Pumpkins Of Time A Story For A Field:

The Storytime Handbook Nina Schatzkamer Miller, 2014-01-27 Fresh fun ideas for children's storytime fill this book. The author, a long time storytime facilitator, has put together 52 weekly themes plus additional plans for holidays all with detailed instructions for talking about the theme and choosing the books, crafts, songs, poems, games, and snacks. Each storytime idea is illustrated with photographs of a suggested craft and snack for easy reference. Libraries, bookstores, preschools, and parents alike can use this book to offer themed storytimes that include discussion, literature, art, music, movement, and food. Options are provided for each storytime so the ideas can be used year after year. Story Time Sampler Paula Gaj Sitarz, 1997 Intended to help teachers and librarians with story hours for children in grades K-3 **Daily Discoveries for OCTOBER (ENHANCED eBook)** Elizabeth Cole Midgley, 2005-03-01 Make every day a special day in your classroom with the creative ideas in this book. Every day in the month of October is a special celebration of some kind: Fitness Day, Fire Prevention Day, Greek Mythology Day, Make Believe Day, Great Pumpkin Day, and many more. All 31 special celebrations include suggestions for making them a part of your regular curriculum: language arts, social studies, writing, math, science, and health, music, and drama, physical fitness, art, etc. Your students will look forward to every day of the school year when you make it a constant celebration. And they'll learn while they have fun. Included are fun patterns for writing assignments and art projects as well as lists of books that correlate with the topic for each day. **Transforming Preschool Storytime** Betsy Diamant-Cohen, Melanie A. Hetrick, 2013-06-18 According to recent research, the best way to make new connections in a child's brain is by building on something already known. A child who loves a book will listen to it repeatedly, maintaining interest. Using a selected book in a number of consecutive preschool storytimes but presenting it differently each time can help children learn new skill sets. This book presents a new approach to storytime, one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level. Diamant-Cohen recently awarded the 2013 ASCLA Leadership and Professional Achievement Award, and Hetrick offers a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning, this book includes Scripts for 8 different books with enough activities to repeat each one for six weeks, along with lists of optional alternative books. Planning aids such as outlines of storytime sessions, a fill-in-the-blanks planning sheet, questions for evaluation, and tips for enhanced storytimes using props and crafts. Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents, caregivers, and other stakeholders. From setup to execution, here's everything you need to create and implement a successful, elevated storytime. A Story of a Four-Months' Sojourn in the Diamond Fields of South Africa.
