Puff A Novel:

Puff Bob Flaherty, 2009-10-13 Meet John Gullivan age thirteen obsessed with the moles that dot most of his body Meet his brother Gully who can't stop laughing at them Now meet the brothers ten years later in the middle of the most ferocious blizzard anyone can remember Set in an Irish working class suburb of Boston in the 1960s and 1970s Puff centers on a quest as the soon to be orphaned brothers posing as rescue personnel attempt to steer their dilapidated van through insurmountable snow all to score a bag of pot Trapped in their own ruse and forced to act the part of the saviors they are pretending to be the brothers run into an endless stream of foes and obstacles the cops their childhood priest a knife wielding maniac and the ill all stand in the way of their elusive high A raucous caper Puff is as hilarious as it is heartfelt and will resonate with old and young alike *The Puffiad* Robert Montgomery, 1828 Mokeyanna! F. C. Burnand, 2023-07-22 Reprint of the original first published in 1873 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **Mokeyanna!** sir Francis Cowley Burnand, 1873 **Fashioning the Silver Fork Novel** Cheryl A Wilson, 2015-10-06 Fashion and celebrity may be twenty first century obsessions but they were also key concepts in Regency culture Both celebrated and condemned for their popularity silver fork novels were extremely prolific during this period This study looks at the social and literary impact of this significant genre **Twang: A Novel** John Schlimm, 2011-06 In TWANG a novel former Country Music publicist John Schlimm peels back the industry crafted cliché of Nashville and its beloved superstars He takes readers backstage of the sold out concerts inside the homes and heads of Nashville's elite and introduces them to a side of show business that has yet to be revealed Readers are whisked away on a wild ride to a provocative and quirky place with fictional characters who seem strikingly familiar and who will leave the readers shocked titillated laughing and realizing that the real world of Country Music is far more compelling and scandal ridden than they could ever have imagined **The Book Monthly** James Milne, 1911 **The Publisher**, 1909 **Puff** Keenan E Dailey, 2020-12-10 **A History of the French Novel: From the Beginning to the Close of the 19th Century (Complete)** George Saintsbury, Although I have already in two places given a somewhat precise account of the manner in which fiction in the modern sense of the term and especially prose fiction came to occupy a province in modern literature which had been so scantily and infrequently cultivated in ancient it would hardly be proper to enter upon the present subject with a mere reference to these other treatments It is matter of practically no controversy or at least of none in which it is worth while to take a part that the history of prose fiction before the Christian era is very nearly a blank and that in the fortunately still fairly abundant remains of poetic fiction the story is the least part as Dryden says in another sense or at least the telling of the story in our modern sense is so Homer in the Odyssey at any rate Herodotus in what was certainly not intentional fiction at all and Xenophon are about the only Greek writers who can tell a story for the magnificent narrative of

Thucydides in such cases as those of the Plague and the Syracusan cataclysm shows all the headstrong ethos of the author in its positive refusal to assume a story character In Latin there is nothing before Livy and Ovid of whom the one falls into the same category with Herodotus and Xenophon and the other admirable raconteur as he is thinks first of his poetry Scattered tales we have mimes and other things there are some and may have been more But on the whole the schedule is not filled there are no entries for the competition In later classical literature both Greek and Latin the state of things alters considerably though even then it cannot be said that fiction proper that is to say either prose or verse in which the accomplishment of the form is distinctly subordinate to the interesting treatment of the subject constitutes a very large department or even any regular department at all If Lucius of Patrae was a real person and much before Lucian he may dispute with Petronius that first century Maupassant or Meredith or both combined the actual foundation of the novel as we have it but Lucian himself and Apuleius strangely enough handling the same subject in the two languages give securer and more solid starting places Yet nothing follows Apuleius though some time after Lucian the Greek romance of which we have still a fair number of examples spread however over a still larger number of centuries establishes itself in a fashion It does one thing indeed which in a way refounds or even founds the whole conception it establishes the heroine There are certainly feminine persons sometimes not disagreeable who play conspicuous and by no means mute or unpractical parts in both Greek and Latin versions of the Ass Legend but one can hardly call them heroines There need be no chicane about the application of that title to Chloe or to Chariclea to Leucippe or to her very remarkable rival to Anthia or to Hysmine Without the heroine you can hardly have romance the novel without her though her individuality may be put in commission is an absolute impossibility The connection between these curious performances with the much larger number of things like them which we know to have existed on the one side and the Western mediaeval romance on the other has been at various times matter of considerable controversy but it need not trouble us much here The Greek romance was to have very great influence on the French novel later on the earlier composition generally called by the same name as itself it would seem to have had next to none Until we come to Floire et Blanchefleur and perhaps Parthenopex things of a comparatively late stage obviously post Crusade and so necessarily exposed to and pretty clearly patient of Greek Eastern influence there is nothing in Old French which shows even the same kinship to the Greek stories as the Old English Apollonius of Tyre which was probably or rather certainly in the original Greek itself The sources of French romance I must take leave to request a truce of God as to the application of that term and of epic for present purposes appear to have been two the Saint s Life and the patriotic or family saga the latter in the first place indelibly affected by the Mahometan incursions of the eighth ninth and tenth centuries The story telling instinct kindled by or at first devoted to these subjects subsequently fastened on numerous others In fact almost all was fish that came to the magic net of Romance and though two great subjects of ours the Matter of Britain the Arthurian Legend and the Matter of Rome classical story generally including the Tale of Troy came traditionally to rank

themselves with the Matter of France and with the great range of hagiology which it might have been dangerous to proclaim a fourth matter even if anybody had been likely to take the view that it was so these classifications are like most of their kind more specious than satisfactory
