Sarah Wilkins-Laflamme

Phantoms Of Divinity The Collapse Of Traditional Faith:

The Phantoms of Divinity Edith Carlson, 1992 Today's religious leaders seek to revive the traditional Christian beliefs of our forefathers while the central issue whether it is any longer possible or even desirable to return to that faith is avoided Carlson recommends that Christians take a close and careful look at exactly what was said by Jesus and the apostle Paul in order to fill the great spiritual void of our age The Decline of Christendom in Western Europe, 1750-2000 Hugh McLeod, Werner Ustorf, 2003-07-17 Christendom lasted for over a thousand years in Western Europe and we are still living in its shadow For over two centuries this social and religious order has been in decline Enforced religious unity has given way to increasing pluralism and since 1960 this process has spectacularly accelerated In this 2003 book historians sociologists and theologians from six countries answer two central questions what is the religious condition of Western Europe at the start of the twenty first century and how and why did Christendom decline Beginning by overviewing the more recent situation the authors then go back into the past tracing the course of events in England Ireland France Germany and the Netherlands and showing how the fate of Christendom is reflected in changing attitudes to death and to technology and in the evolution of religious language They reveal a pattern more complex and ambiguous than many of the conventional narratives will admit *Forthcoming Books* Rose Arny, 1999 **The Publishers' Trade List Annual**, 1995 *Beliefs and the Dead in Reformation England* Peter Marshall, 2002-07-11 This is the first comprehensive study of one of the most important aspects of the Reformation in England its impact on the status of the dead Protestant reformers insisted vehemently that between heaven and hell there was no middle place of purgatory where the souls of the departed could be assisted by the prayers of those still living on earth This was no remote theological proposition but a revolutionary doctrine affecting the lives of all sixteenth century English people and the ways in which their Church and society were organized This book illuminates the sometimes ambivalent attitudes towards the dead to be discerned in pre Reformation religious culture and traces up to about 1630 the uncertain progress of the reformation of the dead attempted by Protestant authorities as they sought both to stamp out traditional rituals and to provide the replacements acceptable in an increasingly fragmented religious world It also provides detailed surveys of Protestant perceptions of the afterlife of the cultural meanings of the appearance of ghosts and of the patterns of commemoration and memory which became characteristic of post Reformation England Together these topics constitute an important case study in the nature and tempo of the English Reformation as an agent of social and cultural transformation The book speaks directly to the central concerns of current Reformation scholarship addressing questions posed by revisionist historians about the vibrancy and resilience of traditional religious culture and by post revisionists about the penetration of reformed ideas Dr Marshall demonstrates not only that the dead can be regarded as a significant marker of religious and cultural change but that a persistent concern with their status did a great deal to fashion the distinctive appearance of the English Reformation as a whole and to create its peculiarities and

contradictory impulses Annual Review of the Sociology of Religion. Volume 1 (2010) Giuseppe Giordan, 2010-10-01 The purpose of the Annual Review of the Sociology of Religion ARSR is to investigate the new role of religion in the contemporary world which is characterized by cultural pluralism and religious individualism It is the aim of the ARSR to combine different methods within the social scientific study of religion The ARSR employs an interdisciplinary and comparative approach at an international level to describe and interpret the complexity of religious phenomena within different geopolitical situations highlighting similarities and discontinuities Dealing with a single theme in each volume the ARSR intends to tackle the relationship between the practices and the dynamics of everyday life and the different religions and spiritualities within the framework of the post secular society This volume presents the religious and spiritual life of the young an ever new and complex world which highlights the changes that are happening in the field of religion in general With an outlook which is opened to various international contexts its chapters offer a picture of the current situation between religion and the young suggesting possible future trends Religion, Spirituality and Secularity among Millennials Sarah Wilkins-Laflamme, 2022-08-19 This book explores the world of religion spirituality and secularity among the Millennial generation in the United States and Canada with a focus on the ways Millennials are doing non religion differently in their social lives compared with their parents and grandparents It considers the influences exercised on the non religious and spiritual landscapes of young adults in North America by the digital age precarious work growing pluralism extreme individualism environmental crisis advanced urbanism expanded higher education emerging adulthood and a secular age Based on extensive primary and secondary quantitative data complemented with high quality qualitative research including interviews and focus groups this book offers cross national comparisons between the United States and Canada to highlight the impact of different social environments on the experience of religion spirituality and secularity among the continent s most numerous generation As such it will appeal to scholars of religion and sociology with interests in religious and societal change as well as in religious practice among young adults *History of Rome. Classic Collection. Illustrated* Julius Caesar, Tacitus, Appian, Edward Gibbon, Theodor Mommsen, 2022-10-04 This collection includes classic works on the history of Rome from its foundation to the collapse of the empire into Western and Eastern Julius Caesar The Gallic Wars The Civil War Tacitus The Histories The Annals Appian Roman History The Civil Wars Edward Gibbon The History of the Decline and Fall of the Roman Empire Theodor Mommsen The History of Rome *Daoist Ritual, State Religion, and Popular Practices* Shin-Yi Chao, 2013-03-01 Zhenwu or the Perfected Warrior is one of the few Chinese Deities that can rightfully claim a countrywide devotion Religious specialists lay devotees the state machine and the cultural industry all participated both collaboratively and competitively in the evolution of this devotional movement This book centres on the development and transformation of the godhead of Zhenwu as well as the devotional movement focused on him Organised chronologically on the development of the Zhenwu worship in Daoist rituals state religion and popular practices it looks at the changes in the way Zhenwu was

perceived and the historical context in which those changes took place The author investigates the complicated means by which various social and political groups contested with each other in appropriating cultural religious symbols The question at the core of the book is how in a given historical context human agents and social institutions shape the religious world to which they profess devotion The work offers a holistic approach to religion in a period of Chinese history when central local official clerical and popular power are constantly negotiating and reshaping established values
