

Counterpublics

- Marked off from “any general or dominant public” (84)
- “A counterpublic maintains at some level, conscious or not, an awareness of its subordinate status” (86)
- Like general publics, it is addressed to strangers, but not just any strangers—counterpublics are addressed to people “marked by their participation in this kind of discourse; ordinary people are presumed to not want to be mistaken for the kind of person who would participate in this kind of talk or be present in this kind of scene” (86)

Publics And Counterpublics

Amelia Bonea,Irina Nastasa-Matei

Publics And Counterpublics:

Publics and Counterpublics Michael Warner, 2021-07-06 Publics and Counterpublics revolves around a central question What is a public The idea of a public is a cultural form a kind of practical fiction present in the modern world in a way that is very different from other or earlier societies Like the idea of rights or nations or markets it can now seem universal But it has not always been so Publics exist only by virtue of their imagining They are a kind of fiction that has taken on life and very potent life at that Publics have some regular properties as a form with powerful implications for the way our social world takes shape but much of modern life involves struggles over the nature of publics and their interrelation There are ambiguities even contradictions in the idea of a public As it is extended to new contexts and media new politics and rhetorics its meaning can be seen to change in ways that we have scarcely begun to appreciate By combining historical analysis theoretical reflection and extended case studies Publics and Counterpublics shows how the idea of a public works as a formal device in modern culture and traces its implications for contemporary life Michael Warner offers a revisionist account at the junction of two intellectual traditions with which he has been associated public sphere theory and queer theory To public sphere theory this book brings a new emphasis on cultural forms and a new focus on the dynamics of counterpublics To queer theory it brings a new way of seeing how queer culture among other examples is shaped by the counterpublic environment

Worlding Postcolonial Sexualities Kanika Batra, 2021-08-01 Worlding Postcolonial Sexualities demonstrates how late twentieth century postcolonial print cultures initiated a public discourse on sexual activism and contends that postcolonial feminist and queer archives offer alternative histories of sexual precarity vulnerability and resistance The book's comparative focus on India Jamaica and South Africa extends the valences of postcolonial feminist and queer studies towards a historical examination of South South interactions in the theory and praxis of sexual rights Analyzing the circumstances of production and the contents of English language and intermittently bilingual magazines and newsletters published between the late 1970s and the late 1990s these sources offer a way to examine the convergences and divergences between postcolonial feminist gay and lesbian activism It charts a set of concerns common to feminist gay and lesbian activist literature retrogressive colonial era legislation impacting the status of women and sexual minorities a marked increase in sexual violence piecemeal reproductive freedoms and sexual choice under neoliberalism the emergence and management of the HIV AIDS crisis precariousness of lesbian and transgender concerns within feminist and LGBTQ movements and Non Governmental Organizations as major actors articulating sexual rights as human rights This methodologically innovative work is based on archival historical research analyses of national and international policy documents close readings of activist publications and conversations with activists and founding editors This is an important intervention in the field of gender and sexuality studies and is the winner of the 2020 Feminist Futures Subversive Histories prize in partnership with the NWSA The book is key reading for scholars and students in gender sexuality comparative literature and postcolonial

studies Chapter 3 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Readings in Rhetorical Fieldwork Samantha Senda-Cook, Aaron Hess, Michael Middleton, Danielle Endres, 2018-09-05 Readings in Rhetorical Fieldwork compiles foundational articles highlighting the development of fieldwork in rhetorical criticism. Presenting a wide variety of approaches, the volume begins with a section establishing the starting points for the development of fieldwork in rhetorical criticism and then examines five topics: Space, Public Memory, Publics and Counterpublics, Advocacy and Activism, and Science, Technology, and Medicine. Within these sections, readers evaluate a full spectrum of methods from interviews to oral histories to participant observation. This volume is invaluable for advanced undergraduate and graduate students of rhetorical criticism, rhetorical fieldwork, and qualitative methods looking for a comprehensive overview of the development of rhetorical fieldwork.

Cruising and Queer Counterpublics Jennifer Elizabeth Moon, 2006 *Organic Public Engagement* Adam S. Lerner, Pat J. Gehrke, 2017-10-03 This book advances organic public engagement methods based on ecological thinking. The authors draw on rich multi-disciplinary literature in ecological thinking as well as research from public engagement with science events held over the past several years across the United States. Through this combination of ecology theory and case studies, this book provides both the conceptual foundations and the proven practical applications of public engagement grounded in ecological thinking. It offers engagement scholars an effective and efficient means of carrying out their missions while simultaneously building a more ecologically valid method for studying actually existing publics.

