Political Dictionary Of The State Of Israel

Karin Nielsen-Saines

Political Dictionary Of The State Of Israel:

Political Dictionary of the State of Israel Susan Hattis Rolef, 1993 Political Dictionary of the State of Israel Susan Hattis Rolef, 1987 **Political Dictionary of the State of Israel**, 1993 Political Dictionary of the State of Israel Susan Hattis Rolef, 1993 This guide to the political world of Israel covers its leading figures political parties major events and the basic terms concepts ideologies and institutions that make up its political structure *Political Dictionary of Israel* Bernard Reich, David Howard Goldberg, 2000-06-07 Few countries of its size have attracted more attention and aroused more controversy than Israel It is a country beset by conflict in its region and faced with the need to integrate immigrants and to weld individuals of disparate backgrounds and ethnicity into a modern and advanced state And although small in size and population it has played a significant role in international relations This companion book to the Historical Dictionary of Israel provides in a single source a comprehensive and up to date reference volume with detailed information about every aspect of the political life of contemporary Israel as well as serving as a guide to the complexities and nuances of contemporary Israeli politics It fills a gap in the literature by providing comprehensive information about the various diplomatic and political personalities institutions organizations events concepts and documents that together define the political life of the Jewish state The Political Dictionary of Israel will provide both students and scholars with extensive information and serve as a starting point for further research on the topic through its detailed bibliographical references *Captain America and the Crusade Against Evil* Robert Jewett, John Shelton Lawrence, 2004-06-14 Grasping this vision honored by Judaism Christianity and Islam alike includes recognizing the dangers of zealous violence the illusions of current crusading and the promise of peaceful coexistence under international law **The A to Z of Zionism** Rafael Medoff, Chaim I. Waxman, 2009-09-28 The Jewish attachment to Zion is many centuries old While the modern Zionist movement was organized a little more than a century ago the roots of the Zionist idea reach back close to 4 000 years ago to the day that the biblical patriarch Abraham left his home in Ur of the Chaldees to settle in the Promised Land where the Jewish state subsequently arose From that day to the establishing of the state of Israel in 1948 the Jewish people have been in a constant struggle to either regain or maintain their homeland Although 60 years have now passed since the establishment of Israel many of the political and religious factions that made up the Zionist movement in the pre state era remain active The A to Z of Zionism through its chronology maps introductory essay bibliography and over 200 cross referenced dictionary entries on crucial persons organizations and events is a valuable contribution to the appreciation for both the diversity and consensus that characterize the Zionist experience Information Sources of Political Science Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world's leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed Information Sources of Political Science is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get

straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries

Christian Attitudes Towards the State of Israel Paul Charles Merkley, 2001 During the 1947 United Nations debate on the future of Palestine world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel However almost as soon as it became clear that the Jews had won their war for independence anti Zionists within Christianity reasserted themselves A pro Arab bloc of Western missionaries at the World Council of Churches echoed the anti Zionism that has always characterized those churches which today constitute the Middle East Council of Churches while the Roman Catholic Church never friendly to Zionism advocated the internationalization of Jerusalem to diminish the Jewish presence in the heart of the Holy Land Mainstream Protestantism championed Palestinian nationalism and still does not hesitate to portray Israel as an oppressor but most evangelical Christians see Israel s restoration as a part of God s plan In *Christian Attitudes towards the State of Israel* Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today

Israel S. Ilan Troen, Noah Lucas, 2012-02-01 Israel presents a panoramic display of fresh interpretations and new research findings related to Israel s first decade of independence Those years of rapid change are widely regarded as a formative period in the development of the state and the society As new archival materials have become available for scrutiny a new generation of historians and social scientists has begun to re examine old issues and to raise new questions In this context of academic ferment scholars in diverse disciplines of different generations and of opposing ideological orientations have collaborated in this book in examining the period anew Thirty two authoritative essays offer new understandings from the diverse perspectives of history political science sociology literary criticism geography anthropology and law The intention is to provide a wide ranging reconsideration of post independence Israel that will serve as a benchmark for future study and research

