Dutch Calvinism in Modern America James D.

Bratt, 2002-12-30 In this scholarly yet entertaining book James D Bratt takes a look at the Dutch in America from the late 19th century to the present A comprehensive study of an ethnic subculture the book is in large part a study of the group's religious history as well since as Bratt points out the contours of the Dutch presence in America have been overwhelmingly shaped by the church and its subsidiary organizations Although the book is extensively and scrupulously documented Bratt has infused his scholarship with a considerable amount of anecdote that is by turns poignant and tragic and hilarious In Bratt's analysis of the fitful progress of Americanization that this close knit religious community has undergone we are treated to the sharp insights of a bemused and sometimes disaffected insider Included is a chapter on novelists Arnold Mulder David Cornel DeJong Frederick Manfred and Peter DeVries four sons of the Dutch who fled the subculture only to reflect upon it almost obsessively from the outside Well written scholarly and highly readable Dutch Calvinism In Modern America will have wide appeal among both academic and general readers

The Arts, Community and Cultural Democracy NA

NA, 2016-04-30 This interdisciplinary and international collection explores the role of the arts in shaping contemporary religion and politics The authors ask about the future of viable communities and democratic cultures in a postmodern world looking for clues in artistic practices and institutions and their impact on how people create history and interpret texts The collection shows that the arts are central to struggles over the shape of society in the new millennium

The Truth About Who We Are Douglas J. Brouwer, 2018-11-08 As his forty year career in ministry comes to an end Douglas Brouwer finds himself wondering about one of the oldest questions there is who am I To find his true identity Brouwer undertakes extensive genealogical research probes the meaning of his family name explores his ethnic heritage asks what genealogies are for biblical genealogies and his own reflects on the meaning of his DNA testing and tells sometimes unflattering family stories In the end he arrives at one of the most basic answers it's possible to give about our identity as human beings created in the image and likeness of God The Truth About Who We Are is written as a letter from Brouwer to his grandchildren but the story is a universal one The answer he discovers at the end applies to all

Not Sure John D. Suk, 2011-09-02 In 2002 while touring North America with his wife in an RV John Suk lifelong Christian longtime pastor and noted leader in the Christian Reformed Church experienced a crippling crisis of faith He emerged from that dark time with a strange new gift doubt In Not Sure Suk takes readers on an eyes wide open deeply personal voyage through the past and present of Christian belief reexamining Christian faith in his own life and in fifteen centuries of Christian history through a skeptic's eyes He exposes major pitfalls of modern Christian movements and questions what he considers to be faulty paradigms the personal relationship with Jesus the health and wealth gospel and traditional ethnicity based belief systems In the end he is left clinging to what is for him a truer wiser kind of faith in Jesus Christ faith that struggles and lives with doubt

Glory to

God: A Companion Carl P. Jr. Daw, 2016-05-25 This informative resource provides a brief history of each hymn in the popular hymnal *Glory to God* Written by one of the foremost hymn scholars today the Companion explains when and why each hymn was written and provides biographical information about the hymn writers Church leaders will benefit from this book when choosing hymn texts for every worship occasion Several indexes will be included making this a valuable reference tool for pastors worship planners scholars and students as well as an interesting and engaging resource for music lovers *Shaping a Digital World* Derek C. Schuurman, 2013-05-02 Building on the work of Jacques Ellul Marshall McLuhan and Neil Postman as well as a wide range of Reformed thinkers Derek Schuurman provides a brief theology of technology rooted in the Reformed tradition and oriented around the grand themes of creation fall redemption and new creation *Faithful Imagination in the Academy* Janel M. Curry, Ronald A. Wells, 2008-08-22 In the past thirty years there has been a sea change in North American intellectual life regarding the role of religious commitments in academic endeavors Driven partly by post modernism and the fragmentation of knowledge and partly by the democratization of the academy in which different voices are celebrated the appropriate role that religion should play is contested Some academics insist that religion cannot and must not have a place at the academic table others insist that religious values should drive the argument *Faithful Imagination in the Academy* takes an approach based on dialogue with various viewpoints claiming neither too much nor too little All the authors are seasoned academics with many significant publications to their credit While they all know how the academy operates and how to make worthwhile contributions in their respective disciplines they are also Christians whose religious commitments are reflected in their intellectual work **Earthkeeping in the Nineties** Loren Wilkinson, 2003-10-14 Ever since its original publication over a decade ago *Earthkeeping* has presented a thought provoking biblically based call for responsible stewardship In view of the continuing environmental crisis worldwide and in light of increased ecological awareness in recent years the book's message regarding earthkeeping is now more pertinent than ever This greatly revised and augmented edition of *Earthkeeping* updates the original edition while retaining the same breadth of perspective reflecting the combined insights of Christian scholars in biology physics economics literature and philosophy The book begins by laying out with scientific precision the state of the planet Several chapters then carefully examine various historical and contemporary views of creation Next the authors survey biblical and theological teaching relative to humanity's use of creation The book concludes by offering helpful practical guidelines for an earthkeeping ethic Besides providing an updated state of the planet analysis this revised edition of *Earthkeeping* deals with recent cultural and religious developments incorporating new material for example on the Deep Ecology and new age movements the Gaia hypothesis and ecofeminism This edition also takes into account the recent wealth of Christian thinking about the earth including the recovery of important but neglected voices from the Christian tradition such as Hildegard of Bingen and Celtic spirituality At the end of the book an expanded and updated annotated bibliography organized according to subject area and new indexes of

names and subjects and of Scripture references enhance the value of Earthkeeping as a significant resource fostering better human stewardship of God's creation **Earthkeeping in the Nineties** Peter De Vos, 1991 Ever since its original publication over a decade ago Earthkeeping has presented a thought provoking biblically based call for responsible stewardship In view of the continuing environmental crisis worldwide and in light of increased ecological awareness in recent years the book's message regarding earthkeeping is now more pertinent than ever
