Purloined Clinic Selected Writings:

The Purloined Clinic Janet Malcolm, 2013-01-23 The Purloined Clinic is a retrospective of essays reviews and reports that reflect the range and depth of Janet Malcolm's engagement with psychology criticism art and literature She examines aspects of that absurdist collaboration the psychoanalytic dialogue from which come small stray self recognitions that no other human relationship yields brought forward under conditions that no other human relationship could survive She addresses such subjects as Tom Wolfe's vendetta against modern architecture Milan Kundera's literary experiments and Vaclav Havel's prison letters She explores the somewhat deflated world of post revolutionary Prague guides us through the labyrinthine New York art world of the eighties and takes us behind the one way mirror of Salvador Minuchin's school of family therapy And to each subject she brings the incisive skepticism and dazzling epigrammatic style that are her hallmarks Why don't more people write like Malcolm She is cast from the mold of the Eastern European intellectual beholden to modernism as familiar with Kundera's exile as she is with Freud's Vienna This sensibility must grant her the detachment she sometimes so mercilessly employs but it also gives her an unassailable passion for getting to the center of things Boston Globe

The Knotted Subject Elisabeth Bronfen, 2014-07-14 Surrealist writer Andr Breton praised hysteria for being the greatest poetic discovery of the nineteenth century but many physicians have since viewed it as the wastebasket of medicine a psychosomatic state that defies attempts at definition and cure and that can be easily mistaken for other pathological conditions In light of a resurgence of critical interest in hysteria leading feminist scholar Elisabeth Bronfen reinvestigates medical writings and cultural performance to reveal the continued relevance of a disorder widely thought to be a romantic formulation of the past Through a critical rereading she develops a new concept of hysteria one that challenges traditional gender based theories linking it to dissatisfied feminine sexual desire Bronfen turns instead to hysteria's traumatic causes particularly the fear of violation and shows how the conversion of psychic anguish into somatic symptoms can be interpreted today as the enactment of personal and cultural discontent Tracing the development of cultural formations of hysteria from the 1800s to the present this book explores the writings of Freud Charcot and Janet together with fictional texts Radcliffe Stoker Anne Sexton opera Mozart Wagner cinema Cronenberg Hitchcock Woody Allen and visual art Marie Ange Guilleminot Cindy Sherman Each of these creative works attests to a particular relationship between hysteria and self fashioning and enables us to read hysteria quite literally as a language of discontent The message broadcasted by the hysteric is one of vulnerability vulnerability of the symbolic of identity and of the human body itself Throughout this work Bronfen not only offers fresh approaches to understanding hysteria in our culture but also introduces a new metaphor to serve as a theoretical tool Whereas the phallus has long dominated psychoanalytical discourse the image of the navel a knotted originary wound

common to both genders facilitates discussion of topics relevant to hysteria such as trauma mortality and infinity Bronfen s insights make for a lively innovative work sure to interest readers across the fields of art and literature feminism and psychology Originally published in 1998 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