Israel Martin Gilbert, 2018-09-01 The most comprehensive account of Israeli history yet published Efraim Karsh *The Sunday Telegraph* Fleeing persecution in Europe thousands of Jewish immigrants settled in Palestine after World War II Renowned historian Martin Gilbert crafts a riveting account of Israel s turbulent history from the birth of the Zionist movement under Theodor Herzl to the unexpected declaration of its statehood in 1948 and through the many wars conflicts treaties negotiations and events that have shaped its past six decades including the Six Day War the Intifada Suez and the Yom Kippur War Drawing on a wealth of first hand source materials eyewitness accounts

and his own personal and intimate knowledge of the country Gilbert weaves a complex narrative that is both gripping and informative and probes both the ideals and realities of modern statehood Martin Gilbert has left us in his debt not only for a superlative history of Israel but also for a restatement of the classic vision of Zion in which a Middle East without guns is not a bedtime story but an imperative long overdue This is the vision for which Yitzhak Rabin gave his life This book is tribute to his memory Jonathan Sacks The Times London

The Jewish State Alan Dowty, 2001-06 The one intelligent overview of Israeli politics that addresses the paradox at the heart of Israeli statehood How can Israel be both a Jewish state and a democratic state

Israel/Palestine and the Politics of a Two-State Solution Thomas G. Mitchell, 2013-05-27 This is a dispassionate examination of the viability of a two state solution in the Israeli Palestinian conflict based on the politics of Israel Palestine and the United States It includes instructive case studies from South Africa in Namibia and the Irish claim to Northern Ireland The results of Israeli elections from 2001 to 2013 are analyzed with the conclusion that the Likud will be in any government coalition for at least the midterm future giving it a veto over policy A chapter examining the history and ideology of the secular right over the last 90 years follows There are three chapters of case studies the Likud withdrawal from the Sinai in 1979 1982 and from Gaza in 2005 the withdrawal of South Africa from Namibia in 1988 1989 and the dropping of Ireland's constitutional claim to Northern Ireland in 1998 under a Fianna Fail government the same party that wrote the constitution in 1937 A chapter examines Palestinian politics since the mandatory era and another the American Israeli alliance and American politics A concluding chapter draws lessons from the case studies and the analysis

Drama and Ideology in Modern Israel Glenda Abramson, 1998-09-10 A large number of political plays have been written in Israel over the past fifty years and they are perceived by audiences and critics alike as major interventions in the country's ongoing political debates the result is that Israeli drama is at the centre of many public controversies In this first full length study of Israeli political drama Glenda Abramson shows that during the early years of the State of Israel most of its intellectuals were identified with the official state interpretation of Zionism After the Six Day War in 1967 an influential group of playwrights concerned with the evolution of Zionist ideology in the modern nation state began to question the ethical basis of Zionism Hanokh Levin Yehoshua Sobol Yosef Mundi Miriam Kainy Amos Kenan and others have gone on to examine Zionism as it affects contemporary Israeli society

Israel's Higher Law Steven V. Mazie, 2006-04-07 In Israel's Higher Law Steven V. Mazie draws on the voices of Israeli citizens to shed new light on the relationship between liberal democracy and religion By analyzing Israelis' perspectives on a number of divisive issues including Jewish state symbols marriage law public Sabbath observance and funding for religious education Mazie identifies a rift between Israeli and American understandings of separation of religion and state and a gulf between Jewish and Arab citizens' visions for Israel's religion state arrangement Mazie's compelling study offers more valuable insight into these dilemmas than any publication to date and proposes new guidelines for resolving them Israel's Higher Law is the definitive work on the tensions between religion and democracy in

