Sentencing Matters:

Sentencing Matters Michael Tonry, 1996-01-18 Tonry has written the most inclusive and up to date study of American sentencing practices now available To my knowledge no other work approaches Sentencing Matters field of vision particularly in its sustained attention to developments in the states No other scholar has taken on the painstaking and unglamorous work of learning what so many jurisdictions are doing and then keeping up with their progress over time The tedious nature of this effort should not be undersold Without Michael Tonry virtually no literature on state sentencing would exist His intellectual center of gravity is different from the image sometimes offered of legal scholars that they speak only to each other and are disdainful of practitioners Tonry runs contrary to stereotype the influence of his work over the years has not been due to the intricacy of his theories or the fluency of his writing style Instead his achievements have come from knowing what he is talking about *Sentencing Matters* is a compendium of the best work of the leading scholar on American sentencing innovations *Journal of Criminal Law and Criminology* *Sentencing Matters* Michael H. Tonry, 1997

Sentencing Guidelines and Commissions Julian V. Roberts, Arie Freiberg, Rhys Hester, 2025 In *Sentencing Guidelines and Commissions* Julian V Roberts Arie Freiberg and Rhys Hester synthesize existing literature on commissions and guidelines identify key issues and problems and clarify the future of commissions and guidelines since the creation of the first commissions in 1980 Drawing upon almost fifty years of additional developments and accumulated research on guidelines commissions and councils the authors explore the benefits of sentencing councils and commissions and sentencing guidelines Further the authors look back to the cumulative experience since the first guidelines were created and propose model regimes for legislatures to consider based on the American English and Australian approaches *Life Without Parole* Charles J. Ogletree, Austin Sarat, 2012-06-04 Is life without parole the perfect compromise to the death penalty Or is it as ethically fraught as capital punishment This comprehensive interdisciplinary anthology treats life without parole as the new death penalty Editors Charles J Ogletree Jr and Austin Sarat bring together original work by prominent scholars in an effort to better understand the growth of life without parole and its social cultural political and legal meanings What justifies the turn to life imprisonment How should we understand the fact that this penalty is used disproportionately against racial minorities What are the most promising avenues for limiting reforming or eliminating life without parole sentences in the United States Contributors explore the structure of life without parole sentences and the impact they have on prisoners where the penalty fits in modern theories of punishment and prospects for as well as challenges to reform *Sentencing Fragments* Michael Tonry, 2015-12-02 In lucid and engaging prose Michael Tonry reveals the historical foundation for the current state of the American criminal justice system while simultaneously offering a game plan for long overdue reform

Key Legislative Issues in Criminal Justice Dale G. Parent, 1996 *Australian Animal Law* Elizabeth Ellis, 2022-07-01 *Australian Animal Law Context and Critique* provides comprehensive information about the legal and regulatory framework

governing the interaction between humans and animals By relating specific content areas to the discipline's broader characteristics and themes researcher Elizabeth Ellis exposes the systemic nature of current problems and the consequent need for significant change This book also illustrates the role of official animal protection narratives in legitimising the existing system despite the many factual flaws they contain Ellis covers the major areas of animal law in detail incorporating accessible contextual material and allowing readers to consolidate their understanding and build upon their knowledge Key areas include the concept of unnecessary animal suffering the effective exemption of most animals from the operation of cruelty laws regulatory conflicts of interest the hidden nature of animal use and the lack of transparency in animal law Australian Animal Law is an essential resource inviting reflection on the way the law helps to construct the relationship between human and non human animals including through its silences and omissions

How Do Judges Decide? Cassia Spohn, 2002-01-28 The appropriate amount of punishment for a given crime is an issue that has been debated by scholars philosophers and legal professionals since the beginning of civilizations This book seeks to address this issue in all of its complexity by providing a comprehensive overview of the sentencing process in the United States The book begins by discussing the overall concept of punishment and then proceeds to dissect individual aspects of punishment Topics include the sentencing process responsibility of the judge disparity and discrimination in sentencing and sentencing reform This book is an ideal text for introductory courses on the judicial system criminal law law and society It can be an essential resource to help students understand patterns in the wide discretion and latitude given to judges when determining punishments within the framework of the United States judicial system

Transforming Criminal Justice Jon B. Gould,Pamela R. Metzger,2022-12-06 America s criminal justice system requires reform but those efforts too often rest on anecdotes or assumptions Drawing on the contributions of America s top justice researchers this compendium provides an evidence based blueprint to guide the movement toward criminal justice reform

