Regionalism and the Reading Class Wendy Griswold,2008-09-15 Globalization and the Internet are smothering cultural regionalism that sense of place that flourished in simpler times These two villains are also prime suspects in the death of reading Or so alarming reports about our homogenous and dumbed down culture would have it but as Regionalism and the Reading Class shows neither of these

claims stands up under scrutiny quite the contrary Wendy Griswold draws on cases from Italy Norway and the United States to show that fans of books form their own reading class with a distinctive demographic profile separate from the general public This reading class is modest in size but intense in its literary practices Paradoxically these educated and mobile elites work hard to put down local roots by among other strategies exploring regional writing Ultimately due to the technological economic and political advantages they wield cosmopolitan readers are able to celebrate perpetuate and reinvigorate local culture Griswold s study will appeal to students of cultural sociology and the history of the book and her findings will be welcome news to anyone worried about the future of reading or the eclipse of place

Charles Johnson's Spiritual Imagination Jonathan Little,1997

In this first book length study of Charles Johnson's work Jonathan Little offers an engaging account of the artistic growth of one of the most important contemporary African American writers. From his beginnings as a political cartoonist through his receipt of the National Book Award for *Middle Passage*, Johnson's imagination has become increasingly spiritual. Little draws upon a wide array of sources including short stories, interviews, reviews, articles, and cartoons as he traces the brilliant achievement of this provocative artist who is very much at the height of his career. *Charles Johnson's Spiritual Imagination* begins with an analysis of Johnson's political cartoons from the late sixties and early seventies when he was immersed in the Black Power Movement. Little shows that in these early cartoons one can already see Johnson's comic genius and his quest for unconstrained artistic freedom even when dealing with the highly charged issues of racial politics. By examining how Johnson incorporates the influences of phenomenology, Zen Buddhism, Taoism, Hinduism, and Romanticism into a strikingly original perspective on individual and social identity, Little chronicles Johnson's development. The book illuminates the progression of Johnson's aesthetics as he deals with the at times disturbing contrast between the hope offered by art and spirituality and the harsh realities of African American existence. As he situates Johnson within the tradition of African American literature, Little pairs each of his novels with a major precursor including novels by Richard Wright and Ralph Ellison and such far ranging sources as Hermann Hesse's *Siddhartha* and the *Ten Oxherding Pictures*. These comparisons help to show Johnson's innovations within the African American literary tradition and include discussions of naturalism, realism, and modernism. This book will appeal to anyone interested in African American literature, spirituality, aesthetics, and the culture wars.

Twice-Told Children's Tales Betty Greenway, 2013-09-13 It is only in childhood that books have any deep influence on our lives. Graham Greene: "The luminous books of our childhood will remain the luminous books of our lives." Joyce Carol Oates: "Writers as they often attest are deeply influenced by their childhood reading." Salman Rushdie, for example, has said that *The Wizard of Oz* made a writer of me. *Twice Told Tales* is a collection of essays on the way the works of adult writers have been influenced by their childhood reading. This fascinating volume includes theoretical essays on Salman Rushdie and the *Oz* books, *Beauty and the Beast* retold as *Jane Eyre*, the childhood reading of Jorge Luis Borges, and the remnants of nursery rhymes in Sylvia Plath's poetry. It is supplemented with a number of brief commentaries on children's books by major creative writers including Maxine Hong Kingston and Maxine Kumin.
