Menschen Im Hotel. Grand Hotel. (Translated by Basil Creighton.) Vicki BAUM, 1934 **Menschen im Hotel** Vicki Baum, 1959 Berlin Coquette Jill Suzanne Smith, 2014-05-15 During the late nineteenth century the city of Berlin developed such a reputation for lawlessness and sexual licentiousness that it came to be known as the Whore of Babylon Out of this reputation for debauchery grew an unusually rich discourse around prostitution In Berlin Coquette Jill Suzanne Smith shows how this discourse transcended the usual clichés about prostitutes and actually explored complex visions of alternative moralities or sexual countercultures including the New Morality articulated by feminist radicals lesbian love and the New Woman Combining extensive archival research with close readings of a broad spectrum of texts and images from the late Wilhelmine and Weimar periods Smith recovers a surprising array of productive discussions about extramarital sexuality women s financial autonomy and respectability She highlights in particular the figure of the cocotte Kokotte a specific type of prostitute who capitalized on the illusion of respectable or upstanding womanhood and therefore confounded easy categorization By exploring the semantic connections between the figure of the cocotte and the act of flirtation of being coquette Smith s work presents flirtation as a type of social interaction through which both prostitutes and non prostitutes in Imperial and Weimar Berlin could express extramarital sexual desire and agency *The Hotel as Setting in Early Twentieth-century German and Austrian Literature* Bettina Matthias, 2006 The employment of the hotel as a setting for literary works of the period and the cultural reasons behind it As the bourgeois concept of home became problematic after important changes in German speaking society during the 19th century many fiction writers chose the literary setting of the

hotel to explore the status of the individual and the notions of public and private. As social microcosms, hotels are fitting experimental settings for literary inquiries into the tension between the individual's quest for a place in the world and the technocratic rationalism of modern life. The book has two parts: the first establishing the cultural and theoretical context and the second providing analyses of literary works set in hotels. A brief history of commercial hospitality and a chapter establishing the theoretical framework of the hotel as a paradigmatic ambivalent semi-public and stage-like modern space lead to readings of texts by Schnitzler, Zweig, Werfel, Kafka, Thomas Mann, Joseph Roth, and Vicki Baum. Bettina Matthias is Associate Professor of German at Middlebury College.

The History of German Literature on Film Christiane Schönfeld, 2023-06-15 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE This book tells the story of German language literature on film beginning with pioneering motion picture adaptations of Faust in 1897 and early debates focused on high art as mass culture It explores analyzes and contextualizes the so called golden age of silent cinema in the 1920s the impact of sound on adaptation practices the abuse of literary heritage by Nazi filmmakers and traces the role of German language literature in exile and postwar films across ideological boundaries in divided Germany in New German Cinema and in remakes and movies for cinema as well as television and streaming services in the 21st century Having provided the narrative core to thousands of films since the late 19th century many of German cinema's most influential masterpieces were inspired by canonical texts popular plays and even children's literature Not being restricted to German adaptations however this book also traces the role of literature originally written in German in international film productions which sheds light on the interrelation between cinema and key historical events It outlines how processes of adaptation are shaped by global catastrophes and the emergence of nations by materialist conditions liberal economies and capitalist imperatives political agendas the mobility of individuals and sometimes by the desire to create reflective surfaces and perhaps even art Commercial cinema's adaptation practices have foregrounded economic interest but numerous filmmakers throughout cinema history have turned to German language literature not simply to entertain but as a creative contribution to the public sphere marking adaptation practice at least potentially as a form of active citizenship

Literary Representations of Precarious Work, 1840 to the Present Michiel Rys, Bart Philipsen, 2022-01-03 Literary Representations of Precarious Work 1840 to the Present sheds new light on literary representations of precarious labor from 1840 until the present With contributions by experts in American British French German and Swedish culture this book examines how literature has shaped the understanding of socio economic precarity a concept that is mostly used to describe living and working conditions in our contemporary neoliberal and platform economy This volume shows that authors tried to develop new poetic tools and literary techniques to translate the experience of social regression and insecurity to readers While some authors critically engage with normative models of work by zooming in on the physical and affective backlash of being a precarious worker others even find inspiration in their own situations as writers trying to survive Furthermore this volume shows that precarity is not an exclusively contemporary phenomenon and that literature has always been a central medium to critically register forms of social insecurity By retrieving parts of that archive this volume paves the way to a historically nuanced view on contemporary regimes of precarious work