Punishment and Process in International Criminal Trials Ralph Henham,2017-03-02 International sentencing has become significant given the numerous events on the world stage which have focused attention on the justifications and adequacy of punishment for heinous crimes such as genocide and crimes against humanity In addition to providing a detailed evaluation of the philosophical and theoretical difficulties raised by this rapidly developing area of international criminal justice this book provides an integrated socio legal analysis of the law and process of international sentencing It considers the rationale and development of international sentencing structures and processes the nature and scope of legal and procedural constraints on decision making as well as access to justice and rights issues The book discusses sentencing within the context of international criminal law and examines internationalized trial processes and alternative mechanisms for resolution In seeking to comprehend the punishment of international crimes through the comparative contextual analysis of trial processes it challenges our present understanding of how and why particular sentencing outcomes are produced and the perceived legitimacy of international trial justice

Critical Issues In Crime and Justice Albert R. Roberts,2003-01-02 Critical Issues in Crime and Justice Second Edition provides a comprehensive examination of current developments and controversies confronting the American criminal justice system An overview of contemporary criminal justice trends provides the context for interpreting the critical issues raised throughout this engaging volume Editor Albert R Roberts and a prominent group of scholars and criminal justice professionals examine both the successes and failures of modern law enforcement juvenile justice the courts and correctional systems Developed for courses on Critical Issues in Criminal Justice Special Issues in Criminal Justice and Contemporary Topics in Criminal Justice Critical Issues in Crime and Justice Second Edition is also an excellent supplementary text for introductory Criminal Justice and related courses

Penal Populism and Public Opinion Julian V. Roberts,Loretta J. Stalans,David Indermaur,Mike Hough,2002-12-05 Although criminal justice systems vary greatly around the world one theme has emerged in all western jurisdictions in recent years a rise in both the rhetoric and practice of severe punishment at a time when public opinion has played a pivotal role in sentencing policy and reforms Despite the differences among jurisdictions startling commonalities exist among the five countries the U K USA Canada Australia and New Zealand surveyed here Drawing on the results of representative opinion surveys and other research tools the authors map public attitudes towards crime and punishment across countries and explore the congruence between public views and actual policies Co authored by four distinguished

sentencing policy experts Penal Populism and Public Opinion is a clarion call for limiting the influence of penal populism and instituting more informed research based sentencing policies across the western world Social Issues in America James Ciment,2015-03-04 More than 150 key social issues confronting the United States today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity and organized crime to sweatshops and xenophobia Corporate Criminal Liability and Prevention Richard S. Gruner,2004 The book instructs corporate counsel on how to adopt forward looking compliance policies that can prevent criminal liability and how to mitigate the severity of penalties when they are unavoidable *The First Civil Right* Naomi Murakawa,2014 The explosive rise in the U S incarceration rate in the second half of the twentieth century and the racial transformation of the prison population from mostly white at mid century to sixty five percent black and Latino in the present day is a trend that cannot easily be ignored Many believe that this shift began with the tough on crime policies advocated by Republicans and southern Democrats beginning in the late 1960s which sought longer prison sentences more frequent use of the death penalty and the explicit or implicit targeting of politically marginalized people In *The First Civil Right* Naomi Murakawa inverts the conventional wisdom by arguing that the expansion of the federal carceral state a system that disproportionately imprisons blacks and Latinos was in fact rooted in the civil rights liberalism of the 1940s and early 1960s not in the period after Murakawa traces the development of the modern American prison system through several presidencies both Republican and Democrat Responding to calls to end the lawlessness and violence against blacks at the state and local levels the Truman administration expanded the scope of what was previously a weak federal system Later administrations from Johnson to Clinton expanded the federal presence even more Ironically these steps laid the groundwork for the creation of the vast penal archipelago that now exists in the United States What began as a liberal initiative to curb the mob violence and police brutality that had deprived racial minorities of their first civil right physical safety eventually evolved into the federal correctional system that now deprives them in unjustly large numbers of another important right freedom *The First Civil Right* is a groundbreaking analysis of root of the conflicts that lie at the intersection of race and the legal system in America

International Criminal Procedure Göran Sluiter,Sergey Vasiliev,2013-03-21 The ambitious aim of the work is to create a guiding framework for international criminal procedural law and practices in the future As explained by the working groups the overarching objective of the project is to assist the challenge of delivering fair but also effective trials FOREWORD
