Sergeants Garland And Other Stories:

The Sergeant's Garland and Other Stories, 1998 This selection includes works by well known contemporary writers such as Chart Korbjitti Atsiri Thammachot Sila Khomchai and Sidaoru ang as well as some well known stories from the 1960s and 1970s Each of the writers uses the short story form to comment on some aspect of Thai society at times humorously at times ironically and at times angrily *Virtual Lotus* Teri Shaffer Yamada, 2002 This winning collection of short stories poignantly illustrates contemporary life in Southeast Asia **Isan Writers, Thai Literature** Martin B. Platt, 2013-08-20 Regional characteristics and regional language feature prominently in discussions of Thai identity but there is little mention of regional literatures In northeastern Thailand's Isan region authors write primarily in Thai but it is possible nonetheless to identify an Isan literature which played a significant and at times pivotal role in the development of Thai literature in the second half of the twentieth century as authors grappled with how their origins and experiences related to the Thai centre Martin Platt's account of Isan literature is an important first step toward a broader study of regional literatures in Thailand and shapes a model that has relevance for examining literary works in other Asian countries Brief History of Thailand Richard A. Ruth, 2022-02-15 Thailand is known for its picturesque beaches and famous temples but there's much more to this popular holiday destination than many realize A Brief History of Thailand offers an engaging look at the country's last 250 years from coups and violent massacres to the invention of Pad Thai in the 1930's Readers will learn the vibrant story of Thailand's emergence as a prosperous Buddhist state its transformation from traditional kingdom to democratic constitutional monarchy and its subsequent rise to prominence in Southeast Asian affairs Thailand's dramatic history spans centuries of conflict and this book recounts many of these fascinating episodes including The true story of Anna Leonowens the British governess hired to teach the children of King Mongkut fictionalized in Margaret Landon's bestselling novel Anna and the King of Siam and turned into a hit Rodgers and Hammerstein musical and film The King and I The bloodless Siamese Revolution of 1932 that established overnight the first constitutional monarchy in Asia ending almost eight centuries of absolute rule and creating a democratic system of parliamentary government The Japanese invasion of Thailand and construction of the Bridge Over the River Kwai made famous by the novel and Oscar winning film The mysterious death of King Ananda Mahidol murdered in his bed in 1946 and a source of controversy ever since The development of Thailand as an international playground during the Vietnam War when American military used it as rowdy destination for servicemen on furlough The 70 year reign of King Bhumibol Adulyadej the world's longest serving monarch who was born in the U S educated in Switzerland loved to play the saxophone and was idolized by his people With this book historian and professor Richard A Ruth has skillfully crafted an accessible cultural and political history of an understudied nation Covering events through the King's death in 2016 A Brief History of Thailand will be of interest to students travelers and anyone hoping to learn more about this part of the world **Thailand** David Smyth, 1998 Since c1970 Thailand's position in the world has

changed from potential communist domino to one of the world's most dynamic economies. The confrontational politics of the 1970s with the student-led revolution of 1973 and the bloody right-wing backlash in 1976 were replaced by a new consensus in the following decade. A concerted export drive sparked off a tremendous economic boom during the 1980s and early 1990s. Tourism also expanded rapidly and is now the single largest foreign exchange earner. Economic success has however been at a cost. Each year Bangkok has become more chaotic in the face of increased traffic and an unprecedented building boom and nationally there has been a widening gap between the haves and the have-nots. Moreover, Thailand is experiencing a potential AIDS time bomb and serious environmental degradation. Despite such pressures and the sudden economic crisis of mid 1997, Thailand has enjoyed an enviable record of stability in recent years. *Fortunes and misfortunes, and other stories* rev.

They unlock a hidden world of vicious spirits but will they uncover the secret behind the Lost Children before it's too late. **European Newsletter of Southeast Asian Studies**, 1998
