of two highly successful airmen from opposing sides

Operation Millennium Eric Taylor, 2004 Operation Millennium was an extraordinary feat of organization involving 1 048 bombers over 6 000 aircrew and 53 British airfields To ensure the success of this first strike of the Allied blitz maximum effort was the order and the Royal Air Force waged a merciless campaign against any airmen who showed faltering commitment ruthlessly trying them by court martial as lacking moral fiber In this impressive and uncompromising picture of the war in the skies the atmosphere of night bomber stations is vividly recalled the comradeship the courage lightly worn the pity and the fear The raid on Cologne is remembered by the crews of Bomber Command and the unfortunate citizens of Cologne who endured the catastrophic rain of steel The author has interviewed Britons and Germans aggressors and victims and their eyewitness accounts testify to the horror and heroism on both sides of this unprecedented raid
