Punished By Rewards:

Punished by Rewards Alfie Kohn, 1993 Kohn argues against the practice of offering people rewards in order to persuade them to get good grades do good work or behave in a certain manner presenting evidence that shows the practice often has a negative effect and discusses alternative methods of influencing behavior *Punished By Rewards: Twenty-Fifth Anniversary Edition* Alfie Kohn, 1999-09-30 Revised for the twenty fifth anniversary of its publication Alfie Kohn's landmark challenge to carrot and stick psychology features updated reflections and research in a major new afterword by the author Our basic strategy for raising children teaching students and managing workers can be summed up in six words Do this and you'll get that We dangle goodies from candy bars to sales commissions in front of people in the same way that we train the family pet Since its publication in 1993 this groundbreaking book has persuaded countless parents teachers and managers that attempts to manipulate people with incentives may seem to work in the short run but they ultimately fail and even do lasting harm Drawing from hundreds of studies Kohn demonstrates that we actually do inferior work when we are enticed with money grades or other incentives and are apt to lose interest in whatever we were bribed to do Promising goodies to children for good behavior meanwhile can never produce anything more than temporary obedience Even praise can become a verbal bribe that gets kids hooked on our approval Rewards and punishments are two sides of the same coin and the coin doesn't buy much What is needed Kohn explains is an alternative to both ways of controlling people Hence he offers practical strategies for parents teachers and managers to replace carrots and sticks Seasoned with humor and familiar examples **Punished by Rewards** presents an argument that is unsettling to hear but impossible to dismiss **Punished by Rewards** Alfie Kohn, 1999 [Summary of Alfie Kohn's Punished by Rewards](#) Everest Media, 2022-03-25T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The core of pop behaviorism is Do this and you'll get that The wisdom of this technique is rarely questioned We take for granted that this is the logical way to raise children teach students and manage employees 2 Rewards are used long before a theory was developed to explain and systematize their practice They were used by Frederick W Taylor to encourage maximum efficiency in production at a factory and by the first public school in New York City to manage the behavior of schoolchildren 3 Skinner believed that everything we do can be explained by the principle of reinforcement He believed that organisms are just repertoires of behaviors that can be fully explained by outside forces He said that there is no self as we usually use the term 4 The book gives the impression that someone else is telling the story someone who doesn't care much about him It is not a big stretch to reduce creativity to a series of novel behaviors selected by the environment and morality to whether society deems an action appropriate or inappropriate **Punished by Rewards** Alfie Kohn, 1993 *ParentShift* Wendy Thomas Russell, Linda Hatfield, Ty Hatfield, 2019-05-07 An encyclopedic exploration of the most effective methods for giving children the courage to realize their full potential ADELE FABER author of *How to Talk So Kids Will Listen Listen So Kids Will Talk* WINNER Nautilus Book

Award Foreword Indies Award Independent Publishers Book Award Readers Choice Award National Indie Excellence Award and Family Choice Award NEW TOOLS AND A GROUNDBREAKING FORMULA FOR SOLVING VIRTUALLY ANY PARENTING CHALLENGE WITHOUT PUNISHMENTS REWARDS OR BRIBERY ParentShift is an award winning book that marries modern research and science with the work of some of the greatest child psychologists of our time The advice which applies to children of any age is built into a flexible common sense approach Unlike any other parenting book on the market ParentShift transforms families by showing parents precisely how to solve short term challenges prevent long term problems and build strong relationships with kids all at the same time In this book readers will learn to Respond thoughtfully to outbursts and tantrums Set age appropriate limits and boundaries Prepare children to meet life s challenges Ensure kids become strong boundary setters Curtail power struggles and sibling rivalry Move beyond timeouts reward charts and other outdated tactics Build open trusting parent child bonds that keep kids turning to parents instead of peers for guidance

Unconditional Parenting Alfie Kohn,2006-03-28 A groundbreaking approach to parenting by nationally respected educator Alfie Kohn that gives parents powerful alternatives to help children become their most caring responsible selves Adele Faber New York Times bestselling author by switching the dynamic from doing things to children to working with them in order to understand their needs and how to meet them Most parenting guides begin with the question How can we get kids to do what they re told and then proceed to offer various techniques for controlling them In this truly groundbreaking book nationally respected educator Alfie Kohn begins instead by asking What do kids need and how can we meet those needs What follows from that question are ideas for working with children rather than doing things to them One basic need all children have Kohn argues is to be loved unconditionally to know that they will be accepted even if they screw up or fall short Yet conventional approaches to parenting such as punishments including time outs rewards including positive reinforcement and other forms of control teach children that they are loved only when they please us or impress us Kohn cites a body of powerful and largely unknown research detailing the damage caused by leading children to believe they must earn our approval That s precisely the message children derive from common discipline techniques even though it s not the message most parents intend to send More than just another book about discipline though Unconditional Parenting addresses the ways parents think about feel about and act with their children It invites them to question their most basic assumptions about raising kids while offering a wealth of practical strategies for shifting from doing to to working with parenting including how to replace praise with the unconditional support that children need to grow into healthy caring responsible people This is an eye opening paradigm shattering book that will reconnect readers to their own best instincts and inspire them to become better parents

Transformative Classroom Management John Shindler,2009-11-04 Transformative Classroom Management The natural condition of any classroom is harmonious satisfying and productive so why do so many teachers struggle with problems of apathy hostility anxiety inefficiency and resistance In this groundbreaking book education expert

Adopting the Song of Term: An Emotional Symphony within **Punished By Rewards**

In a world consumed by screens and the ceaseless chatter of fast interaction, the melodic beauty and emotional symphony developed by the published word often fade into the back ground, eclipsed by the persistent sound and disturbances that permeate our lives. However, set within the pages of **Punished By Rewards** a charming literary treasure filled with fresh feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, that captivating masterpiece conducts viewers on a psychological trip, well unraveling the concealed tunes and profound influence resonating within each carefully constructed phrase. Within the depths of this touching analysis, we can discover the book is central harmonies, analyze its enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
