Ensign-George, 2017-12-14 Denominations are one of the primary ways in which Christians attempt to live in a community based around God Yet there is very little careful theological analysis of denomination available today *Between Congregation and Church* offers a constructive theological understanding of denomination showing its role as an intermediary structure between congregation and church It places denomination and other intermediary structures within the doctrine of the church Barry Ensign George reviews work by theologians and church historians that can contribute to a constructive theological understanding of denomination The book highlights particular developments in the history of the church that established preconditions for the emergence of denomination Exploration of unity and diversity is central to this analysis and individual chapters offer theological analyses of the unity and the diversity to which the Christians are called Finally denomination has often been a vehicle for sin and the relationship between denomination and sin is considered *Between Congregation and Church* addresses a major gap in contemporary theology the failure to offer substantive theological analysis of denomination a major way Christians together live their faith today *A Practical Theology of Family Worship* Jonathan Williams, 2021-08-31 Baxter's belief in the importance of family worship meant every family in some Kidderminster streets upheld the practice Williams examines Baxter's methods and shows how they can work in churches today **Calvin for Today** Joel R. Symposium on Puritanism and Society (JCR Vol. 06 No. 02) Gary North,Allen C. Guelzo,David H. Chilton,Richard Flinn,Rita Mancha,Edmundo S. Morgan,James B. Jordan,Gordon Geddes,Greg L. Bahnsen, This volume is devoted to a study of the Puritans the contributors survey the impact of Puritan sermons thought and law on society in general There is little doubt today that the Puritan movement in England and the New World helped to reshape the basic institutions of the Anglo Saxon world In previous issues we have surveyed the Puritan views concerning civil law economics science and other kingdom institutions Now we focus on those aspects of Puritan life that concerned the family the institutional church music death and Cromwell s Protectorate Whatever politics you adopt he says should be liberal whatever economics you adopt of course should be interventionist Not impressed by biblical law Dr Lloyd Jones falls back upon the conventional unconventionality of late twentieth century British politics all in the name of liberal innovation He ignores the fact that the dominion covenant was reestablished after the Fall with Noah The Fall has now become an excuse for not doing anything to cure its effects However he said in his 1975 essay Looking at history it seems to me that one of the greatest dangers confronting the Christian is to become a political conservative and an opponent of legitimate reform and the legitimate rights of people p 103 But if explicitly Christian reform is doomed what kind of legitimate reform does he have in mind Why Calvinist reform meaning economic interventionism since Arminianism supposedly leads to laissez faire Arminianism over stresses liberty It produced the laissez faire view of economics and it always introduces inequalities some people becoming enormously wealthy and others languishing in poverty and destitution p 106 Free enterprise creates inequality If these conclusions seem preposterous to you you will want to order the latest Journal of Christian Reconstruction which contains my article showing how free enterprise economics came to the Puritan colonies iii the final years of the 17th century You will want to read Gordon Geddes essay on the Puritan view of death Greg Bahnsen s defense of biblical law

against Merideth Kline's attack Rita Mancha's study of women in Calvinist thought Richard Flinn's essay on the Puritan concept of the family James Jordan's essay on Puritanism and music and David Chilton's defense of Oliver Cromwell Puritanism and Society will provide you with information which will enable you to decide whether Dr Lloyd Jones' assessment is correct whether his view on 17th century Puritanism's outlook is truly heretical These three issues of The Journal have created considerable controversy The idea that Puritanism was essentially a package deal a comprehensive world and life outlook that affected all spheres of social life has alienated numerous self-proclaimed neo-Puritans This series has also driven another group to abandon the Puritan tradition and to adopt a kind of neo-anabaptism to replace the older theonomic Puritan tradition The reprinting neo-Puritans have faced a dual challenge either adopt the theonomic tradition which was fundamental to the Puritan movement or else abandon Puritanism's tradition in favor of new anabaptism Predictably they wish to do neither Yet to remain betwixt and between is to remain caught in a crossfire The interesting product of this immobility has been a narrowing of focus endless articles on the beneficial emotionalism of Puritanism and a stream of biographical articles primarily dealing with the less well-known later preachers who have defended predestination but who had little or no lasting influence on Western culture and who were not explicitly Puritan in their outlook

Calvino para hoje Joel R. Beeke, 2022-03-21 Esta antologia de ensaios que exploram a relevância de João Calvino para nossos tempos exatamente o que esperamos do Puritan Reformed Theological Seminary e de seu corpo docente uma forte combinação de erudição e corações prontos e sinceramente oferecidos a Deus Esses ensaios compõem uma das melhores ofertas literárias sobre o assunto Os leitores recebem uma apresentação especializada de Calvino como exegeta reformador pregador teólogo líder missionário e de sua influência duradoura Agradável de ler contém pesquisas primorosas e retrata o lado prático de Calvino Tenho o prazer de recomendá-lo com entusiasmo David Hall
