Ieva Zake, Michael DeCesare

Punishment A Comparative Historical Perspective:

Punishment Terance D. Miethe, Hong Lu, 2005 This 2005 book examines punishment in different forms including corporal and economic punishment
Punishment Terance D. Miethe, Hong Lu, 2004-11-15 This book identifies and examines the sources of similarities and differences in types of economic punishments incapacitation devices and structures and lethal and non lethal forms of corporal punishment over time and place The authors survey punishment responses to crime and deviance across different regions of the world and in specific countries like the United States China and Saudi Arabia

Punishment Terance D. Miethe, Hong Lu, 2005 This 2005 book examines punishment in different forms including corporal and economic punishment
New Directions in Sociology Ieva Zake, Michael DeCesare, 2011-07-25 Written by the new generation of sociologists these essays chart a course for the future of the discipline both by revisiting forgotten theories and methods and by suggesting innovative theoretical and methodological approaches Comprised of seven essays on theory and five on methodology the volume also attempts to reconnect theorists and methodologists in a discussion about the future of the sociological enterprise

The Handbook of Juvenile Delinquency and Juvenile Justice Marvin D. Krohn, Jodi Lane, 2015-04-27 This handbook is an up to date examination of advances in the fields of juvenile delinquency and juvenile justice that includes interdisciplinary perspectives from leading scholars and practitioners Examines advances in the fields of juvenile delinquency and juvenile justice with interdisciplinary perspectives from leading scholars and practitioners Provides a current state of both fields while also assessing where they have been and defining where they should go in years to come Addresses developments in theory research and policy as well as cultural changes and legal shifts Contains summaries of juvenile justice trends from around the world including the US the Netherlands Brazil Russia India South Africa and China Covers central issues in the scholarly literature such as social learning theories opportunity theories criminal processing labeling and deterrence gangs and crime community based sanctions and reentry victimization and fear of crime

Islamic Criminal Law: Oxford Bibliographies Online Research Guide Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In Islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Islamic Studies a dynamic continuously

updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www aboutobo com](http://www.aboutobo.com)

China's Death Penalty Hong Lu, Terance D. Miethe, 2010-06-10 By all accounts China is the world leader in the number of legal executions Its long historical use of capital punishment and its major political and economic changes over time are social facts that make China an ideal context for a case study of the death penalty in law and practice This book examines the death penalty within the changing socio political context of China The authors treatment of China death penalty is legal historical and comparative In particular they examine the substantive and procedures laws surrounding capital punishment in different historical periods the purposes and functions of capital punishment in China in various dynasties changes in the method of imposition and relative prevalence of capital punishment over time the socio demographic profile of the executed and their crimes over the last two decades and comparative practices in other countries Their analyses of the death penalty in contemporary China focus on both its theory how it should be done in law and actual practice based on available secondary reports sources Historical Dictionary of American Criminal Justice Matthew J. Sheridan, Raymond R. Rainville, Anna King, Brian Royster, Giuseppe M. Fazari, 2019-02-15 There has never been a more important time for those involved in criminal justice policy operations and civil service to know their history The Historical Dictionary of American Criminal Justice provides a comprehensive overview of the development of criminal justice in the United States Criminal justice is a multidisciplinary endeavor emerging across time and place through the fields of philosophy law biology anthropology and sociology Developments occur quickly and regularly the meanings of which are deeply embedded not only in an historical context but in complicated social economic and political circumstances as well The field is particularly vulnerable to the exploitations of power being as closely aligned with the forces of social control as it is The Historical Dictionary of American Criminal Justice contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 200 cross referenced entries on the most relevant concepts cases people and terms This book is an excellent resource for students researchers and anyone wanting to know more about American criminal justice The Treatment of Prisoners under International Law Nigel Rodley, Matt Pollard, 2011-04-07 This is the third edition of the pioneering work that has become the standard text in the field The first edition was one of the earliest to establish that the newly developing international law of human rights could be set down as any other branch of international law It also incorporates the complementary fields of international humanitarian law and international criminal law while addressing the problems associated with their interaction with human rights law The book is more than a descriptive analysis of the field It acknowledges areas of unclarity or where developments may be embryonic Solutions are offered Recent developments have confirmed the value of solutions proposed in this edition and the previous one Central to most of the chapters is the human rights norm of most salience in the treatment of prisoners namely

the prohibition of torture and cruel inhuman or degrading treatment or punishment The early chapters focus on the period of first detention when detainees are most at risk of having information or confessions however unreliable extracted by unlawful means Voices contemplating the legitimacy of such treatment to combat terrorism have been heard in the wake of the atrocities of 11 September 2001 The book finds that the evidence clearly suggests that the absolute prohibition of such treatment remains firm Other chapters deal with problems of poor prison conditions and of certain extraordinary penalties notably corporal and capital punishment A chapter explores ethical codes for members of professions capable of inflicting or preventing the prohibited behaviour police and medical and legal professionals Chapters are also devoted to the extreme practice of enforced disappearance and the contribution of the new convention on this phenomenon as well as to extra legal executions

The Policing of Transnational Protest Abby Peterson, 2016-02-24 Having long been a neglected issue the policing of protest began to attract considerable attention in the 1990s climaxing in the events in Seattle of 1999 These protests and the changing political climate since September 11 2001 mean that a new cycle of protest is challenging the concept of law and order and civil liberties This book examines how new policing styles are developing using case studies from North America and Europe The volume brings together researchers from a number of disciplines sociology criminology political science and mass communication who focus on new forms of political protest policing and public order
