Wishart, 2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide ranging planned intended encyclopedia of this important region Their objective was to give definition to a region that has traditionally been poorly defined and they have      Canadian Book Review Annual , 1993      **Canadiana** , 1982      **Encyclopedia of Nineteenth-Century Photography** John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide      **Technology Newsletter** , 2003      *Reel Time* Robert Morris Seiler, Tamara Palmer Seiler, 2013 In this authoritative work Seiler and Seiler argue that the establishment and development of moviegoing and movie exhibition in Prairie Canada is best understood in the context of changing late nineteenth century and early twentieth century social economic and technological developments From the first entrepreneurs who attempted to lure customers into movie exhibition halls to the digital revolution and its impact on moviegoing Reel Time highlights the pivotal role of amusement venues in shaping the leisure activities of working

and middle class people across North America As marketing efforts the lavish interiors of the movie palace and the romantic view of the local movie theatre concealed a competitive environment in which producers exhibitors and distributors tried to monopolize the industry and drive their rivals out of business The pitched battles and power struggles between national movie theatre chains took place at the same time that movie exhibitors launched campaigns to reassure moviegoers that theatres were no longer the unclean and immoral places of amusement of yesteryear Under the leadership of impresarios the movie theatre rose up from these attacks to become an important social and cultural centre one deemed suitable for women and children An innovative examination of moviegoing as a social practice and movie exhibition as a commercial enterprise Reel Time depicts how the industry shaped the development of the Canadian Prairie West and propelled the region into the modern era
