Pan-Turkism in Turkey Jacob M. Landau,1981 **Pan-Turkism** Jacob M. Landau,1995-11-22 Landau's book is important in several respects it provides exhaustive information on almost every pan Turk publication and all of its authors and publicists Landau appears to have consulted every conceivable source including archives and collections In addition the book is useful to students of pan nationalism and nationalism for Landau also expertly places all his information into a larger theoretical context This contribution to the literature is invaluable *Journal of Developing Areas* a most worthwhile work It deserves to be in all library collections on the Middle East Perspectives on Political Science Landau has provided an up to date compendium of facts concerning the history of these nationalist ideas and movements Students of nationalism in general and the politics of post Soviet Central Asia and the Turkish Republic in particular will remain greatly indebted to Landau for some considerable time *American Political Science Review* An examination of relations between Turks in Turkey and their kin abroad in Cyprus the Balkans and especially in the six ex Soviet Muslim republics in the Caucasus and Central Asia This book delineates the special relationship between the new republics and Turkey which has altered the essence of Pan Turkism from militant irredentism to practical solidarity in matters political economic and cultural *Studies in Atatürk's Turkey* George Harris,Nur Bilge Criss,2009-06-17 Nearly all of the previous scholarship on Turkey and U S relations cover the Cold War period as well as current affairs with regard to security strategy and defense Hence the literature abounds with military orientation This edited volume builds on a historical perspective and focuses on foreign relations diplomacy actors mutual perceptions and reciprocity in diplomatic relations within the framework of the world conjuncture in the 1920s and 1930s Relations with the U S A have served as a balance in Turkey's Euro Atlantic policy long before NATO was established Likewise rebuilding relations with the Republic of Turkey served U S interests in opening to the Near East and thus breaking away from its much lauded isolationist policy between the two world wars Thus the picture that emerges here is just as much a history of U S diplomacy as it is of Turkey **The Role of the Bektāshīs in Turkey's National Struggle** Hülya Küçük,2021-12-28 Dealing with the roles of the Bektāshīs in Turkey's recent history especially in its National Struggle 1918-1923 as well as their situation in late 19th and early 20th centuries Ottoman Empire this volume is packed with well documented historical information on individuals who belonged or claimed to belong to the Bektāshī milieu and contains many documents and several pictures hitherto unknown It also treats the roles of the other Sufi orders in the National Struggle to emphasize its thesis that the Bektāshīs acted not differently during the National Struggle It sheds lights on many unknown aspects of Turkey's National Struggle and brings new commentaries on Turkey's official policies regarding the Bektāshīs and Alevīs **The Armenian Genocide in Perspective** Stephen R. Graubard,2017-07-05 Seven decades after the destruction of the Armenian population in the Ottoman Empire the Armenian genocide remains largely ignored by governments and forgotten by the world public even though the annihilation of Armenians was headlined around the world in 1915 Scholarly

investigation of the Armenian genocide is just beginning made more difficult by the tendency of many establishment figures to rationalize the past and the attempt of perpetrator governments and their successors to deny the past This volume is a pioneering collective attempt to assess and analyze the Armenian genocide from differing perspectives including history political science ethics religion literature and psychiatry Focusing on the general implications of denial rationalization and responsibility it is particularly important as a precursor to the study of the Holocaust and other genocides Competing Ideologies in the Late Ottoman Empire and Early Turkish Republic Ahmet Seyhun,2021-01-14 The second constitutional period of the Ottoman Empire and the early decades of the Turkish republic were a hotbed of new and competing ideas which were to dramatically shape the development of the modern nation that followed This book includes translations of and introductions to some of the key Turkish writers of the age including Namik Kemal Ziya G kalp Abdullah Cevdet and Ahmed Riza The writings of these Turkist Westernist and Islamist Ottoman and early republican thinkers are presented with contextualizing introductions which allow readers to access the primary texts which show the Turkish intellectual milieu out of which Mustafa Kemal s ideas were to emerge and ultimately dominate and will be of interest to students and scholars of Ottoman and Turkish History **The Enduring Hold of Islam in Turkey** David S. Tonge,2024-10-03 A new history of modern Turkey focusing on its fifty year retreat from Kemalist secularism The Mobilization of Political Islam in Turkey Banu Eligür,2010-04-12 The Mobilization of Political Islam in Turkey explains why political Islam which has been part of Turkish politics since the 1970s but on the rise only since the 1990s has now achieved governing power Drawing on social movement theory the book focuses on the dominant form of Islamist activism in Turkey by analyzing the increasing electoral strength of four successive Islamist political parties the Welfare Party its successor the Virtue Party and the successors of the Virtue Party the Felicity Party and the Justice and Development Party This book which is based on extensive primary and secondary sources as well as in depth interviews provides the most comprehensive analysis currently available of the Islamist political mobilization in Turkey **Turkey's Cold War** Saban Halis Çalis,2016-11-30 Drawing on a variety of sources ranging from interviews with key figures to unpublished archival material Saban Halis Calis traces this ambition back to the 1930s In doing so he demonstrates that Turkey s policy has been shaped not just by US and Soviet positions but also by its own desire both to reinforce its Kemalist character and to Westernise The Cold War therefore can be seen as an opportunity for Turkey to realise its long held goal and align itself economically and politically with the West This book will shed new light on the Cold War and Turkey s modern diplomacy and re orientate existing understandings of modern Turkish identity and its diplomatic history **Social Power and the Turkish State** Tim Jacoby,2004-08-02 This book focuses on the historical sociology of the Turkish state seeking to compare the development of the Ottoman Turkish state with similar processes of large scale historical change in Europe identified by Michael Mann in The Sources of Social Power Jacoby traces the contours of Turkey s modernisation with the intention of formulating a fresh way to approach state development in

countries on the global economic periphery particularly those attempting to effect closer ties with northern markets It also highlights matters of social change pertinent to states grappling with issues relating to political Islam minority identity and irredentist dissent **Turkey and the European Union** Ali Carkoglu,Barry Rubin,2004-11-23 These papers examine the history behind Turkey s application for EU membership The contributors tackle the thorny issues of Cyprus Turkey s attitude towards a common defence policy and Turkish parliamentarians views on the nation s relations with the European Union