The Routledge Companion to Actor-Network Theory Anders Blok, Ignacio Farias, Celia Roberts, 2019-06-17 This companion explores ANT as an intellectual practice, tracking its movements and engagements with a wide range of other academic and activist projects. Showcasing the work of a diverse set of second-generation ANT scholars from around the world, it highlights the exciting depth and breadth of contemporary ANT and its future possibilities. The companion has 38 chapters, each answering a key question about ANT and its capacities. Early chapters explore ANT as an intellectual practice and highlight ANT's dialogues with other fields and key theorists. Others open critical, provocative discussions of its limitations. Later sections explore how ANT has been developed in a range of social scientific fields and how it has been used to explore a wide range of scales and sites. Chapters in the final section discuss ANT's involvement in real-world endeavours such as disability and environmental activism, and even running a Chilean hospital. Each chapter contains an overview of relevant work and introduces original examples and ideas from the authors' recent research. The chapters orient readers in rich, complex fields and can be read in any order or combination. Throughout the volume, authors mobilise ANT to explore and account for a range of exciting case studies, from wheelchair activism to parliamentary decision-making, from racial profiling to energy consumption monitoring, from queer sex to Korean cities. A comprehensive introduction by the editors explores the significance of ANT more broadly and provides an overview of the volume. *The Routledge Companion to Actor Network*

Theory will be an inspiring and lively companion to academics and advanced undergraduates and postgraduates from across many disciplines across the social sciences including Sociology Geography Politics and Urban Studies Environmental Studies and STS and anyone wishing to engage with ANT to understand what it has already been used to do and to imagine what it might do in the future

Negotiating in/visibility Amelia Bonea,Irina Nastasa-Matei,2025-08-05 This volume brings together scholars from different disciplinary backgrounds to discuss how women contributed to the making pedagogy institutionalisation and communication of scientific knowledge in the twentieth century and to reflect on the theoretical and methodological challenges of documenting such hidden contributions Featuring examples from China former Czechoslovakia Greece Hungary India Japan Romania the United Kingdom and the United States the contributors discuss women s engagement with science across different institutional and non institutional sites ranging from the laboratory and the school to the clinic the home and the media The volume moves beyond the professional scientist model to enlarge our understanding of women s participation in twentieth century science and document the complex combination of factors that rendered such contributions in visible to contemporaries and future generations

Protest Publics Nina Belyaeva,Victor Albert,Dmitry G. Zaytsev,2019-05-10 This book examines the waves of protest that broke out in the 2010s as the collective actions of self organized publics Drawing on theories of publics counter publics and developing an analytical framework that allows the comparison of different country cases this volume explores the transformation from spontaneous demonstrations driven by civic outrage against injustice to more institutionalized forms of protest Presenting comparative research and case studies on e g the Portuguese Generation in Trouble the Arab Spring in Northern Africa or Occupy Wall Street in the USA the authors explore how protest publics emerge and evolve in very different ways from creating many small citizen groups focused on particular projects to more articulated political agendas for both state and society These protest publics have provoked and legitimized concrete socio political changes altering the balance of power in specific political spaces and in some cases generating profound moments of instability that can lead both to revolutions and to peaceful transformations of political institutions The authors argue that this recent wave of protests is driven by a new type of social actor self organized publics In some cases these protest publics can lead to democratic reform and redistributive policies while in others they can produce destabilization ethnic and nationalist populism and authoritarianism This book will help readers to better understand how seemingly spontaneous public events and protests evolve into meaningful well structured collective action and come to shape political processes in diverse regions of the globe

LGBTQs, Media and Culture in Europe Alexander Dhoest,Lukasz Szulc,Bart Eeckhout,2016-11-10 Media matter particularly to social minorities like lesbian gay bisexual transgender and queer people Rather than one homogenised idea of the global gay what we find today is a range of historically and culturally specific expressions of gender and sexuality which are reflected and explored across an ever increasing range of media outlets This collection zooms in on a number of facets of this kaleidoscope each chapter discussing

the intersection of a particular European context and a particular medium with its affordances and limitations While traditional mass media form the starting point of this book the primary focus is on digital media such as blogs social media and online dating sites All contributions are based on recent original empirical research using a plethora of qualitative methods to offer a holistic view on the ways media matter to particular LGBTQ individuals and communities Together the chapters cover the diversity of European countries and regions of LGBTQ communities and of the contemporary media ecology Resisting the urge to extrapolate they argue for specificity contextualisation and a provincialized understanding of the connections between media culture gender and sexuality **Like Wildfire** Sean Patrick O'Rourke, Lesli K.

Pace, 2020-06-02 The sit ins of the American civil rights movement were extraordinary acts of dissent in an age marked by protest By sitting in at whites only lunch counters libraries beaches swimming pools skating rinks and churches young African Americans and their allies put their lives on the line fully aware that their actions would almost inevitably incite hateful violent responses from entrenched and increasingly desperate white segregationists And yet they did so in great numbers most estimates suggest that in 1960 alone more than seventy thousand young people participated in sit ins across the American South and more than three thousand were arrested The simplicity and purity of the act of sitting in coupled with the dignity and grace exhibited by participants lent to the sit in movement's sanctity and peaceful power In **Like Wildfire** editors Sean Patrick O'Rourke and Lesli K Pace seek to clarify and analyze the power of civil rights sit ins as rhetorical acts persuasive campaigns designed to alter perceptions of apartheid social structures and to change the attitudes laws and policies that supported those structures These cohesive essays from leading scholars offer a new appraisal of the origins growth and legacy of the sit ins which has gone largely ignored in scholarly literature The authors examine different forms of sitting in and the evolution of the rhetorical dynamics of sit in protests detailing the organizational strategies they employed and connecting them to later protests By focusing on the persuasive power of demanding space the contributors articulate the ways in which the protestors battle for basic civil rights shaped social practices laws and the national dialogue O'Rourke and Pace maintain that the legacies of the civil rights sit ins have been many complicated and at times undervalued

The Top Books of the Year Publics And Counterpublics The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Publics And Counterpublics : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Publics And Counterpublics : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