Israel It is a must read for anyone interested in politics and Jewish studies Israel's Knesset Members Susan Hattis Rolef, 2022-07-29 Taking Members of the Israeli Knesset MKs as a case study this book offers a comparative analysis of the various roles performed by Members of Parliament MPs within the framework of their job in democracies around the world Based on the author's experience of working in and for the Knesset from 1977 to 2010 this book questions the lack of a comprehensive job description not only for MKs but also for similar roles in parliamentary democracies globally The author finds that a serious perusal of materials dealing with the job's various components in the Israeli case for example basic laws the Knesset Rules of Procedure the Rules of Ethics for MKs minutes of the Knesset Plenum and Committees and so forth presents an almost complete picture of the MK's job that like pieces in a jigsaw puzzle merely need be assembled together Finding the job of MPs in general and of MKs specifically definable this book argues that it ought to be defined considering the centrality of this role for a democracy's functioning This innovative book will not only prove useful for scholars of Israeli governance and legislation but will also be of interest to scholars of parliamentarism and comparative legislative politics in general **Israel** Edgar S. Marshall, 2002 There has probably never been a country in the history of the world like Israel the homeland for Jews from all around the world a visceral enemy of Arab countries called a client state of the United States a developed country in its own right by its own hands Israel has seen many events since its founding in 1948 but peace it has not found The book examines current issues swirling about Israel as well as presents the historical background necessary for grasping its place in the world today **Indispensable Traitors** Thomas G. Mitchell, 2002-03-30 In settler societies some conflicts have roots that are both ethnic and colonial in nature These are conflicts between an indigenous ethnic group and groups and between an ethnic group and groups of settlers who have been transplanted to a territory by a colonial power as part of a colonizing effort This study examines the role that liberal parties have played and can play in recent conflicts in Israel Palestine Northern Ireland and South Africa Typically such parties reject the conventional wisdom of the settler population regarding the nature of the conflict They also reject the radical thinking of the liberation movements and offer instead a third alternative Mitchell hopes that this study will provide useful information for current liberal parties in Central and Eastern Europe and Israel Ultimately many of the liberal party's ideas are adopted by the main settler parties allowing for a resolution of the conflict generally through a compromise between the liberal and indigenous positions However before such resolution can occur the liberals must achieve an electoral breakthrough that gives them a minimum of between five and ten percent of votes they must also obtain significant stable representation in parliament Liberal leadership must be innovative offering new solutions that depart from the conventional wisdom of both sides Mitchell provides the most detailed account yet published on the Alliance Party of Northern Ireland He also includes extensive information on the KwaZulu Natal Indaba of 1986 and analysis of the electoral fortunes of the Progressive Federal Party in South Africa Holy Places of Jerusalem in Middle East Peace Agreements Enrico Molinaro, 2009-12-01 Throughout history Jerusalem and its Holy Places

have witnessed fierce religious controversy and political dispute This study analyses an international and diplomatic perspective which highlights the state national territorial versus global transnational approach to Jerusalem with respect to possession and the right to worship **Israeli Politics and the Middle East Peace Process, 1988-2002** Hassan A. Barari, 2004-07-31 This book argues that domestic Israeli politics have been a key factor in determining Israeli Palestinian peacemaking in the period from 1988 to the present

This is likewise one of the factors by obtaining the soft documents of this **Political Dictionary Of The State Of Israel** by online. You might not require more become old to spend to go to the ebook opening as capably as search for them. In some cases, you likewise do not discover the declaration Political Dictionary Of The State Of Israel that you are looking for. It will enormously squander the time.

However below, gone you visit this web page, it will be fittingly unquestionably simple to get as skillfully as download lead Political Dictionary Of The State Of Israel

It will not receive many epoch as we notify before. You can realize it even if ham it up something else at house and even in your workplace. in view of that easy! So, are you question? Just exercise just what we meet the expense of below as competently as review **Political Dictionary Of The State Of Israel** what you in imitation of to read!