The Jews of the Ottoman Empire and the Turkish Republic Stanford J. Shaw,1992-08 The Ottoman Turks provided refuge for Jews fleeing from persecution in Europe and Byzantium from the emergence of the Ottoman Empire in the 13th century until the 19th century when it also received thousands of Jews persecuted in Tzarist Russia and the 20th century when it provided refuge for Jews fleeing from Russian pogroms and the Nazi holocaust Shaw s study is the product of some 35 years of research on Ottoman history Annotation copyrighted by Book News Inc Portland OR Myth and Rhetoric of the Turkish Model Anita Sengupta,2014-05-02 The volume discusses what the Turkish Model or Turkish Development Alternative was and why it was promoted in the Central Asian republics immediately following the dissolution of the Soviet Union It argues that the Turkish Model was a myth that transferred the ideal of a secular democratic liberal society as a model for the post Soviet Turkic world and in the process encouraged a Turkic rhetoric that emphasized connection between the two regions based on a common ancestry The volume begins with an understanding of the reality of the Model from a Turkish perspective and then goes on to examine whether the Turkic world as a cultural civilizational alternative makes sense both from a historical as well as contemporary perspective It concludes by looking at the re emergence of the Model in the wake of the events in West Asia in early 2011 and examines how in the light of a search for options the Turkish Model is once again projected as viable *Turkey* George S. Harris,2023-01-20 First published in 1985 Turkey Coping with Crisis is a comprehensive survey of the Turkish experience tracing the Turks through the ages to provide the background essential to understanding contemporary Turkey Noting the problems that possession of an empire left for its modern successor state and evaluating the role of the military in Turkish politics Dr Harris provides insight into the political challenges facing the country and finds that the success of policies for economic development is the key to overall political success of modern Turkey He analyses the constitutional structure showing how modifications in proportional representation have helped create a more effective government Dr Harris concludes that Turkey has the resources and dedication to representative government necessary to solve its most pressing problems This is an essential read for students of international politics Turkish politics Turkish history and Middle East studies **Turkish Accession to the EU** Eric Faucompret,Jozef Konings,2008-05-23 Turkey is without doubt the most controversial candidate for accession to an enlarged EU This book takes a cross disciplinary approach to assess the extent to which it is satisfying the Copenhagen criteria *Books on Turkey* ,2005 **Daring and Caution in Turkish Strategic Culture** M. Mufti,2009-10-23 Mufti argues that Turkey s security policy is dominated by an

insular and risk averse Republican strategic culture paradigm that this paradigm has fallen into crisis bringing some of its core elements in conflict with others and that this crisis has permitted the reassertion of a more cosmopolitan and risk taking Imperial counter paradigm *The New Great Game in Muslim Central Asia* Mohammed E. Ahrari, James Beal, 2000-07

Legal Pluralism in Action Latif Tas, 2016-04-22 This groundbreaking book contributes to and refocuses public debates about the incorporation of plural approaches into the English legal system The book specifically advances the recent largely theoretical discussions of Sharia legal practice by examining a secular method of dispute resolution as practised by the Kurdish Peace Committee in London Following migration to the West many Kurds still adhere to traditional values and norms Building on these they have adapted their customary legal practices to create unofficial legal courts and other forms of legal hybridisation These practical solutions to the challenges of a pluralistic life are seen by Kurdish communities in the UK as applicable not only to British and transnational daily life but also as a training ground for institutions in a possible future Kurdish state The study provides a substantive evidence base using extensive ethnographic data about the workings of the Kurdish Peace Committee examining detailed case studies in the context of the customs and practices of the Kurdish community Based on an ethnographic and interdisciplinary approach this book will be of interest to policy makers socio legal professionals students and scholars of legal anthropology ethnic minority law transnationalism diaspora Kurdish Turkish and Middle Eastern studies **Parakratos: Narratives of Political and Military Conspiracies in Modern Greek**

Historiography Nikola Tohma, 2025-06-01 This book analyzes the conspiratorial concept of parakratos translated as deep state or parastate as a Cold War parallel power mechanism that exerted a profound influence on the political landscape in post civil war Greece 1949 1967 A well known phenomenon to the Greek domestic public the far right parakratos became the usual suspect for political murders election rigging and terrorism during this period Despite its notoriety for numerous outrageous incidents including the assassination of the left wing politician Grigoris Lambrakis in Thessaloniki in 1963 the structure of the parakratos has eluded a comprehensive understanding primarily due to the paucity of reliable sources and the absence of a scholarly consensus regarding its nature Parakratos endeavors to problematize the current conception of parakratos by underscoring the capacity of the concept to not only represent but also define and transform the Greek domestic Cold War politics and our perception of it Rather than seeking to explain the presumed conspiracies typically ascribed to the groups and members the book aims to demonstrate how these events influenced the domestic and international politics of the era and thereby contributed to the establishment of a legacy of conspiracy theories as a means of political struggle Moreover it connects the Greek parakratos to the broader debate on parapolitics as well as the concepts of the dual state the security state and the deep state in various national contexts
